4 "NEW SECTION. **Sec. 915.** It is the intent of the legislature
5 to reduce administrative staffing levels in state agencies and
6 institutions by at least fifteen percent. The legislature intends
7 that administrative staff be considered middle and upper-level
8 management positions. The legislature further intends to avoid,
9 wherever possible, reductions to direct service positions that
10 affect the quality of services to the public. The office of
11 financial management shall monitor implementation of funding and
12 staff reductions and shall report to the legislature by January 15,
13 1994, describing the manner in which state agencies and
14 institutions achieved the funding and staff reductions required by
15 this act."

16 Renumber the remaining sections consecutively and correct
17 internal references accordingly.

EFFECT: The legislature's intent is to reduce administration
staffing by 15%, not direct service positions that affect
public services. OFM must monitor reductions and report to
the legislature by January 15, 1994 on how reductions are
being implemented.
