PART I. FINDINGS, GOALS, AND INTENT

2 NEW SECTION. **Sec. 101.** FINDINGS. The legislature finds that our
3 health and financial security are jeopardized by our ever increasing
4 demand for medical care and by current medical insurance and medical
5 system practices. Medical system practices help to encourage public
6 demand for unneeded, ineffective, and sometimes dangerous medical
7 treatments. They often result in unaffordable cost increases that far
8 exceed ordinary inflation for essential care. Current total medical
9 and health care expenditure rates should be sufficient to provide
10 access to essential health and medical care interventions to all within
11 a reformed, efficient system.

12 Although many have more medical treatment and insurance than they
13 need, the legislature finds that too many of our state's residents are
14 without any medical insurance, that each year many individuals and
15 families are forced into poverty because of serious illness, and that
16 many must leave gainful employment to be eligible for publicly funded
17 medical services. Additionally, thousands of citizens are at risk of
18 losing adequate medical insurance, have had insurance canceled
19 recently, or cannot afford to renew existing coverage.

20 The legislature finds that businesses can no longer afford to pay
21 for medical insurance and remain competitive in a global economy, and
22 that individuals, the poor, and small businesses bear an inequitable
23 medical insurance burden.

24 The legislature finds that uncontrolled demand and expenditures for
25 medical care are eroding the ability of families, businesses,
26 communities, and governments to invest in other enterprises that
27 promote health, maintain independence, and ensure continued economic
28 welfare. Housing, nutrition, education, and the environment are all
29 diminished as we invest ever increasing shares of wealth in medical
30 treatments.

31 The legislature finds that while immediate steps must be taken to
32 alleviate the medical and health care cost and access crisis, a long-
33 term plan of reform is also needed.

34 NEW SECTION. **Sec. 102.** LEGISLATIVE INTENT AND GOALS. (1) The
35 legislature intends that state government policy stabilize medical and

1 health care costs, assure access to essential services for all
2 residents, improve the public's health, and ensure that unwarranted
3 medical care cost increases do not undermine the viability of
4 nonmedical care businesses.

5 (2) The legislature intends that:

6 (a) Total medical care costs be stabilized and kept within rates of
7 increase similar to the rates of general economic inflation within a
8 publicly regulated, private marketplace that preserves personal choice
9 of licensed health care provider;

10 (b) State residents be enrolled in the certified health plan of
11 their choice that meets state standards regarding affordability,
12 accessibility, cost-effectiveness, and comprehensiveness;

13 (c) Individuals and businesses have the option to purchase any
14 health or medical services they may choose in addition to those
15 contained in any benefits package determined by the state to be
16 essential, so long as such supplemental services are purchased from
17 certified health plans or purchased directly from health care
18 providers;

19 (d) All state residents, businesses, employees, and government
20 participate in payment for health services, with total costs to
21 individuals on a sliding scale based on income to encourage efficient
22 and appropriate utilization of services and to protect individuals from
23 impoverishment because of health care costs; and

24 (e) These goals be accomplished within a reformed system using all
25 licensed private service providers and facilities in a way that allows
26 consumers to choose among competing plans and providers operating
27 within budget limits and other regulations that promote the public
28 good.

29 (3) Accordingly, the legislature intends that chapter . . . , Laws
30 of 1993 (this act) provide both early implementation measures and a
31 long-term plan and process for reform.

32 **PART II. EARLY IMPLEMENTATION MEASURES**

33 NEW SECTION. **Sec. 201.** INTENT. The legislature intends that the
34 provisions within sections 202 through 272 of this act be implemented
35 as soon as possible to promote the proliferation of managed health
36 care, to foster the collection of needed health care data, to expand
37 access to basic health insurance using established programs, and to

1 make other immediate improvements in the health care system that are
2 consistent with the goals of long-term care reform.

3 **A. BASIC HEALTH PLAN EXPANSION**

4 **Sec. 202.** RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each
5 amended to read as follows:

6 (1) The legislature finds that:

7 (a) A significant percentage of the population of this state does
8 not have reasonably available insurance or other coverage of the costs
9 of necessary basic health care services;

10 (b) This lack of basic health care coverage is detrimental to the
11 health of the individuals lacking coverage and to the public welfare,
12 and results in substantial expenditures for emergency and remedial
13 health care, often at the expense of health care providers, health care
14 facilities, and all purchasers of health care, including the state; and

15 (c) The use of managed health care systems has significant
16 potential to reduce the growth of health care costs incurred by the
17 people of this state generally, and by low-income pregnant women who
18 are an especially vulnerable population, along with their children, and
19 who need greater access to managed health care.

20 (2) The purpose of this chapter is to provide necessary basic
21 health care services in an appropriate setting to working persons and
22 others who lack coverage, at a cost to these persons that does not
23 create barriers to the utilization of necessary health care services.
24 To that end, this chapter establishes a program to be made available to
25 those residents under sixty-five years of age not otherwise eligible
26 for medicare or medicaid with gross family income at or below ~~((two))~~
27 three hundred percent of the federal poverty guidelines who share in
28 the cost of receiving basic health care services from a managed health
29 care system.

30 (3) It is not the intent of this chapter to provide health care
31 services for those persons who are presently covered to their
32 satisfaction through private employer-based health plans, nor to
33 replace satisfactory employer-based health plans. Further, it is the
34 intent of the legislature to expand, wherever possible, the
35 availability of private health care coverage and to discourage the
36 decline of employer-based coverage by offering a cost-effective plan
37 for those who may not be able to afford privately available coverage

1 that may be purchased by employers at its full cost for employees whose
2 incomes exceed three hundred percent of the federal poverty level.

3 ~~(4) ((The program authorized under this chapter is strictly limited~~
4 ~~in respect to the total number of individuals who may be allowed to~~
5 ~~participate and the specific areas within the state where it may be~~
6 ~~established. All such restrictions or limitations shall remain in full~~
7 ~~force and effect until quantifiable evidence based upon the actual~~
8 ~~operation of the program, including detailed cost benefit analysis, has~~
9 ~~been presented to the legislature and the legislature, by specific act~~
10 ~~at that time, may then modify such limitations))~~ (a) It is the purpose
11 of this chapter to acknowledge the initial success of this program that
12 has (i) assisted thousands of families in their search for affordable
13 health care; (ii) demonstrated that low-income uninsured families are
14 willing to pay for their own health care coverage to the extent of
15 their ability to pay; and (iii) proved that local health care providers
16 are willing to enter into a public/private partnership as they
17 configure their own professional and business relationships into a
18 managed care system.

19 (b) As a consequence, the legislature intends to make the program
20 available to individuals in the state with incomes above three hundred
21 percent of the federal poverty level who have no health insurance
22 offering a greater level of coverage than the basic health plan benefit
23 package, and who collectively or individually wish to exercise the
24 opportunity to purchase health care coverage through the program if it
25 is done at no cost to the state. It is also the intent of the
26 legislature to allow employers and other financial sponsors to
27 financially assist such individuals to purchase health care through the
28 program, so long as exercising this system does not result in a lower
29 standard of coverage for employees.

30 (c) The legislature directs that the basic health plan
31 administrator identify enrollees who are eligible for medicaid and
32 assist these individuals in applying for and receiving medicaid.

33 **Sec. 203.** RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each
34 amended to read as follows:

35 As used in this chapter:

36 (1) "Washington basic health plan" or "plan" means the system of
37 enrollment and payment on a prepaid capitated basis for basic health

1 care services, administered by the plan administrator through
2 participating managed health care systems, created by this chapter.

3 (2) "Administrator" means the Washington basic health plan
4 administrator.

5 (3) "Managed health care system" means any health care
6 organization, including health care providers, insurers, health care
7 service contractors, health maintenance organizations, or any
8 combination thereof, that provides directly or by contract basic health
9 care services, as defined by the administrator and rendered by duly
10 licensed providers, on a prepaid capitated basis to a defined patient
11 population enrolled in the plan and in the managed health care system.
12 On July 1, 1997, "managed health care system" under this chapter shall
13 mean "certified health plan" under section 302 of this act.

14 (4) "Enrollee" means an individual, or an individual plus the
15 individual's spouse and/or dependent children, all under the age of
16 sixty-five and not otherwise eligible for medicare or medicaid, who
17 resides in an area of the state served by a managed health care system
18 participating in the plan, (~~whose gross family income at the time of~~
19 ~~enrollment does not exceed twice the federal poverty level as adjusted~~
20 ~~for family size and determined annually by the federal department of~~
21 ~~health and human services)) who does not have health insurance equal to
22 or more comprehensive than that offered by the Washington basic health
23 plan, who chooses to obtain basic health care coverage from a
24 particular managed health care system in return for periodic payments
25 to the plan. Nonsubsidized enrollees shall be considered enrollees
26 unless otherwise specified.~~

27 (5) "Nonsubsidized enrollee" means an enrollee for whom the premium
28 for participation in the plan is paid by the individual, their
29 employer, or other financial sponsor, who does not have health
30 insurance equal to or more comprehensive than that offered by the
31 Washington basic health plan, and who shall not be eligible for any
32 subsidy from the plan.

33 (6) "Subsidy" means the difference between the amount of periodic
34 payment the administrator makes, from funds appropriated from the basic
35 health plan trust account, to a managed health care system on behalf of
36 an enrollee plus the administrative cost to the plan of providing the
37 plan to that enrollee, and the amount determined to be the enrollee's
38 responsibility under RCW 70.47.060(2).

1 (~~(6)~~) (7) "Premium" means a periodic payment, based upon gross
2 family income and determined under RCW 70.47.060(2), which an enrollee,
3 their employer or other financial sponsor makes to the plan as
4 consideration for enrollment in the plan.

5 (~~(7)~~) (8) "Rate" means the per capita amount, negotiated by the
6 administrator with and paid to a participating managed health care
7 system, that is based upon the enrollment of enrollees in the plan and
8 in that system.

9 **Sec. 204.** RCW 70.47.030 and 1992 c 232 s 907 are each amended to
10 read as follows:

11 (1) The basic health plan trust account is hereby established in
12 the state treasury. (~~All~~) Any nongeneral fund-state funds collected
13 for this program shall be deposited in the basic health plan trust
14 account and may be expended without further appropriation. Moneys in
15 the account shall be used exclusively for the purposes of this chapter,
16 including payments to participating managed health care systems on
17 behalf of enrollees in the plan and payment of costs of administering
18 the plan. After July 1, 1993, the administrator shall not expend or
19 encumber for an ensuing fiscal period amounts exceeding (~~ninety-five~~)
20 ninety-seven percent of the amount anticipated to be spent for
21 purchased services during the fiscal year.

22 (2) The basic health plan subscription account is created in the
23 custody of the state treasurer. All receipts from amounts due under
24 RCW 70.47.060(10) (a) and (b) shall be deposited into the account.
25 Funds in the account shall be used exclusively for the purposes of this
26 chapter, including payments to participating managed health care
27 systems on behalf of enrollees in the plan and payment of costs of
28 administrating the plan. The account is subject to allotment
29 procedures under chapter 43.88 RCW, but no appropriation is required
30 for expenditures.

31 (3) The administrator shall take every precaution to see that none
32 of the funds in the separate accounts created in this section or that
33 any premiums paid either by subsidized or nonsubsidized enrollees are
34 commingled in any way, except that the administrator may combine funds
35 designated for administration of the plan into a single administrative
36 account.

1 **Sec. 205.** RCW 70.47.060 and 1992 c 232 s 908 are each amended to
2 read as follows:

3 The administrator has the following powers and duties:

4 (1) To design and from time to time revise a schedule of covered
5 basic health care services, including physician services, inpatient and
6 outpatient hospital services, prescription drugs and medications, and
7 other services that may be necessary for basic health care, which
8 enrollees in any participating managed health care system under the
9 Washington basic health plan shall be entitled to receive in return for
10 premium payments to the plan. The schedule of services shall emphasize
11 proven preventive and primary health care and shall include all
12 services necessary for prenatal, postnatal, and well-child care.
13 (~~However, for the period ending June 30, 1993,~~) With respect to
14 coverage for groups of subsidized enrollees, the administrator shall
15 not contract for prenatal or postnatal services that are provided under
16 the medical assistance program under chapter 74.09 RCW except to the
17 extent that such services are necessary over not more than a one-month
18 period in order to maintain continuity of care after diagnosis of
19 pregnancy by the managed care provider, or except to provide any such
20 services associated with pregnancies diagnosed by the managed care
21 provider before July 1, 1992. The schedule of services shall also
22 include a separate schedule of basic health care services for children,
23 eighteen years of age and younger, for those enrollees who choose to
24 secure basic coverage through the plan only for their dependent
25 children. In designing and revising the schedule of services, the
26 administrator shall consider the guidelines for assessing health
27 services under the mandated benefits act of 1984, RCW 48.42.080, and
28 such other factors as the administrator deems appropriate. After July
29 1, 1997, services offered under this chapter shall equal the uniform
30 benefit package established according to section 347 of this act and
31 may only be purchased from certified health plans established according
32 to section 319 of this act.

33 (2) To design and implement a structure of periodic premiums due
34 the administrator from enrollees that is based upon gross family
35 income, giving appropriate consideration to family size as well as the
36 ages of all family members. The enrollment of children shall not
37 require the enrollment of their parent or parents who are eligible for
38 the plan.

1 (a) An employer or other financial sponsor may, with the approval
2 of the administrator, pay the premium on behalf of any enrollee, by
3 arrangement with the enrollee and through a mechanism acceptable to the
4 administrator, but in no case shall the contribution made on behalf of
5 the enrollee exceed eighty percent of total premiums due from the
6 enrollee.

7 (b) Premiums due from nonsubsidized enrollees, who are not
8 otherwise eligible to be enrollees, shall be in an amount equal to the
9 cost charged by the managed health care system provider to the state
10 for the plan plus the administrative cost of providing the plan to
11 those enrollees.

12 (3) To design and implement a structure of nominal copayments due
13 a managed health care system from enrollees. The structure shall
14 discourage inappropriate enrollee utilization of health care services,
15 but shall not be so costly to enrollees as to constitute a barrier to
16 appropriate utilization of necessary health care services.

17 ~~(4) ((To design and implement, in concert with a sufficient number~~
18 ~~of potential providers in a discrete area, an enrollee financial~~
19 ~~participation structure, separate from that otherwise established under~~
20 ~~this chapter, that has the following characteristics:~~

21 ~~(a) Nominal premiums that are based upon ability to pay, but not~~
22 ~~set at a level that would discourage enrollment;~~

23 ~~(b) A modified fee-for-services payment schedule for providers;~~

24 ~~(c) Coinsurance rates that are established based on specific~~
25 ~~service and procedure costs and the enrollee's ability to pay for the~~
26 ~~care. However, coinsurance rates for families with incomes below one~~
27 ~~hundred twenty percent of the federal poverty level shall be nominal.~~
28 ~~No coinsurance shall be required for specific proven prevention~~
29 ~~programs, such as prenatal care. The coinsurance rate levels shall not~~
30 ~~have a measurable negative effect upon the enrollee's health status;~~
31 ~~and~~

32 ~~(d) A case management system that fosters a provider-enrollee~~
33 ~~relationship whereby, in an effort to control cost, maintain or improve~~
34 ~~the health status of the enrollee, and maximize patient involvement in~~
35 ~~her or his health care decision-making process, every effort is made by~~
36 ~~the provider to inform the enrollee of the cost of the specific~~
37 ~~services and procedures and related health benefits.~~

38 The potential financial liability of the plan to any such providers
39 shall not exceed in the aggregate an amount greater than that which

1 might otherwise have been incurred by the plan on the basis of the
2 number of enrollees multiplied by the average of the prepaid capitated
3 rates negotiated with participating managed health care systems under
4 RCW 70.47.100 and reduced by any sums charged enrollees on the basis of
5 the coinsurance rates that are established under this subsection.

6 ~~(5))~~) To limit enrollment of persons who qualify for subsidies so
7 as to prevent an overexpenditure of appropriations for such purposes.
8 Whenever the administrator finds that there is danger of such an
9 overexpenditure, the administrator shall close enrollment until the
10 administrator finds the danger no longer exists.

11 ~~((6))~~) (5) To limit the payment of a subsidy to an enrollee, as
12 defined in RCW 70.47.020, whose gross family income at the time of
13 enrollment does not exceed that percentage of the federal poverty level
14 adjusted for family size and determined annually by the federal
15 department of health and human services, established in the biennial
16 appropriations act.

17 (6) To adopt a schedule for the orderly development of the delivery
18 of services and availability of the plan to residents of the state,
19 subject to the limitations contained in RCW 70.47.080.

20 In the selection of any area of the state for the initial operation
21 of the plan, the administrator shall take into account the levels and
22 rates of unemployment in different areas of the state, the need to
23 provide basic health care coverage to a population reasonably
24 representative of the portion of the state's population that lacks such
25 coverage, and the need for geographic, demographic, and economic
26 diversity.

27 ~~((Before July 1, 1988, the administrator shall endeavor to secure~~
28 ~~participation contracts with managed health care systems in discrete~~
29 ~~geographic areas within at least five congressional districts.))~~

30 (7) To solicit and accept applications from managed health care
31 systems, as defined in this chapter, for inclusion as eligible basic
32 health care providers under the plan. The administrator shall endeavor
33 to assure that covered basic health care services are available to any
34 enrollee of the plan from among a selection of two or more
35 participating managed health care systems. In adopting any rules or
36 procedures applicable to managed health care systems and in its
37 dealings with such systems, the administrator shall consider and make
38 suitable allowance for the need for health care services and the

1 differences in local availability of health care resources, along with
2 other resources, within and among the several areas of the state.

3 (8) To receive periodic premiums from enrollees, deposit them in
4 the basic health plan operating account, keep records of enrollee
5 status, and authorize periodic payments to managed health care systems
6 on the basis of the number of enrollees participating in the respective
7 managed health care systems.

8 (9) To accept applications from individuals residing in areas
9 served by the plan, on behalf of themselves and their spouses and
10 dependent children, for enrollment in the Washington basic health plan,
11 to establish appropriate minimum-enrollment periods for enrollees as
12 may be necessary, and to determine, upon application and at least
13 annually thereafter, or at the request of any enrollee, eligibility due
14 to current gross family income for sliding scale premiums. An enrollee
15 who remains current in payment of the sliding-scale premium, as
16 determined under subsection (2) of this section, and whose gross family
17 income has risen above (~~twice~~) that percentage of the federal poverty
18 level established in the current biennial appropriations act, may
19 continue enrollment (~~unless and until the enrollee's gross family~~
20 ~~income has remained above twice the poverty level for six consecutive~~
21 ~~months,~~) by making payment at the unsubsidized rate required for the
22 managed health care system in which he or she may be enrolled plus the
23 administrative cost of providing the plan to that enrollee. No subsidy
24 may be paid with respect to any enrollee whose current gross family
25 income exceeds (~~twice~~) that percentage of the federal poverty level
26 established in the current biennial appropriations act or, subject to
27 RCW 70.47.110, who is a recipient of medical assistance or medical care
28 services under chapter 74.09 RCW. If a number of enrollees drop their
29 enrollment for no apparent good cause, the administrator may establish
30 appropriate rules or requirements that are applicable to such
31 individuals before they will be allowed to re-enroll in the plan.

32 (10)(a) To accept applications from business owners on behalf of
33 themselves and their employees, spouses, and dependent children who
34 reside in an area served by the plan. The administrator may require
35 all or the substantial majority of the eligible employees of such
36 businesses to enroll in the plan and establish those procedures
37 necessary to facilitate the orderly enrollment of groups in the plan
38 and into a managed health care system. For the purposes of this
39 subsection, an employee means an individual who works for the employer.

1 Enrollment under this subsection shall be limited to those not
2 otherwise eligible for medicare or medicaid, whose gross family income
3 is greater than that established for subsidized enrollees, who wish to
4 enroll in the plan at no cost to the state and choose to obtain the
5 basic health care coverage and services from a managed health care
6 system participating in the plan. The administrator shall adjust the
7 amount determined to be due on behalf of or from all such enrollees
8 whenever the amount negotiated by the administrator with the
9 participating managed health care system or systems is modified or the
10 administrative cost of providing the plan to such enrollees changes.
11 No enrollee of a business group enrolled according to this subsection
12 shall be eligible for any subsidy from the plan and at no time shall
13 the administrator allow the credit of the state or funds from the trust
14 account to be used or extended on their behalf.

15 (b) To accept applications from individuals residing in areas
16 serviced by the plan, on behalf of themselves and their spouses and
17 dependent children, under sixty-five years of age and not otherwise
18 eligible for medicare or medicaid, whose gross family income at the
19 time of enrollment exceeds that established for subsidized enrollees,
20 who wish to enroll in the plan at no cost to the state and choose to
21 obtain the basic health care coverage and services from a managed
22 health care system participating in the plan. Any such nonsubsidized
23 enrollees must pay the amount negotiated by the administrator with the
24 participating managed health care system and the administrative cost of
25 providing the plan to such nonsubsidized enrollees and shall not be
26 eligible for any subsidy from the plan.

27 (11) To determine the rate to be paid to each participating managed
28 health care system in return for the provision of covered basic health
29 care services to enrollees in the system. ((Although the schedule of
30 covered basic health care services will be the same for similar
31 enrollees,)) The rates negotiated with participating managed health
32 care systems may vary among the systems. In negotiating rates with
33 participating systems, the administrator shall consider the
34 characteristics of the populations served by the respective systems,
35 economic circumstances of the local area, the need to conserve the
36 resources of the basic health plan trust account, and other factors the
37 administrator finds relevant.

38 ((+11+)) (12) To monitor the provision of covered services to
39 enrollees by participating managed health care systems in order to

1 assure enrollee access to good quality basic health care, to require
2 periodic data reports concerning the utilization of health care
3 services rendered to enrollees in order to provide adequate information
4 for evaluation, and to inspect the books and records of participating
5 managed health care systems to assure compliance with the purposes of
6 this chapter. In requiring reports from participating managed health
7 care systems, including data on services rendered enrollees, the
8 administrator shall endeavor to minimize costs, both to the managed
9 health care systems and to the administrator. The administrator shall
10 coordinate any such reporting requirements with other state agencies,
11 such as the insurance commissioner and the department of health, to
12 minimize duplication of effort.

13 ~~((12))~~ (13) To monitor the access that state residents have to
14 adequate and necessary health care services, determine the extent of
15 any unmet needs for such services or lack of access that may exist from
16 time to time, and make such reports and recommendations to the
17 legislature as the administrator deems appropriate.

18 ~~((13))~~ (14) To evaluate the effects this chapter has on private
19 employer-based health care coverage and to take appropriate measures
20 consistent with state and federal statutes that will discourage the
21 reduction of such coverage in the state.

22 ~~((14))~~ (15) To develop a program of proven preventive health
23 measures and to integrate it into the plan wherever possible and
24 consistent with this chapter.

25 ~~((15))~~ (16) To provide, consistent with available resources,
26 technical assistance for rural health activities that endeavor to
27 develop needed health care services in rural parts of the state.

28 **Sec. 206.** RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each
29 amended to read as follows:

30 On and after July 1, 1988, the administrator shall accept for
31 enrollment applicants eligible to receive covered basic health care
32 services from the respective managed health care systems which are then
33 participating in the plan. ~~((The administrator shall not allow the
34 total enrollment of those eligible for subsidies to exceed thirty
35 thousand.))~~

36 Thereafter, total enrollment of those eligible for subsidies during
37 any biennium shall not exceed the number established by the legislature
38 in any act appropriating funds to the plan, and total subsidized

1 enrollment shall not result in expenditures that exceed the total
2 amount that has been made available by the legislature in any act
3 appropriating funds to the plan. The legislature shall establish
4 income limits expressed as a percentage of the federal poverty level,
5 for subsidized enrollees in the omnibus appropriations act to ensure
6 the orderly development of the plan.

7 ~~((Before July 1, 1988, the administrator shall endeavor to secure~~
8 ~~participation contracts from managed health care systems in discrete~~
9 ~~geographic areas within at least five congressional districts of the~~
10 ~~state and in such manner as to allow residents of both urban and rural~~
11 ~~areas access to enrollment in the plan. The administrator shall make~~
12 ~~a special effort to secure agreements with health care providers in one~~
13 ~~such area that meets the requirements set forth in RCW 70.47.060(4).))~~

14 The administrator shall at all times closely monitor growth
15 patterns of enrollment so as not to exceed that consistent with the
16 orderly development of the plan as a whole, in any area of the state or
17 in any participating managed health care system. The annual or
18 biennial enrollment limitations derived from operation of the plan
19 under this section do not apply to nonsubsidized enrollees as defined
20 in RCW 70.47.020(5).

21 **Sec. 207.** RCW 70.47.120 and 1987 1st ex.s. c 5 s 14 are each
22 amended to read as follows:

23 In addition to the powers and duties specified in RCW 70.47.040 and
24 70.47.060, the administrator has the power to enter into contracts for
25 the following functions and services:

26 (1) With public or private agencies, to assist the administrator in
27 her or his duties to design or revise the schedule of covered basic
28 health care services, and/or to monitor or evaluate the performance of
29 participating managed health care systems.

30 (2) With public or private agencies, to provide technical or
31 professional assistance to health care providers, particularly public
32 or private nonprofit organizations and providers serving rural areas,
33 who show serious intent and apparent capability to participate in the
34 plan as managed health care systems.

35 (3) With public or private agencies, including health care service
36 contractors registered under RCW 48.44.015, and doing business in the
37 state, for marketing and administrative services in connection with
38 participation of managed health care systems, enrollment of enrollees,

1 billing and collection services to the administrator, and other
2 administrative functions ordinarily performed by health care service
3 contractors, other than insurance except that the administrator may
4 arrange for the purchase of reinsurance, or self-insure for
5 reinsurance, on behalf of its participating managed health care
6 systems. Any activities of a health care service contractor pursuant
7 to a contract with the administrator under this section shall be exempt
8 from the provisions and requirements of Title 48 RCW.

9 NEW SECTION. **Sec. 208.** A new section is added to chapter 74.09
10 RCW to read as follows:

11 FEDERAL WAIVER FOR STATE MEDICAID PROGRAM. (1) The department
12 shall negotiate with the United States congress and the federal
13 department of health and human services to obtain a waiver of
14 provisions of the medicaid statute, Title XIX of the federal social
15 security act to require medicaid-eligible individuals to:

16 (a) Enroll in the state basic health plan and receive the benefits
17 offered to basic health plan enrollees; and

18 (b) Participate financially in purchasing health care benefits
19 through such means as premium sharing, copayments, and deductibles
20 provided that such contributions will be implemented in a manner to
21 encourage the appropriate use of effective medical care services and do
22 not serve as a barrier to receiving necessary medical care services.

23 (2) The department shall report to the appropriate policy and
24 fiscal standing committees of the senate and house of representatives
25 by October 31, 1994, on the progress of such negotiations.

29 (3) The administrator with the assistance of the ((state)) public
30 employees' benefits board shall survey private industry and public
31 employers in the state of Washington to determine the average employer
32 contribution for group insurance programs under the jurisdiction of the
33 authority. Such survey shall be conducted during each even-numbered
34 year but may be conducted more frequently. The survey shall be
35 reported to the authority for its use in setting the amount of the
36 recommended employer contribution to the employee insurance benefit
37 program covered by this chapter. The authority shall transmit a
38 recommendation for the amount of the employer contribution to the

1 governor and the director of financial management for inclusion in the
2 proposed budgets submitted to the legislature.

3 **Sec. 212.** RCW 41.05.055 and 1989 c 324 s 1 are each amended to
4 read as follows:

24 management and cost containment; and

25 ((e)) (d) The administrator.

27 staggered terms not to exceed four years. Members appointed thereafter
28 shall serve two-year terms. Members of the board shall be compensated
29 in accordance with RCW 43.03.250 and shall be reimbursed for their

32 conduct of its business. The administrator shall serve as chair of the
33 board. Meetings of the board shall be at the call of the chair.

34 **Sec. 213.** RCW 47.64.270 and 1988 c 107 s 21 are each amended to
35 read as follows:

36 Until December 31, 1996, absent a collective bargaining agreement
37 to the contrary, the department of transportation shall provide

1 contributions to insurance and health care plans for ferry system
2 employees and dependents, as determined by the state health care
3 authority, under chapter 41.05 RCW(~~-~~); and the ferry system
4 management and employee organizations may collectively bargain for
5 other insurance and health care plans, and employer contributions may
6 exceed that of other state agencies as provided in RCW 41.05.050,
7 subject to RCW 47.64.180. On January 1, 1997, ferry employees shall
8 enroll in certified health plans under the provisions of chapter . . . ,
9 Laws of 1993 (this act). To the extent that ferry employees by
10 bargaining unit have absorbed the required offset of wage increases by
11 the amount that the employer's contribution for employees' and
12 dependents' insurance and health care plans exceeds that of other state
13 general government employees in the 1985-87 fiscal biennium, employees
14 shall not be required to absorb a further offset except to the extent
15 the differential between employer contributions for those employees and
16 all other state general government employees increases during any
17 subsequent fiscal biennium. If such differential increases in the
18 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is
19 insufficient to meet the required deduction, the amount available for
20 compensation shall be reduced by bargaining unit by the amount of such
21 increase or the 1985-87 shortage in the required offset. Compensation
22 shall include all wages and employee benefits.

23 **Sec. 214.** RCW 41.05.065 and 1988 c 107 s 8 are each amended to
24 read as follows:

25 (1) The board shall study all matters connected with the provision
26 of health care coverage, life insurance, liability insurance,
27 accidental death and dismemberment insurance, and disability income
28 insurance or any of, or a combination of, the enumerated types of
29 insurance for employees and their dependents on the best basis possible
30 with relation both to the welfare of the employees and to the state:
31 (~~(PROVIDED, That)~~) However, liability insurance shall not be made
32 available to dependents.

33 (2) The (~~state~~) public employees' benefits board shall develop
34 employee benefit plans that include comprehensive health care benefits
35 for all employees. In developing these plans, the board shall consider
36 the following elements:

37 (a) Methods of maximizing cost containment while ensuring access to
38 quality health care;

1 (b) Development of provider arrangements that encourage cost
2 containment and ensure access to quality care, including but not
3 limited to prepaid delivery systems and prospective payment methods;

4 (c) Wellness incentives that focus on proven strategies, such as
5 smoking cessation, exercise, ~~((and))~~ automobile and motorcycle safety,
6 blood cholesterol reduction, and nutrition education;

7 (d) Utilization review procedures including, but not limited to
8 prior authorization of services, hospital inpatient length of stay
9 review, requirements for use of outpatient surgeries and second
10 opinions for surgeries, review of invoices or claims submitted by
11 service providers, and performance audit of providers; ~~((and))~~

12 (e) Effective coordination of benefits;

13 (f) Minimum standards for health benefit carriers; and

14 (g) Minimum scope and content of standard benefit plans to be
15 offered to enrollees participating in the employee benefit board plans.
16 On or after July 1, 1995, the uniform benefits package and schedule of
17 premiums and other individual cost-sharing adopted and from time to
18 time revised by the Washington health services commission pursuant to
19 section 347 of this act shall be implemented by the administrator for
20 purposes of employee health benefit plans.

21 (3) The board shall design benefits and determine the terms and
22 conditions of employee participation and coverage, including
23 establishment of eligibility criteria.

24 (4) The board shall utilize financial incentives to encourage
25 employee enrollments in organized delivery systems. To encourage
26 income equity, employee financial contributions shall be structured on
27 a sliding-scale basis based upon the income of the employee. These
28 incentives shall result in a target of at least seventy-five percent
29 enrollment of employees and retirees in organized delivery systems by
30 July 1994.

31 The board may authorize premium contributions for an employee and
32 the employee's dependents in a manner that encourages the use of cost-
33 efficient organized delivery systems. ~~((Such authorization shall~~
34 require a vote of five members of the board for approval.))

35 (5) Employees may choose participation in only one of the health
36 care benefit plans developed by the board.

37 (6) The board shall review plans proposed by insurance carriers
38 that desire to offer property insurance and/or accident and casualty
39 insurance to state employees through payroll deduction. The board may

1 approve any such plan for payroll deduction by carriers holding a valid
2 certificate of authority in the state of Washington and which the board
3 determines to be in the best interests of employees and the state. The
4 board shall promulgate rules setting forth criteria by which it shall
5 evaluate the plans.

6 (7) The board shall report to the appropriate policy and fiscal
7 committees of the legislature by December 1, 1994, on the following:

8 (a) The progress in meeting the organized delivery system target
9 enrollment rate established in subsection (4) of this section and
10 recommendations for increasing future participation above the target
11 rate; and

12 (b) The impact on the growth of public employee benefit costs as
13 the result of establishing organized delivery system target rates and
14 required financial incentives to encourage enrollment in cost-efficient
15 organized delivery systems.

16 NEW SECTION. Sec. 215. A new section is added to chapter 41.05
17 RCW to read as follows:

18 Notwithstanding any other provisions of this title or rules or
19 procedures adopted by the health care authority, the authority shall
20 offer all retired or disabled employees at least two medicare
21 supplemental insurance policies that conform to the requirements of
22 chapter 48.66 RCW. One policy must include coverage for prescription
23 drugs. These policies shall be available to retired or disabled state
24 employees, or employees of county, municipal, or other political
25 subdivisions eligible for coverage available under the authority and
26 all offerings must be made available not later than January 1, 1994.

27 **Sec. 216.** RCW 41.05.120 and 1991 sp.s. c 13 s 100 are each amended
28 to read as follows:

5 on counties, the desirability of maintaining a process whereby city
6 officials can effectively communicate concerns regarding the delivery
7 of public health services to both the counties and the state, the need
8 for larger cities to be able to continue to provide supplemental health
9 care services when needed, and other matters as the three associations
10 agree are of substance in the implementation of sections 222 through

14

F. DATA COLLECTION

15 **Sec. 246.** RCW 70.170.100 and 1990 c 269 s 12 are each amended to
16 read as follows:

17 (1) To promote the public interest consistent with the purposes of
18 chapter . . . , Laws of 1993 (this act), the department is responsible
19 for the development, implementation, and custody of a state-wide
20 ((hospital)) health care data system, with policy direction and
21 oversight to be provided by the Washington health services commission.
22 As part of the design stage for development of the system, the
23 department shall undertake a needs assessment of the types of, and
24 format for, ((hospital)) health care data needed by consumers,
25 purchasers, health care payers, ((hospitals)) providers, and state
26 government as consistent with the intent of chapter . . . , Laws of 1993
27 (this act) ((chapter)). The department shall identify a set of
28 ((hospital)) health care data elements and report specifications which
29 satisfy these needs. The ((council)) Washington health services
30 commission, created by section 303 of this act, shall review the design
31 of the data system ((and)) may ((direct the department to)) establish
32 a technical advisory committee on health data and may recommend that
33 the department contract with a private vendor for assistance in the
34 design of the data system or for any part of the work to be performed
35 under this section. The data elements, specifications, and other
36 ((design)) distinguishing features of this data system shall be made
37 available for public review and comment and shall be published, with

1 comments, as the department's first data plan by (~~January 1, 1990~~)
2 July 1, 1994.

3 (2) Subsequent to the initial development of the data system as
4 published as the department's first data plan, revisions to the data
5 system shall be considered (~~through the department's development of a~~
6 ~~biennial data plan, as proposed to,~~) with the oversight and policy
7 guidance of the Washington health services commission or its technical
8 advisory committee and funded by(~~(7)~~) the legislature through the
9 biennial appropriations process with funds appropriated to the state
10 health services trust account. (~~Costs of data activities outside of~~
11 ~~these data plans except for special studies shall be funded through~~
12 ~~legislative appropriations.~~

13 (3)) In designing the state-wide (~~hospital~~) health care data
14 system and any data plans, the department shall identify (~~hospital~~)
15 health care data elements relating to (~~both hospital finances~~) health
16 care costs, the quality of health care services, the outcomes of health
17 care services, and (~~the~~) use of (~~services by patients~~) health care
18 by consumers. Data elements (~~relating to hospital finances~~) shall be
19 reported (~~by hospitals~~) as the Washington health services commission
20 directs by reporters in conformance with a uniform (~~system of~~)
21 reporting (~~as specified by the department and shall~~) system
22 established by the department, which shall be adopted by reporters.
23 "Reporter" means an individual or business entity, other than a
24 hospital, required to be registered with the department of revenue for
25 payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that
26 is primarily engaged in furnishing or insuring for medical, surgical,
27 and other health services to persons. In the case of hospitals this
28 includes data elements identifying each hospital's revenues, expenses,
29 contractual allowances, charity care, bad debt, other income, total
30 units of inpatient and outpatient services, and other financial
31 information reasonably necessary to fulfill the purposes of chapter
32 . . ., Laws of 1993 (this (~~chapter~~) act), for hospital activities as
33 a whole and, as feasible and appropriate, for specified classes of
34 hospital purchasers and payers. Data elements relating to use of
35 hospital services by patients shall, at least initially, be the same as
36 those currently compiled by hospitals through inpatient discharge
37 abstracts (~~and reported to the Washington state hospital commission~~).
38 The commission and the department shall encourage and permit reporting

1 by electronic transmission or hard copy as is practical and economical
2 to reporters.

3 ~~((4))~~ (3) The state-wide ~~((hospital))~~ health care data system
4 shall be uniform in its identification of reporting requirements for
5 ~~((hospitals))~~ reporters across the state to the extent that such
6 uniformity is ~~((necessary))~~ useful to fulfill the purposes of chapter
7 . . . , Laws of 1993 (this ((chapter)) act). Data reporting
8 requirements may reflect differences ~~((in hospital size; urban or rural~~
9 ~~location; scope, type, and method of providing service; financial~~
10 ~~structure; or other pertinent distinguishing factors))~~ that involve
11 pertinent distinguishing features as determined by the Washington
12 health services commission by rule. So far as ~~((possible))~~ is
13 practical, the data system shall be coordinated with any requirements
14 of the trauma care data registry as authorized in RCW 70.168.090, the
15 federal department of health and human services in its administration
16 of the medicare program, ~~((and))~~ the state in its role of gathering
17 public health statistics, or any other payer program of consequence so
18 as to minimize any unduly burdensome reporting requirements imposed on
19 ~~((hospitals))~~ reporters.

20 ~~((5))~~ (4) In identifying financial reporting requirements under
21 the state-wide ~~((hospital))~~ health care data system, the department may
22 require both annual reports and condensed quarterly reports from
23 reporters, so as to achieve both accuracy and timeliness in reporting,
24 but shall craft such requirements with due regard of the data reporting
25 burdens of reporters.

26 ~~((6))~~ ~~In designing the initial state-wide hospital data system as~~
27 ~~published in the department's first data plan, the department shall~~
28 ~~review all existing systems of hospital financial and utilization~~
29 ~~reporting used in this state to determine their usefulness for the~~
30 ~~purposes of this chapter, including their potential usefulness as~~
31 ~~revised or simplified.~~

32 (7) ~~Until such time as the state wide hospital data system and~~
33 ~~first data plan are developed and implemented and hospitals are able to~~
34 ~~comply with reporting requirements, the department shall require~~
35 ~~hospitals to continue to submit the hospital financial and patient~~
36 ~~discharge information previously required to be submitted to the~~
37 ~~Washington state hospital commission. Upon publication of the first~~
38 ~~data plan, hospitals shall have a reasonable period of time to comply~~
39 ~~with any new reporting requirements and, even in the event that new~~

1 ~~reporting requirements differ greatly from past requirements, shall~~
2 ~~comply within two years of July 1, 1989.~~

3 ~~(8))~~ (5) ~~The ((hospital))~~ health care data collected ((and)),
4 maintained, and studied by the department or the Washington health
5 services commission shall only be available for retrieval in original
6 or processed form to public and private requestors and shall be
7 available within a reasonable period of time after the date of request.
8 The cost of retrieving data for state officials and agencies shall be
9 funded through the state general appropriation. The cost of retrieving
10 data for individuals and organizations engaged in research or private
11 use of data or studies shall be funded by a fee schedule developed by
12 the department which reflects the direct cost of retrieving the data or
13 study in the requested form.

14 (6) All persons subject to chapter . . . , Laws of 1993 (this act)
15 shall comply with departmental or commission requirements established
16 by rule in the acquisition of data.

17 **Sec. 247.** RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each
18 amended to read as follows:

19 The department shall provide, or may contract with a private entity
20 to provide, ~~((hospital))~~ analyses and reports or any studies it chooses
21 to conduct consistent with the purposes of chapter . . . , Laws of 1993
22 (this ((chapter)) act). Subject to the availability of funds and any
23 policy direction that may be given by the Washington health services
24 commission. ((Prior to release, the department shall provide affected
25 hospitals with an opportunity to review and comment on reports which
26 identify individual hospital data with respect to accuracy and
27 completeness, and otherwise shall focus on aggregate reports of
28 hospital performance.)) These studies, analyses, or reports shall
29 include:

30 (1) Consumer guides on purchasing ((hospital care services and)) or
31 consuming health care and publications providing verifiable and useful
32 aggregate comparative information to ((consumers on hospitals and
33 hospital services)) the public on health care services, their cost, and
34 the quality of health care providers who participate in certified
35 health plans;

36 (2) Reports for use by classes of purchasers, who purchase from
37 certified health plans, health care payers, and providers as specified

1 for content and format in the state-wide data system and data plan;
2 ((and))

3 (3) Reports on relevant ((hospital)) health care policy ((issues))
4 including the distribution of hospital charity care obligations among
5 hospitals; absolute and relative rankings of Washington and other
6 states, regions, and the nation with respect to expenses, net revenues,
7 and other key indicators; ((hospital)) provider efficiencies; and the
8 effect of medicare, medicaid, and other public health care programs on
9 rates paid by other purchasers of ((hospital)) health care; and

10 (4) Any other reports the commission or department deems useful to
11 assist the public or purchasers of certified health plans in
12 understanding the prudent and cost-effective use of certified health
13 plan services.

14 NEW SECTION. Sec. 248. A new section is added to chapter 70.170
15 RCW to read as follows:

16 Notwithstanding the provisions of chapter 42.17 RCW, any material
17 contained within the state-wide health care data system or in the files
18 of either the department or the Washington health services commission
19 shall be subject to the following limitations: (1) Records obtained,
20 reviewed by, or on file that contain information concerning medical
21 treatment of individuals shall be exempt from public inspection and
22 copying; and (2) any actuarial formulas, statistics, and assumptions
23 submitted by a certified health plan to the commission or department
24 upon request shall be exempt from public inspection and copying in
25 order to preserve trade secrets or prevent unfair competition.

26 All persons and any public or private agencies or entities
27 whatsoever subject to this chapter shall comply with any requirements
28 established by rule relating to the acquisition or use of health
29 services data and maintain the confidentiality of any information which
30 may, in any manner, identify individual persons.

31 NEW SECTION. Sec. 249. A new section is added to chapter 70.170
32 RCW to read as follows:

33 The Washington health services commission shall have access to all
34 health data presently available to the secretary of health. To the
35 extent possible, the commission shall use existing data systems and
36 coordinate among existing agencies. The department of health shall be
37 the designated depository agency for all health data collected pursuant

1 to chapter . . . , Laws of 1993 (this act). The following data sources
2 shall be developed or made available:

3 (1) The commission shall coordinate with the secretary of health to
4 utilize data collected by the state center for health statistics,
5 including hospital charity care and related data, rural health data,
6 epidemiological data, ethnicity data, social and economic status data,
7 and other data relevant to the commission's responsibilities.

8 (2) The commission, in coordination with the department of health
9 and the health science programs of the state universities shall develop
10 procedures to analyze clinical and other health services outcome data,
11 and conduct other research necessary for the specific purpose of
12 assisting in the design of the uniform benefit package under chapter
13 . . . , Laws of 1993 (this act).

14 (3) The commission shall establish cost data sources and shall
15 require each certified health plan to provide the commission and the
16 department of health with enrollee care and cost information, to
17 include: (a) Enrollee identifier, including date of birth, sex, and
18 ethnicity; (b) provider identifier; (c) diagnosis; (d) health care
19 services or procedures provided; (e) provider charges, if any; and (f)
20 amount paid. The department shall establish by rule confidentiality
21 standards to safeguard the information from inappropriate use or
22 release.

23 NEW SECTION. **Sec. 250.** A new section is added to chapter 70.170
24 RCW to read as follows:

25 (1) The department is responsible for the implementation and
26 custody of a state-wide personal health services data and information
27 system. The data elements, specifications, and other design features
28 of this data system shall be consistent with criteria adopted by the
29 Washington health services commission. The department shall provide
30 the commission with reasonable assistance in the development of these
31 criteria, and shall provide the commission with periodic progress
32 reports related to the implementation of the system or systems related
33 to those criteria.

4 standards to safeguard the information from inappropriate use or
5 release. The department shall assist the commission in establishing
6 reasonable time frames for the completion of the system development and
7 system implementation.

8 **G. HEALTH PROFESSIONAL SHORTAGES**

9 NEW SECTION. **Sec. 251.** LEGISLATIVE INTENT. The legislature finds
10 that the successful implementation of health care reform will depend on
11 a sufficient availability of primary health care providers throughout
12 the state. Many rural and medically underserved urban areas lack
13 primary health care providers and because of this basic health care
14 services are limited or unavailable to populations living in these
15 areas. The legislature has in recent years initiated new programs to
16 address these provider shortage needs but funding has been insufficient
17 and additional specific providers shortage needs still remain.

18 **Sec. 252.** RCW 28B.125.010 and 1991 c 332 s 5 are each amended to
19 read as follows:

20 (1) The higher education coordinating board, the state board for
21 community ~~((college—education))~~ and technical colleges, the
22 superintendent of public instruction, the state department of health,
23 the Washington health services commission, and the state department of
24 social and health services, to be known for the purposes of this
25 section as the committee, shall establish a state-wide health personnel
26 resource plan. The governor shall appoint a lead agency from one of
27 the agencies on the committee.

28 In preparing the state-wide plan the committee shall consult with
29 the training and education institutions affected by this chapter,
30 health care providers, employers of health care providers, insurers,
31 consumers of health care, and other appropriate entities.

32 Should a successor agency or agencies be authorized or created by
33 the legislature with planning, coordination, or administrative

36 participant;

37 (4) Determine eligible education and training programs for purposes
38 of the scholarship portion of the program;

1 (5) Honor loan repayment and scholarship contract terms negotiated
2 between the board and participants prior to May 21, 1991, concerning

27 coordinate the project with the Washington rural health system project
28 as authorized under chapter 70.175 RCW to consolidate administrative
29 duties and reduce costs.

30 NEW SECTION. **Sec. 255.** A new section is added to chapter 70.185
31 RCW to read as follows:

32 (1) The department may develop a mechanism for underserved rural or
33 urban communities to contract with education and training programs for
34 student positions above the full time equivalent lids. The goal of
35 this program is to provide additional capacity, educating students who
36 will practice in underserved communities.

1 (2) Eligible education and training programs are those programs
2 approved by the department that lead to eligibility for a credential as
3 a credentialed health care professional. Eligible professions are
4 those licensed under chapters 18.57, 18.57A, 18.71, and 18.71A RCW and

26 in rural and medically underserved urban areas of the state. The
27 center shall assist in the development and operation of health
28 personnel recruitment and retention programs that are consistent with
29 activities authorized under this chapter. The centers shall further
30 provide technical expertise in the development of well managed health
31 care delivery systems in rural Washington consistent with the goals and
32 objectives of chapter . . . , Laws of 1993 (this act).

33 **Sec. 257.** RCW 43.70.460 and 1992 c 113 s 2 are each amended to
34 read as follows:

35 (1) The department may establish a program to purchase and maintain
36 liability malpractice insurance for retired (~~physicians~~) primary care

8 care services shall not receive compensation for their services; and

9 (d) The department shall contract only with a liability insurer
10 authorized to offer liability malpractice insurance in the state.

11 (2) This section and RCW 43.70.470 shall not be interpreted to
12 require a liability insurer to provide coverage to a (~~((physician))~~)
13 primary care provider should the insurer determine that coverage should
14 not be offered to a physician because of past claims experience or for
15 other appropriate reasons.

16 (3) The state and its employees who operate the program shall be
17 immune from any civil or criminal action involving claims against
18 clinics or physicians that provided health care services under this
19 section and RCW 43.70.470. This protection of immunity shall not
20 extend to any clinic or (~~((physician))~~) primary care provider
21 participating in the program.

22 (4) The department may monitor the claims experience of retired
23 physicians covered by liability insurers contracting with the
24 department.

25 (5) The department may provide liability insurance under chapter
26 113, Laws of 1992 only to the extent funds are provided for this
27 purpose by the legislature.

28 **Sec. 258.** RCW 43.70.470 and 1992 c 113 s 3 are each amended to
29 read as follows:

30 The department may establish by rule the conditions of
31 participation in the liability insurance program by retired
32 (~~((physicians))~~) primary care providers at clinics utilizing retired
33 physicians for the purposes of this section and RCW 43.70.460. These
34 conditions shall include, but not be limited to, the following:

38 RCW, a physician assistant under chapter 18.71A or 18.57A RCW, or an

1 advanced registered nurse practitioner under chapter 18.88 RCW in this
2 state and otherwise be in conformity with current requirements for
3 licensure as a retired ((physician)) primary care health care provider,
4 including continuing education requirements;

5 (2) The participating ((physician)) primary care health care
6 provider shall limit the scope of practice in the clinic to primary
7 care. Primary care shall be limited to noninvasive procedures and
8 shall not include obstetrical care, or any specialized care and
9 treatment. Noninvasive procedures include injections, suturing of
10 minor lacerations, and incisions of boils or superficial abscesses;

11 (3) The provision of liability insurance coverage shall not extend
12 to acts outside the scope of rendering medical services pursuant to
13 this section and RCW 43.70.460;

14 (4) The participating ((physician)) primary care health care

23 shall mean any remuneration of value to the participating ((physician))
24 primary care health care provider for services provided by the
25 ((physician)) primary care health care provider, but shall not be
26 construed to include any nominal copayments charged by the clinic, nor

28 primary care health care provider authorized by the clinic in advance
29 of being incurred; and

30 (6) The use of mediation or arbitration for resolving questions of
31 potential liability may be used, however any mediation or arbitration
32 agreement format shall be expressed in terms clear enough for a person
33 with a sixth grade level of education to understand, and on a form no
34 longer than one page in length.

35 NEW SECTION. Sec. 259. MEDICAL SCHOOL GRADUATES SERVING IN RURAL
36 AND MEDICALLY UNDERSERVED AREAS OF THE STATE--LEGISLATIVE INTENT. The
37 legislature finds that the shortage of primary care physicians
38 practicing in rural and medically underserved areas of the state has

1 created a severe public health and safety problem. If unaddressed,
2 this problem is expected to worsen with health care reform since an
3 increased demand for primary care services will only contribute further
4 to these shortages.

5 The legislature further finds that the medical training program at
6 the University of Washington is an important and well respected
7 resource to the people of this state in the training of primary care
8 physicians. Currently, only a small proportion of medical school
9 graduates are Washington residents who serve as primary care
10 practitioners in certain parts of this state.

11 NEW SECTION. **Sec. 260.** MEDICAL SCHOOL PRIMARY CARE PHYSICIAN
12 SHORTAGE PLAN DEVELOPMENT. The University of Washington medical school
13 shall prepare a primary care physician shortage plan. The plan shall
14 identify specific activities that the school of medicine will pursue to
15 increase the number of Washington residents serving as primary care
16 physicians in rural and medically underserved urban areas of the state.
17 A goal of the plan shall be to assure that by 2000 no fewer than fifty
18 percent of all medical school graduates who are Washington state
19 residents at the time of matriculation will enter into primary care
20 residencies, to the extent possible, in Washington state. The plan
21 shall also assure that the medical school will establish as among its
22 highest training priorities the distribution of primary care physician
23 graduates from the school, and its associated postgraduate residencies,
24 to rural and medically underserved urban areas. Pursuant to this, the
25 school shall establish the goal of assuring that by 1995 the annual
26 number of graduates from the family practice residency network entering
27 rural or medically underserved practices shall be increased by forty
28 percent over a baseline period from 1988 to 1990. A further goal shall
29 be to establish and make operational by 1997 at least two additional
30 family practice residency programs within the state in geographic areas
31 identified by the plan as underserved in family practice. The
32 geographic areas identified by the plan as being underserved by family
33 practice physicians shall be consistent with any such similar
34 designations as may be made in the health personnel resource plan as
35 authorized under chapter 28B.125 RCW. The plan shall be submitted to
36 the health policy committees of the legislature no later than December
37 1, 1993, and shall be implemented within current biennial
38 appropriations for the University of Washington school of medicine.

1 Expansions of the family practice residency network shall be made
2 subject to additional appropriations, including appropriations made in
3 this act.

4 NEW SECTION. **Sec. 261.** TRANSFER OF AUTHORITY TO PURCHASE SERVICES
5 FROM COMMUNITY HEALTH CENTERS. (1) State general funds appropriated to
6 the department of health for the purposes of funding community health
7 centers to provide primary medical and dental care services, migrant
8 health services, and maternity health care services shall be
9 transferred to the state health care authority. Any related
10 administrative funds expended by the department of health for this
11 purpose shall also be transferred to the health care authority. The
12 health care authority shall exclusively expend these funds through
13 contracts with community health centers to provide primary medical and
14 dental care services, migrant health services, and maternity care
15 services. The administrator of the health care authority shall
16 establish requirements necessary to assure community health centers
17 provide quality health care services that are appropriate and effective
18 and are delivered in a cost-efficient manner. The administrator shall
19 further assure community health centers have appropriate referral
20 arrangements for acute care and medical specialty services not provided
21 by the community health centers.

22 (2) To further the intent of chapter . . . , Laws of 1993 (this
23 act), the health care authority, in consultation with the department of
24 health, shall evaluate the organization and operation of the state's
25 community health centers and propose recommendations to the health
26 services commission and the health policy committees of the legislature
27 by November 30, 1994, that identify changes to permit community health
28 centers to form certified health plans or other innovative health care
29 delivery arrangements that help insure access to primary health care
30 services to low-income, migrant, refugee populations consistent with
31 the purposes of chapter . . . , Laws of 1993 (this act).

32 **H. JOINT UNDERWRITING AUTHORITY FOR LONG-TERM CARE**

33 NEW SECTION. **Sec. 262.** A new section is added to Title 48 RCW to
34 read as follows:

35 The insurance commissioner shall by July 1997 create a joint
36 underwriting authority for long-term care.

36 services, convalescent, custodial, chronic, and terminally ill care.

37 (14) "Maximum enrollee financial participation" means the income-
38 related total annual payments that may be required of an enrollee per
39 family who chooses the lowest priced plans in a geographic region

1 including both premium-sharing and enrollee point of service cost-
2 sharing.

3 (15) "Premium" means the level of payment a certified health plan
4 receives from all sources for all expenses, including administration,
5 operation, and capital, determined on an annual basis by the commission
6 for providing the uniform benefit package to an individual, either
7 adult or child, or a family.

8 (16) "State health services budget" means total funds that may be
9 included during any fiscal year within a document developed pursuant to
10 section 354 of this act.

11 (17) "Technology" means the drugs, devices, equipment, and medical
12 or surgical procedures used in the delivery of health services, and the
13 organizational or supportive systems within which such services are
14 provided. It also means sophisticated and complicated machinery
15 developed as a result of ongoing research in the basic biological and
16 physical sciences, clinical medicine, electronics, and computer
17 sciences, as well as specialized professionals, medical equipment,
18 procedures, and chemical formulations used for both diagnostic and
19 therapeutic purposes.

20 (18) "Uniform benefit package" means those appropriate and
21 effective health services, defined by the commission under section 347
22 of this act, that must be offered to all Washington residents through
23 certified health plans.

24 (19) "Washington resident" or "resident" means a person who intends
25 to reside in the state permanently or indefinitely and who did not move
26 to Washington for the primary purpose of securing health services under
27 sections 317 through 339 and 346 through 350 of this act. "Washington
28 resident" also includes people and their accompanying family members
29 who are in the state for the purpose of engaging in employment for at
30 least one month, who did not enter the state for the primary purpose of
31 obtaining health services. The confinement of a person in a nursing
32 home, hospital, or other medical institution in the state shall not by
33 itself be sufficient to qualify such person as a resident.

34 **A. THE WASHINGTON HEALTH SERVICES COMMISSION**

35 NEW SECTION. **Sec. 303.** CREATION OF COMMISSION--MEMBERSHIP--TERMS
36 OF OFFICE--VACANCIES--SALARIES. (1) There is created an agency of
37 state government to be known as the Washington health services

1 commission. The commission shall consist of the insurance
2 commissioner, the state health officer and three other members
3 appointed by the governor with the consent of the senate. One member,
4 who may not be either the insurance commissioner or the state health
5 officer, shall be designated by the governor as chair and shall serve
6 at the pleasure of the governor. Of the initial members, one shall be
7 appointed to a term of three years, one shall be appointed to a term of
8 four years, and one shall be appointed to a term of five years.
9 Thereafter, members shall be appointed to five-year terms. Vacancies
10 shall be filled by appointment for the remainder of the unexpired term
11 of the position being vacated.

12 (2) Members of the commission shall have no pecuniary interest in
13 any business subject to regulation by the commission and shall be
14 subject to chapter 42.18 RCW, the executive branch conflict of interest
15 act.

16 (3) Except for the insurance commissioner and the state health
17 officer, members of the commission shall occupy their positions on a
18 full-time basis and are exempt from the provisions of chapter 41.06
19 RCW. Commission members and the professional commission staff are
20 subject to the public disclosure provisions of chapter 42.17 RCW.
21 Members shall be paid a salary to be fixed by the governor in
22 accordance with RCW 43.03.040. A majority of the members of the
23 commission constitutes a quorum for the conduct of business.

24 NEW SECTION. **Sec. 304.** ADVISORY COMMITTEES. (1) The commission
25 shall establish a standing technical advisory committee with balanced
26 representation including physicians, hospitals, seniors, researchers,
27 allied health professions, business, labor, insurers, and consumers.
28 The commission may establish ad hoc technical advisory task forces to
29 provide advice on specific issues.

30 (2) The commission shall establish a "service effectiveness
31 advisory committee" to provide technical guidance to the commission.
32 The advisory committee shall be composed of ten to fifteen technical
33 experts, such as general practitioners, specialty health care
34 providers, health service researchers, health ethicists,
35 epidemiologists, and public health experts, who reflect the state's
36 ethnic and cultural diversity. The advisory committee shall perform
37 several functions, such as assessing the effectiveness of the uniform
38 benefit package based on the health status of the population.

1 (3) Committee members shall serve without compensation for their
2 services but shall be reimbursed for their expenses while attending
3 meetings on behalf of the commission in accordance with RCW 43.03.050
4 and 43.03.060.

5 NEW SECTION. **Sec. 305.** POWERS AND DUTIES OF THE CHAIR. The chair
6 shall be the chief administrative officer and the appointing authority
7 of the commission and has the following powers and duties:

8 (1) Direct and supervise the commission's administrative and
9 technical activities in accordance with the provisions of this chapter
10 and rules and policies adopted by the commission;

11 (2) Employ personnel of the commission, in accordance with chapter
12 41.06 RCW, and prescribe their duties. With the approval of a majority
13 of the commission, the chair may appoint persons to administer any
14 entity established pursuant to subsection (8) of this section, and up
15 to seven additional employees all of whom shall be exempt from the
16 provisions of chapter 41.06 RCW;

17 (3) Enter into contracts on behalf of the commission;

18 (4) Accept and expend gifts, donations, grants, and other funds
19 received by the commission;

20 (5) Delegate administrative functions of the commission to
21 employees of the commission as the chair deems necessary to ensure
22 efficient administration;

23 (6) Subject to approval of the commission, appoint advisory
24 committees and undertake studies, research, and analysis necessary to
25 support activities of the commission;

26 (7) Preside at meetings of the commission;

27 (8) Consistent with policies and rules established by the
28 commission, establish such administrative divisions, offices, or
29 programs as are necessary to carry out the purposes of chapter . . . ,
30 Laws of 1993 (this act); and

31 (9) Perform such other administrative and technical duties as are
32 consistent with chapter . . . , Laws of 1993 (this act) and the rules
33 and policies of the commission.

34 NEW SECTION. **Sec. 306.** POWERS AND DUTIES OF THE COMMISSION. The
35 commission has the following powers and duties:

36 (1) Ensure that all residents of Washington state are enrolled in
37 a certified health plan, regardless of age, sex, family structure,

1 ethnicity, race, health condition, geographic location, employment, or
2 economic status.

3 (2) Ensure that all residents of Washington state have access to
4 appropriate and effective health services. If certified health plans
5 are insufficient or unable to meet a population's needs for access to
6 certified health plan services, authorize appropriate state agencies,
7 local health departments, community or migrant health centers, public
8 hospital districts, or other nonprofit health service entities to take
9 actions necessary to assure such access. This may include authority to
10 contract for or to directly deliver services described within the
11 uniform benefit package to special populations.

12 (3) Develop a total state health services budget, according to the
13 requirements of section 354 of this act.

14 (4) Adopt necessary rules in accordance with chapter 34.05 RCW to
15 carry out the purposes of chapter . . . , Laws of 1993 (this act),
16 provided that an initial set of draft rules establishing at least the
17 commission's organization structure, the uniform benefit package,
18 limits on maximum enrollee financial participation, methods for
19 developing the state health services budget, and standards for
20 certified health plan and health care purchasing cooperative
21 certification, must be submitted in draft form to the legislature by
22 January 1995.

23 (5) Establish, and from time to time modify, the uniform benefit
24 package, as provided in section 347 of this act, which shall be offered
25 to enrollees of a certified health plan. The benefit package shall be
26 provided at no more than the maximum premium specified in subsection
27 (6) of this section.

28 (6) Establish for each year a strictly community-rated maximum
29 premium for the uniform benefits package that a certified health plan
30 may receive. The premium cost of the uniform benefits package in 1994
31 shall be based upon the actuarially determined cost of providing the
32 uniform benefit package in view of the best observed practice of
33 managed care plans operating in Washington between 1990 and 1993. The
34 cost of the uniform benefit package in 1994 shall be allowed to
35 increase by a rate no greater than the average growth rate in the cost
36 of the package between 1990 and 1993 as actuarially determined.
37 Beginning in 1995, the growth rate of the premium shall be reduced by
38 two percentage points per year until the growth rate is no greater than
39 growth in the Washington consumer price index, as determined by the

1 office of financial management. If the commission adds services or
2 benefits to the uniform benefit package in subsequent years, it may
3 increase the maximum premium to reflect the actual cost experience of
4 a sample of the state's lowest cost providers of that service, adjusted
5 actuarially. The addition of services or benefits shall not result in
6 a redetermination of the entire cost of the uniform benefit package.

7 (7) Monitor the actual growth in total annual health services
8 costs.

9 (8) Establish standards for capital expenditures by certified
10 health plans, health care facilities, or providers. A major capital
11 expenditure is defined as any single expenditure for capital
12 acquisitions, including medical technological equipment, as defined by
13 the commission, costing more than one million dollars. Periodically
14 the commission shall prioritize the proposed projects based on
15 standards of cost-effectiveness and access. The commission shall then
16 approve those projects in rank order that are within the limits of the
17 capital budget. The Washington health care facilities authority
18 authorized in chapter 70.37 RCW may not approve financing for a major
19 capital expenditure unless it has been approved by the commission under
20 this subsection.

21 (9) Establish maximum enrollee financial participation according to
22 chapter . . . , Laws of 1993 (this act).

23 (10) For health services provided under the uniform benefits
24 package, adopt standards for enrollment, billing, and claims
25 processing. The standards shall ensure that these procedures are
26 performed in a simplified, economical, and equitable manner for all
27 parties concerned. Subject to federal approval or phase-in schedules
28 whenever necessary or appropriate, the standards shall also apply to
29 health services purchased by the department of social and health
30 services, the department of labor and industries, the department of
31 health, the health care authority, the basic health plan, and plans
32 that provide the uniform benefits package to local governments and
33 public school employees.

34 (11) Propose or require that certified health plans have certain
35 practice indicators or risk management protocols for quality assurance,
36 utilization review, or provider payment. The commission may consider
37 indicators or protocols recommended according to section 310 of this
38 act for these purposes.

1 (12) Propose or require other guidelines to certified health plans
2 for utilization management, use of technology and methods of payment,
3 such as diagnosis-related groups and a resource-based relative value
4 scale. Such guidelines may be voluntary, but shall be mandatory if the
5 commission determines that their uniform implementation will promote
6 improved management of care, and provide incentives for improved
7 efficiency and effectiveness within the delivery system.

8 (13) Monitor the availability of health services to both
9 populations and geographic areas, to determine whether there are
10 residents lacking in access to necessary services. In the case where
11 individuals or populations may appear to be denied access to certified
12 health plans, the commission shall notify both the plan and the
13 commissioner of such a determination. In the case of finding a
14 geographic area with an appreciable number of residents unable to
15 access appropriate and effective health services the commission shall
16 adopt by rule standards by which the insurance commissioner may, in
17 such event, then require certified health plans in closest proximity to
18 such persons to extend their catchment areas to such persons and offer
19 them enrollment.

20 (14) Adopt standards and oversee and develop policy for a state-
21 wide health care data system as provided in chapter 70.170 RCW.

22 (15) Adopt standards that prevent conflict of interest by health
23 care providers as provided in RCW 19.68.010 and section 220 of this
24 act.

25 (16) Develop standards for the certification process to certify
26 health plans to provide the uniform benefit package, according to the
27 provisions for certified health plans under chapter . . . , Laws of 1993
28 (this act).

29 (17) Adopt standards applicable to all certified health plans that
30 will assure health care providers within the service area of a plan an
31 opportunity to negotiate on an equal basis the terms and conditions of
32 their professional relationship with the plan; to work cooperatively in
33 the development of any utilization review procedures, risk management
34 protocols for quality assurance, and practice indicators that might be
35 unique to a plan or local community; and such other professional issues
36 as the parties may need to pursue in the furtherance of the goals of
37 chapter . . . , Laws of 1993 (this act). The standards shall include
38 a dispute resolution process for the plan and providers. The providers

1 are authorized to organize and communicate for the purposes of the
2 negotiations under this section.

3 (18) Develop standards for the employer's cooperative health care
4 purchasing group certification process according to the provisions of
5 this chapter.

6 (19) In developing the uniform benefit package and other standards
7 pursuant to this section, consider the likelihood of the establishment
8 of a national health services plan adopted by the federal government
9 and its implications.

10 (20) Evaluate whether Washington is experiencing a higher
11 percentage in in-migration of residents from other states and
12 territories than would be expected by normal trends as a result of the
13 availability of comprehensive subsidized health care benefits for all
14 residents and report to the governor and the legislature their
15 findings.

16 To the extent that the exercise of any of the powers and duties
17 specified in this section may be inconsistent with the powers and
18 duties of other state agencies, offices, or commissions, the authority
19 of the commission shall supersede that of such other state agency,
20 office, or commission, except in matters of personal health data, where
21 the commission shall have primary data system policymaking authority
22 and the department of health shall have primary responsibility for the
23 maintenance and routine operation of personal health data systems.

24 NEW SECTION. **Sec. 307.** After consultation with the state health
25 officer and the insurance commissioner, and on the basis of evidence
26 established by independent actuarial analysis, if the governor finds
27 that the economic viability of a significant portion of the state's
28 certified health plans is seriously threatened, the governor may
29 increase the maximum premium by an amount that is no more than one
30 hundred fifty percent of the state average rate of growth in personal
31 income, and must immediately thereafter submit to the legislature a
32 proposal for a new formula for adjusting the maximum premium that must
33 be approved by each house of the legislature by a sixty percent vote.

34 NEW SECTION. **Sec. 308.** CONTINUOUS QUALITY IMPROVEMENT AND TOTAL
35 QUALITY MANAGEMENT. To ensure the highest quality health services at
36 the lowest total cost, the commission shall establish a total quality
37 management system of continuous quality improvement. Such endeavor

1 shall be based upon the recognized quality science for continuous
2 quality improvement. The commission shall impanel a committee composed
3 of persons from the private sector and related sciences who have broad
4 knowledge and successful experiences in continuous quality improvement
5 and total quality management applications. It shall be the
6 responsibility of the committee to develop standards for a Washington
7 state health services supplier certification process and recommend such
8 standards to the commission for review and adoption. Once adopted, the
9 commission shall establish a schedule, with full compliance no later
10 than July 1, 1996, whereby all health service providers and health
11 service facilities shall be certified prior to providing uniform
12 benefit package services. In conjunction with the commission's total
13 quality management efforts, the department of health shall develop a
14 regulatory system that supports the development and maintenance of
15 quality assurance plans throughout the medical community.

16 NEW SECTION. **Sec. 309.** Sections 301 through 308 of this act shall
17 constitute a new chapter in Title 43 RCW.

18 **B. PRACTICE INDICATORS**

19 NEW SECTION. **Sec. 310.** A new section is added to chapter 43.70
20 RCW to read as follows:

21 PRACTICE INDICATORS. The department of health shall consult with
22 health care providers, purchasers, health professional regulatory
23 authorities under RCW 18.130.040, appropriate research and clinical
24 experts, and consumers of health care services to identify specific
25 practice areas where practice indicators and risk management protocols
26 have been developed. Practice indicators shall be based upon expert
27 consensus and best available scientific evidence. The department
28 shall:

29 (1) Develop a definition of expert consensus and best available
30 scientific evidence so that practice indicators can serve as a standard
31 for excellence in the provision of health care services.

32 (2) Establish a process to identify and evaluate practice
33 indicators and risk management protocols as they are developed by the
34 appropriate professional, scientific, and clinical communities.

1 (3) Recommend the use of practice indicators and risk management
2 protocols in quality assurance, utilization review, or provider payment
3 to the health services commission.

4 **C. HEALTH CARE LIABILITY REFORMS**

5 NEW SECTION. **Sec. 311.** A new section is added to Title 48 RCW to
6 read as follows:

7 MEDICAL MALPRACTICE PROVISIONS FOR CERTIFIED HEALTH PLAN
8 PARTICIPANTS. (1) No policy for medical malpractice that insures,
9 indemnifies, or otherwise protects a certified health plan or a
10 provider caring for patients according to a certified health plan
11 contract from medical malpractice may maintain a ratio of losses to
12 gross income from premiums that is less than eighty-five percent.

13 (2) Neither a certified health plan nor a health care provider
14 caring for patients according to a certified health plan contract shall
15 be subject to liability for harm under this chapter for health care
16 provided in accordance with a practice indicator adopted by the health
17 services commission unless the claimant establishes by a preponderance
18 of the evidence that the provider's application or execution of the
19 practice indicator was a failure to follow the accepted standard of
20 care.

21 (3) A certified health plan shall be subrogated to a participant's
22 claim under chapter 7.70 RCW against a health care provider and shall
23 have a lien against any recovery based on such claim as provided in
24 this section. The right of subrogation and the lien granted by this
25 section is limited to payments made by the plan for health care
26 relating to the claim. The lien shall be enforceable only if the
27 recovery fully compensates the participant for his or her loss.

28 (4) No health care provider or facility may deliver care covered by
29 a certified health plan without first presenting evidence of
30 malpractice insurance in at least the amount specified by the
31 commission.

32 **Sec. 312.** RCW 18.130.160 and 1986 c 259 s 8 are each amended to
33 read as follows:

34 FINDING OF UNPROFESSIONAL CONDUCT--ORDERS--SANCTIONS--STAY--COSTS.
35 Upon a finding that a license holder or applicant has committed
36 unprofessional conduct or is unable to practice with reasonable skill

1 and safety due to a physical or mental condition, the disciplining
2 authority may issue an order providing for one or any combination of
3 the following:

4 (1) Revocation of the license;

5 (2) Suspension of the license for a fixed or indefinite term;

6 (3) Restriction or limitation of the practice;

7 (4) Requiring the satisfactory completion of a specific program of
8 remedial education or treatment;

9 (5) The monitoring of the practice by a supervisor approved by the
10 disciplining authority;

11 (6) Censure or reprimand;

12 (7) Compliance with conditions of probation for a designated period
13 of time;

14 (8) Payment of a fine for each violation of this chapter, not to
15 exceed (~~one~~) five thousand dollars per violation. Funds received
16 shall be placed in the health professions account;

17 (9) Denial of the license request;

18 (10) Corrective action;

19 (11) Refund of fees billed to and collected from the consumer.

20 Any of the actions under this section may be totally or partly
21 stayed by the disciplining authority. In determining what action is
22 appropriate, the disciplining authority must first consider what
23 sanctions are necessary to protect or compensate the public. Only
24 after such provisions have been made may the disciplining authority
25 consider and include in the order requirements designed to rehabilitate
26 the license holder or applicant. All costs associated with compliance
27 with orders issued under this section are the obligation of the license
28 holder or applicant.

29 **Sec. 313.** RCW 18.130.190 and 1991 c 3 s 271 are each amended to
30 read as follows:

31 PRACTICE WITHOUT LICENSE--INVESTIGATION OF COMPLAINTS--TEMPORARY
32 CEASE AND DESIST ORDERS--INJUNCTIONS--PENALTY. (1) The secretary shall
33 investigate complaints concerning practice by unlicensed persons of a
34 profession or business for which a license is required by the chapters
35 specified in RCW 18.130.040. In the investigation of the complaints,
36 the secretary shall have the same authority as provided the secretary
37 under RCW 18.130.050. The secretary shall issue a cease and desist
38 order to a person after notice and hearing and upon a determination

1 that the person has violated this subsection. If the secretary makes
2 a written finding of fact that the public interest will be irreparably
3 harmed by delay in issuing an order, the secretary may issue a
4 temporary cease and desist order. The cease and desist order shall not
5 relieve the person so practicing or operating a business without a
6 license from criminal prosecution therefor, but the remedy of a cease
7 and desist order shall be in addition to any criminal liability. The
8 cease and desist order is conclusive proof of unlicensed practice and
9 may be enforced under RCW 7.21.060. This method of enforcement of the
10 cease and desist order may be used in addition to, or as an alternative
11 to, any provisions for enforcement of agency orders set out in chapter
12 34.05 RCW.

13 (2) The attorney general, a county prosecuting attorney, the
14 secretary, a board, or any person may in accordance with the laws of
15 this state governing injunctions, maintain an action in the name of
16 this state to enjoin any person practicing a profession or business for
17 which a license is required by the chapters specified in RCW 18.130.040
18 without a license from engaging in such practice or operating such
19 business until the required license is secured. However, the
20 injunction shall not relieve the person so practicing or operating a
21 business without a license from criminal prosecution therefor, but the
22 remedy by injunction shall be in addition to any criminal liability.

23 (3) Unlicensed practice of a profession or operating a business for
24 which a license is required by the chapters specified in RCW
25 18.130.040, unless otherwise exempted by law, constitutes a gross
26 misdemeanor. All fees, fines, forfeitures, and penalties collected or
27 assessed by a court because of a violation of this section shall be
28 remitted to the health professions account.

29 (4) In addition to the remedies provided in this section, the
30 secretary is authorized to impose a civil penalty of up to five
31 thousand dollars on any person engaged, without a license, in a
32 profession or business for which a license is required by the chapters
33 specified in RCW 18.130.040. The imposition of such civil penalty
34 shall occur only subsequent to a hearing in conformance with the
35 provisions of chapter 34.05 RCW in any case in which the secretary
36 finds that there has been a failure or refusal to comply with the
37 provisions of any chapters specified in RCW 18.130.040.

1 NEW SECTION. **Sec. 314.** A new section is added to Title 70 RCW to
2 read as follows:

3 RISK MANAGEMENT TRAINING WITHIN HEALTH FACILITIES. Effective July
4 1, 1994, each health care provider, facility, or health maintenance
5 organization that self-insures for liability risks related to medical
6 malpractice and employs physicians or other independent health care
7 practitioners in Washington state shall condition each physician's and
8 practitioner's liability coverage by that entity upon that physician's
9 or practitioner's participation in risk management training offered by
10 the provider, facility, or health maintenance organization to its
11 employees. The risk management training shall provide information
12 related to avoiding adverse health outcomes resulting from substandard
13 practice and minimizing damages associated with those adverse health
14 outcomes that occur. For purposes of this section, "independent health
15 care practitioner" means those health care practitioner licensing
16 classifications designated by the department of health in rule under
17 this section. On or before January 1, 1994, the department shall
18 designate by rule:

19 (1) Those health professions whose scope of practice includes
20 independent practice;

21 (2) For each health profession whose scope of practice includes
22 independent practice, whether malpractice insurance is available; and

23 (3) If such insurance is available, the appropriate minimum level
24 of mandated coverage.

25 NEW SECTION. **Sec. 315.** A new section is added to chapter 48.22
26 RCW to read as follows:

27 RISK MANAGEMENT TRAINING OF INDEPENDENT HEALTH CARE PRACTITIONERS.
28 Effective July 1, 1994, a casualty insurer's issuance of a new medical
29 malpractice policy or renewal of an existing medical malpractice
30 policy, to a physician or other independent health care practitioner,
31 shall be conditioned upon that practitioner's participation in, and
32 completion of, health care liability risk management training offered
33 by the insurer. The risk management training shall provide information
34 related to avoiding adverse health outcomes resulting from substandard
35 practice and minimizing damages associated with those adverse health
36 outcomes that occur. For purposes of this section, "independent health
37 care practitioners" means those health care practitioner licensing

1 classifications designated by the department of health in rule pursuant
2 to section 314 of this act.

3 **Sec. 316.** RCW 70.41.200 and 1991 c 3 s 336 are each amended to
4 read as follows:

5 MEDICAL MALPRACTICE PREVENTION PROGRAM--QUALITY ASSURANCE
6 COMMITTEE--SANCTION AND GRIEVANCE PROCEDURES--INFORMATION COLLECTION
7 AND REPORTING. (1) Every hospital shall maintain a coordinated program
8 for the identification and prevention of medical malpractice. The
9 program shall include at least the following:

10 (a) The establishment of a quality assurance committee with the
11 responsibility to review the services rendered in the hospital in order
12 to improve the quality of medical care of patients and to prevent
13 medical malpractice. The committee shall oversee and coordinate the
14 medical malpractice prevention program and shall insure that
15 information gathered pursuant to the program is used to review and to
16 revise hospital policies and procedures. At least one member of the
17 committee shall be a member of the governing board of the hospital who
18 is not otherwise affiliated with the hospital in an employment or
19 contractual capacity;

20 (b) A medical staff privileges sanction procedure through which
21 credentials, physical and mental capacity, and competence in delivering
22 health care services are periodically reviewed as part of an evaluation
23 of staff privileges;

24 (c) The periodic review of the credentials, physical and mental
25 capacity, and competence in delivering health care services of all
26 persons who are employed or associated with the hospital;

27 (d) A procedure, including but not limited to, mediation, for the
28 prompt resolution of grievances by patients or their representatives
29 related to accidents, injuries, treatment, and other events that may
30 result in claims of medical malpractice;

31 (e) The maintenance and continuous collection of information
32 concerning the hospital's experience with negative health care outcomes
33 and incidents injurious to patients, patient grievances, professional
34 liability premiums, settlements, awards, costs incurred by the hospital
35 for patient injury prevention, and safety improvement activities;

36 (f) The maintenance of relevant and appropriate information
37 gathered pursuant to (a) through (e) of this subsection concerning

1 individual physicians within the physician's personnel or credential
2 file maintained by the hospital;

3 (g) Education programs dealing with patient safety, injury
4 prevention, staff responsibility to report professional misconduct, the
5 legal aspects of patient care, improved communication with patients,
6 and causes of malpractice claims for staff personnel engaged in patient
7 care activities; and

8 (h) Policies to ensure compliance with the reporting requirements
9 of this section.

10 (2) Any person who, in substantial good faith, provides information
11 to further the purposes of the medical malpractice prevention program,
12 or who, in substantial good faith, participates on the quality
13 assurance committee, or who, in substantial good faith, assists in a
14 broader scope of quality assurance by health care service providers
15 shall not be subject to an action for civil damages or other relief as
16 a result of such activity.

17 (3) Information and documents, including complaints and incident
18 reports, created, collected, and maintained about health care providers
19 arising out of the matters that are under review or have been evaluated
20 by a review committee conducting quality assurance reviews or that are
21 related to general quality assurance activities are not subject to
22 discovery or introduction into evidence in any civil action, and no
23 person who was in attendance at a meeting of such committee or board or
24 quality assurance activities shall be permitted or required to testify
25 in any civil action as to the content of such proceedings or
26 activities. This subsection does not preclude: (a) In any civil
27 action, the testimony of any person concerning the facts which form the
28 basis for the institution of such proceedings of which the person had
29 personal knowledge acquired independently of such proceedings; (b) in
30 any civil action by a health care provider regarding the restriction or
31 revocation of that individual's clinical or staff privileges,
32 introduction into evidence information collected and maintained by
33 quality assurance committees regarding such health care provider; (c)
34 in any civil action, disclosure of the fact that staff privileges were
35 terminated or restricted, including the specific restrictions imposed,
36 if any; or (d) in any civil action, discovery and introduction into
37 evidence of the patient's medical records required by regulation of the
38 department of health to be made regarding the care and treatment
39 received.

1 (4) The department of health shall adopt such rules as are deemed
2 appropriate to effectuate the purposes of this section.

3 (5) The medical disciplinary board or the board of osteopathic
4 medicine and surgery, as appropriate, may review and audit the records
5 of committee decisions in which a physician's privileges are terminated
6 or restricted. Each hospital shall produce and make accessible to the
7 board the appropriate records and otherwise facilitate the review and
8 audit. Information so gained shall not be subject to the discovery
9 process and confidentiality shall be respected as required by
10 subsection (3) of this section. Failure of a hospital to comply with
11 this subsection is punishable by a civil penalty not to exceed two
12 hundred fifty dollars.

13 (6) Violation of this section shall not be considered negligence
14 per se.

15 **D. CERTIFIED HEALTH PLANS**

16 NEW SECTION. **Sec. 317.** CERTIFIED HEALTH PLANS--REGISTRATION
17 REQUIRED--PENALTY. (1) No person or entity in this state shall, by
18 mail or otherwise, act or hold himself or herself out to be a certified
19 health plan as defined by section 302 of this act without being
20 registered with the insurance commissioner.

21 (2) Any one violating subsection (1) of this section is liable for
22 a fine not to exceed ten thousand dollars and imprisonment not to
23 exceed six months for each instance of such violation.

24 NEW SECTION. **Sec. 318.** PROVIDER ELIGIBILITY TO PARTICIPATE IN
25 PLANS. All certified health plans and other health care coverage
26 programs, irrespective of whether insured or self-insured, funded by
27 state and local governments or private entities, subject to the
28 jurisdiction of the state of Washington, may establish terms and
29 conditions to be met by providers wishing to enter into an agreement
30 with the plan to provide services to the plan's enrollees. No plan or
31 agent of a plan may deny a provider the right to enter into such an
32 agreement if the provider is willing and able to meet the
33 qualifications and conditions established in that agreement. Plans may
34 terminate providers in accordance with the agreement's terms.
35 Providers terminated by a plan under any agreement need not be accepted
36 by the plan into its other or subsequent agreements.

1 NEW SECTION. **Sec. 319.** ELIGIBILITY REQUIREMENTS FOR CERTIFICATE
2 OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation,
3 cooperative group, partnership, association or groups of health
4 professionals licensed by the state of Washington, public hospital
5 district, or public institutions of higher education shall be entitled
6 to a certificate from the insurance commissioner as a certified health
7 plan if it:

8 (1) Provides the benefits prescribed by the uniform benefit package
9 to enrolled Washington residents on a prepaid per capita basis for a
10 total cost, which may not exceed the maximum premium established by the
11 commission and provides such health services either directly or through
12 arrangements with institutions, entities, and persons that its enrolled
13 population might reasonably require in accordance with the rules
14 established by the health services commission;

15 (2) Accepts for enrollment any state resident working or residing
16 in the area of the state serviced by the plan, and provides or assures
17 the provision of all services within the uniform benefit package
18 regardless of age, sex, family structure, ethnicity, race, health
19 condition, geographic location within the plan's service area as filed
20 with the insurance commissioner, employment status, or other condition
21 or situation, however, the commissioner may grant a temporary exemption
22 from this subsection, if, upon application by a certified health
23 plan, the commissioner finds that the clinical, financial, or
24 administrative capacity to serve existing enrollees will be impaired if
25 a certified health plan is required to continue enrollment of
26 additional eligible individuals;

27 (3) Demonstrates to the satisfaction of the insurance commissioner
28 in consultation with the department of health and the health services
29 commission that its facilities and personnel are adequate to provide
30 the benefits prescribed in the uniform benefit package to enrolled
31 Washington residents, and that it is financially capable of providing
32 such residents with, or has made adequate contractual arrangements with
33 health care providers and facilities to provide the residents with such
34 services, including assuring reasonable access to local providers,
35 especially for enrollees residing in rural areas;

36 (4) Complies with administrative rules prescribed by the health
37 services commission, the insurance commissioner, and other appropriate
38 state agencies governing the conduct of the certified health plans;

1 (5) Submits an application for certification as a certified health
2 plan, which shall be verified by an officer or authorized
3 representative of the applicant, being in a form as the insurance
4 commissioner prescribes in consultation with the health services
5 commission;

6 (6) Meets the minimum net worth requirements set forth in section
7 331 of this act and the funding reserve requirements set forth in
8 section 332 of this act;

9 (7) With the exception of employer self-funded health insurance
10 arrangements, offers a policy for long-term care services defined by
11 the health services commission that are not included in the uniform
12 benefit package. Such offering shall be made to all plan enrollees
13 wishing to purchase such a plan on a guaranteed-issue basis without
14 underwriting;

15 (8) Discloses to patients the charity care requirements under
16 chapter 70.170 RCW; and

17 (9) Provides all enrollees with instruction and informational
18 materials to increase individual and family awareness of injury and
19 illness prevention; encourages assumption of personal responsibility
20 for protecting personal health; and stimulates discussion about the use
21 and limits of medical care in improving the health of individuals and
22 communities.

23 A certified health plan may establish the geographic boundaries in
24 which they will obligate themselves to deliver the services required
25 under the uniform benefit package and include such information in their
26 application for certification, but the commissioner shall review such
27 boundaries and may disapprove, in conformance to guidelines adopted by
28 the commission, those which have been clearly drawn to be exclusionary
29 within a health care catchment area.

30 NEW SECTION. **Sec. 320.** Nothing in this chapter precludes an
31 entity from insuring, providing, contracting, or receiving payment for
32 health services or levels of services not included in the uniform
33 benefit package, nor does anything in this chapter restrict an employer
34 from offering, an employee representative from negotiating for, or an
35 individual from purchasing, services or levels of service not included
36 in the uniform benefit package directly.

1 NEW SECTION. **Sec. 321.** DENTAL HEALTH CARE SERVICE. If a
2 corporation or cooperative group meets all requirements as a certified
3 health plan under chapter . . . , Laws of 1993 (this act), except those
4 in section 319(7) of this act, the commissioner may waive the
5 requirement that such certified health plan provide all services within
6 the uniform benefit package except dental services. The commissioner
7 shall adopt rules necessary to implement this section.

8 NEW SECTION. **Sec. 322.** No health care provider may be required by
9 law or contract in any circumstances to participate in the provision of
10 any uniform benefit if she or he objects to so doing for reason of
11 conscience or religion. No person may be discriminated against in
12 employment or professional privileges because of such objection.

13 The provisions of this section are not intended to result in an
14 enrollee being denied access to any service within the uniform benefit
15 package. The commission shall establish procedures that certified
16 health plans must follow to inform enrollees if any provider within the
17 certified health plan may refuse to perform a uniform benefit package
18 service out of conscience. The procedures shall include written
19 information that lists the services that a provider may refuse to
20 perform, and the name of a provider within the certified health plan
21 who will provide each such service.

22 NEW SECTION. **Sec. 323.** ISSUANCE OF CERTIFICATE--GROUNDS FOR
23 REFUSAL. The commissioner shall issue a certificate as a certified
24 health plan to an applicant within one hundred twenty days of such
25 filing unless the commissioner notifies the applicant within such time
26 that such application is not complete and the reasons therefor; or that
27 the commissioner is not satisfied that:

28 (1) The basic organization document of the applicant permits the
29 applicant to conduct business as a certified health plan;

30 (2) The applicant has demonstrated the intent and ability to assure
31 that the health services will be provided in a manner to assure both
32 their availability and accessibility;

33 (3) The organization is financially responsible and may be
34 reasonably expected to meet its obligations to its enrolled
35 participants. In making this determination, the commissioner shall
36 consider among other relevant factors:

1 (a) Any agreements with a casualty insurer, a government agency, or
2 any other organization paying or insuring payment for health care
3 services;

4 (b) Any agreements with providers for the provision of health care
5 services; and

6 (c) Any arrangements for liability and malpractice insurance
7 coverage.

8 (4) The procedures for offering health care services are reasonable
9 and equitable; and

10 (5) Procedures have been established to:

11 (a) Monitor the quality of care provided by the certified health
12 plan including standards and guidelines provided by the health services
13 commission and other appropriate state agencies;

14 (b) Operate internal peer review mechanisms; and

15 (c) Resolve complaints and grievances in accordance with section
16 336 of this act and rules established by the insurance commissioner in
17 consultation with the commission.

18 NEW SECTION. **Sec. 324.** A certified health plan may not
19 discriminate against a health care provider in offering health care
20 services to beneficiaries under chapter . . . , Laws of 1993 (this act)
21 where (1) the services are within the scope of practice of the health
22 care provider; and (2) the benefit authorized by the commission is one
23 that is provided by the certified health plan. Nothing in this section
24 shall affect the ability of the certified health plan to utilize the
25 most cost-effective and clinically efficacious treatment modalities.

26 NEW SECTION. **Sec. 325.** PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--
27 FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES
28 PROHIBITED. (1) The insurance commissioner shall verify that the
29 certified health plan and its providers are charging no more than the
30 maximum premiums and enrollee financial participation amounts during
31 the course of financial and market conduct examinations or more
32 frequently if justified in the opinion of the insurance commissioner or
33 upon request by the health services commission.

34 (2) The certified health plans shall file the premium schedules
35 including employer contributions, enrollee premium sharing, and
36 enrollee point of service cost sharing amounts with the insurance

1 commissioner, within thirty days of establishment by the health
2 services commission.

3 (3) No certified health plan or its provider may charge any fees,
4 assessments, or charges in addition to the premium amount or in excess
5 of the maximum enrollee financial participation limits established by
6 the health services commission. The certified health plan that
7 directly provides health care services may charge and collect the
8 enrollee point of service cost sharing fees as established in the
9 uniform benefit package or other approved benefit plan.

10 NEW SECTION. Sec. 326. ANNUAL STATEMENT FILING--CONTENTS--PENALTY
11 FOR FAILURE TO FILE--ACCURACY REQUIRED. (1) Every certified health
12 plan shall annually not later than March 1 of the calendar year, file
13 with the insurance commissioner a statement verified by at least two of
14 its principal officers showing its financial condition as of December
15 31 of the preceding year.

16 (2) Such annual report shall be in such form as the insurance
17 commissioner shall prescribe and shall include:

18 (a) A financial statement of the certified health plan, including
19 its balance sheet and receipts and disbursements for the preceding
20 year, which reflects at a minimum;

21 (i) All prepayments and other payments received for health care
22 services rendered pursuant to certified health plan benefit packages;

23 (ii) Expenditures to all categories of health care facilities,
24 providers, and organizations with which the plan has contracted to
25 fulfill obligations to enrolled residents arising out of the uniform
26 benefit package and other approved supplemental benefit agreements,
27 together with all other direct expenses including depreciation,
28 enrollment, and commission; and

29 (iii) Expenditures for capital improvements, or additions thereto,
30 including but not limited to construction, renovation, or purchase of
31 facilities and capital equipment;

32 (b) A report of the names and addresses of all officers, directors,
33 or trustees of the certified health plan during the preceding year, and
34 the amount of wages, expense reimbursements, or other payments to such
35 individuals. For partnership and professional service corporations, a
36 report shall be made for partners or shareholders as to any
37 compensation or expense reimbursement received by them for services,

1 other than for services and expenses relating directly for patient
2 care;

3 (c) The number of residents enrolled and terminated during the
4 report period. Additional information regarding the enrollment and
5 termination pattern for a certified health plan may be required by the
6 commissioner to demonstrate compliance with the open enrollment and
7 free access requirements of chapter . . . , Laws of 1993 (this act).
8 The insurance commissioner shall specify additional information to be
9 reported which may include but not be limited to age, sex, location,
10 and health status information.

11 (d) Such other information relating to the performance of the
12 certified health plan or the health care facilities or providers with
13 which it has contracted as reasonably necessary to the proper and
14 effective administration of this chapter in accordance with rules and
15 regulations;

16 (e) Disclosure of any financial interests held by officers and
17 directors in any providers associated with the certified health plan or
18 provider of the certified health plan;

19 (3) The commissioner may require quarterly reporting of financial
20 information, such information to be furnished in a format prescribed by
21 the commissioner in consultation with the commission.

22 (4) The commissioner may for good reason allow a reasonable
23 extension of time within which such annual statement shall be filed.

24 (5) The commissioner may suspend or revoke the certificate of a
25 certified health plan for failing to file its annual statement when due
26 or during any extension of time therefor which the commissioner, for
27 good cause, may grant.

28 (6) The commission shall publish and make available to the health
29 services commission and the major newspapers of the state an annual
30 summary report of at least the information required in subsections (2)
31 and (3) of this section.

32 (7) No person shall knowingly file with any public official or
33 knowingly make, publish, or disseminate any financial statement of a
34 certified health plan that does not accurately state the certified
35 health plan's financial conditions.

36 NEW SECTION. **Sec. 327.** COVERAGE NOT DENIED--ENROLLMENT LIMITED TO
37 ONE CERTIFIED HEALTH PLAN. No certified health plan may deny coverage
38 to a resident residing within the service area of the certified health

1 plan. No Washington resident may be enrolled in more than one
2 certified health plan at any one time. An enrollee of a certified
3 health plan who changes their place of employment or residence may
4 remain enrolled with that plan. Coverage shall be transferable from
5 one certified health plan to another certified health plan upon thirty
6 days' written notice. Such transfer shall be without penalty or
7 waiting period. Accidents and sickness that commenced under the prior
8 certified health plan shall be covered by the replacement certified
9 health plan from the effective date of coverage under the replacement
10 certified health plan.

11 NEW SECTION. **Sec. 328.** MISREPRESENTATIONS TO INDUCE TERMINATION
12 OR RETENTION OF ENROLLMENT PROHIBITED. No certified health plan or any
13 person representing a certified health plan may make misrepresentation
14 or misleading comparisons to induce or attempt to induce any enrollee
15 or employer group to terminate or retain membership in a certified
16 health plan.

17 NEW SECTION. **Sec. 329.** PENALTY FOR VIOLATIONS. A certified
18 health plan which, or person who, violates any provision of this
19 chapter is guilty of a gross misdemeanor, unless the penalty is
20 otherwise specifically provided.

21 NEW SECTION. **Sec. 330.** PROVIDER CONTRACTS--ENROLLED RESIDENT'S
22 LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of
23 this section, every contract between a certified health plan and its
24 providers of health care services shall be in writing and shall set
25 forth that in the event the certified health plan fails to pay for
26 health care services as set forth in the uniform benefit package, the
27 enrollee is not liable to the provider for any sums owed by the
28 certified health plan. Every such contract shall provide that this
29 requirement shall survive termination of the contract.

30 (2) The provisions of subsection (1) of this section shall not
31 apply to emergency care from a provider who is not a contracting
32 provider with the certified health plan, or to emergent and urgently
33 needed out-of-area services.

34 (3) The insurance commissioner in consultation with the health
35 services commission shall adopt rules governing the content and
36 structure of the provider contracts.

1 (4) The certified health plan shall file the contracts with the
2 insurance commissioner for approval thirty days prior to use.

3 NEW SECTION. **Sec. 331.** MINIMUM NET WORTH--REQUIREMENTS TO
4 MAINTAIN--DETERMINATION OF AMOUNT. (1) Every certified health plan
5 must maintain a minimum net worth equal to the greater of:

6 (a) One million dollars; or

7 (b) Two percent of annual premium revenues as reported on the most
8 recent annual financial statement filed with the insurance commissioner
9 on the first one hundred fifty million dollars of premium and one
10 percent of annual premium on the premium in excess of one hundred fifty
11 million dollars; or

12 (c) An amount equal to the sum of three months' uncovered
13 expenditures as reported on the most recent financial statement filed
14 with the commissioner.

15 (2) Every health care service contractor, health maintenance
16 organization, or disability insurance company that has a valid
17 certificate of registration or certificate of authority issued prior to
18 the effective date of this section, shall demonstrate to the insurance
19 commissioner that it has achieved the minimum net worth standards set
20 forth in subsection (1) of this section not later than January 1, 1994.

21 (3)(a) In determining net worth, no debt shall be considered fully
22 subordinated unless the subordination clause is in a form acceptable to
23 the commissioner. An interest obligation relating to the repayment of
24 a subordinated debt must be similarly subordinated.

25 (b) The interest expenses relating to the repayment of a fully
26 subordinated debt shall not be considered uncovered expenditures.

27 (c) A subordinated debt incurred by a note meeting the requirements
28 of this section, and otherwise acceptable to the insurance
29 commissioner, shall not be considered a liability and shall be recorded
30 as equity.

31 (4) Every certified health plan shall, in determining liabilities,
32 include an amount estimated in the aggregate to provide for unearned
33 premiums and for the payment of claims for health care expenditures
34 that have been incurred, whether reported or unreported, which are
35 unpaid and for which such organization is or may be liable and to
36 provide for the expense of adjustment or settlement of such claims.

1 The claims shall be computed in accordance with rules adopted by
2 the insurance commissioner in consultation with the health services
3 commission.

4 NEW SECTION. **Sec. 332.** FUNDED RESERVE REQUIREMENTS. (1) Each
5 certified health plan obtaining certification from the insurance
6 commissioner shall provide and maintain a funded reserve of one hundred
7 fifty thousand dollars. The funded reserve shall be deposited with the
8 insurance commissioner or with any organization acceptable to the
9 commissioner in the form of cash, securities eligible for investment
10 under chapter 48.13 RCW, approved surety bond, or any combination of
11 these, and must be equal to or exceed one hundred fifty thousand
12 dollars. The funded reserve shall be established as an assurance that
13 the uncovered expenditures obligations of the certified health plan to
14 the enrolled Washington residents shall be performed.

15 (2) All income from reserves on deposit with the commissioner shall
16 belong to the depositing certified health plan and shall be paid to it
17 as it becomes available.

18 (3) Funded reserves required by this section shall be considered an
19 asset in determining the plan's net worth.

20 NEW SECTION. **Sec. 333.** EXAMINATION OF CERTIFIED HEALTH PLANS,
21 POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS.

22 (1) The insurance commissioner shall make an examination of the
23 operations of a certified health plan as often as the commissioner
24 deems it necessary in order to assure the financial security and health
25 and safety of the enrolled residents. The insurance commissioner shall
26 make an examination of a certified health plan not less than once every
27 three calendar years.

28 (2) Every certified health plan shall submit its books and records
29 relating to its operation for financial condition and market conduct
30 examinations and in every way facilitate them. The quality or
31 appropriateness of medical services and systems shall be examined by
32 the department of health except that the insurance commissioner may
33 review such areas to the extent that such items impact the financial
34 condition or the market conduct of the certified health plan. For the
35 purpose of the examinations the insurance commissioner may issue
36 subpoenas, administer oaths, and examine the officers and principals of
37 the certified health plans concerning their business.

1 (3) The insurance commissioner may elect to accept and rely on
2 audit reports made by an independent certified public accountant for
3 the certified health plan in the course of that part of the insurance
4 commissioner's examination covering the same general subject matter as
5 the audit. The commissioner may incorporate the audit report in his or
6 her report of the examination.

7 (4) Certified health plans shall be equitably assessed to cover the
8 cost of financial conditional and market conduct examinations, the
9 costs of adopting rules, and the costs of enforcing the provisions of
10 this chapter. The assessments shall be levied not less frequently
11 than once every twelve months and shall be in an amount expected to
12 fund the examinations, adoption of rules, and enforcement of the
13 provisions of this chapter including a reasonable margin for cost
14 variations. The assessments shall be established by rules adopted by
15 the commissioner in consultation with the health services commission
16 but shall not exceed five and one-half cents per month per resident
17 enrolled in the certified health plan. The minimum assessment shall be
18 one thousand dollars. Assessment receipts shall be deposited in the
19 insurance commissioner's regulatory account in the state treasury and
20 shall be used for the purpose of funding the examinations authorized in
21 subsection (1) of this section. Assessments received shall be used to
22 pay a pro rata share of the costs, including overhead of regulating
23 certified health plans. Amounts remaining in the separate account at
24 the end of a biennium shall be applied to reduce the assessments in
25 succeeding biennia.

26 NEW SECTION. **Sec. 334.** INSOLVENCY--COMMISSIONER'S DUTIES,
27 CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE. (1) In the event of
28 insolvency of a certified health plan and upon order of the
29 commissioner, all other certified health plans shall offer the enrolled
30 Washington residents of the insolvent certified health plan the
31 opportunity to enroll in a solvent certified health plan. Enrollment
32 shall be without prejudice for any preexisting condition and shall be
33 continuous provided the resident enrolls in the new certified health
34 plan within thirty days of the date of insolvency and otherwise
35 complies with the certified health plan's managed care procedures
36 within the thirty-day open enrollment period.

37 (2) The insurance commissioner, in consultation with the health
38 services commission, shall establish guidelines for the equitable

1 distribution of the insolvent certified health plan's enrollees to the
2 remaining certified health plans. Such guidelines may include
3 limitations to enrollment based on financial conditions, provider
4 delivery network, administrative capabilities of the certified health
5 plan, and other reasonable measures of the certified health plan's
6 ability to provide benefits to the newly enrolled residents.

7 (3) Each certified health plan shall have a plan for handling
8 insolvency that allows for continuation of benefits for the duration of
9 the coverage period for which premiums have been paid and continuation
10 of benefits to enrolled Washington residents who are confined on the
11 date of insolvency in an inpatient facility until their discharge or
12 transfer to a new certified health plan as provided in subsection (1)
13 of this section. Such plan shall be approved by the insurance
14 commissioner at the time of certification and shall be submitted for
15 review and approval on an annual basis. The commissioner shall approve
16 such a plan if it includes:

17 (a) Insurance to cover the expenses to be paid for continued
18 benefits after insolvency;

19 (b) Provisions in provider contracts that obligate the provider to
20 provide services for the duration of the period after the certified
21 health plan's insolvency for which premium payment has been made and
22 until the enrolled participant is transferred to a new certified health
23 plan in accordance with subsection (1) of this section. Such extension
24 of coverage shall not obligate the provider of service beyond thirty
25 days following the date of insolvency;

26 (c) Use of the funded reserve requirements as provided under
27 section 332 of this act;

28 (d) Acceptable letters of credit or approved surety bonds; or

29 (e) Other arrangements the insurance commissioner and certified
30 health plan mutually agree are appropriate to assure that benefits are
31 continued.

32 NEW SECTION. **Sec. 335.** FINANCIAL FAILURE, SUPERVISION OF
33 COMMISSIONER--PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any
34 rehabilitation, liquidation, or conservation of a certified health plan
35 shall be deemed to be the rehabilitation, liquidation, or conservation
36 of an insurance company and shall be conducted under the supervision of
37 the insurance commissioner under the law governing the rehabilitation,
38 liquidation, or conservation of insurance companies. The insurance

1 commissioner may apply for an order directing the insurance
2 commissioner to rehabilitate, liquidate, or conserve a certified health
3 plan upon one or more of the grounds set forth in RCW 48.31.030,
4 48.31.050, and 48.31.080. Enrolled residents shall have the same
5 priority in the event of liquidation or rehabilitation as the law
6 provides to policyholders of an insurer.

7 (2) For purposes of determining the priority of distribution of
8 general assets, claims of enrolled residents and their dependents shall
9 have the same priority as established by RCW 48.31.280 for
10 policyholders and their dependents of insurance companies. If an
11 enrolled resident is liable to a provider for services under and
12 covered by a certified health plan, that liability shall have the
13 status of an enrolled resident claim for distribution of general
14 assets.

15 (3) A provider who is obligated by statute or agreement to hold
16 enrolled residents harmless from liability for services provided under
17 and covered by a certified health plan shall have a priority of
18 distribution of the general assets immediately following that of
19 enrolled residents and enrolled residents' dependents as described in
20 this section, and immediately preceding the priority of distribution
21 described in RCW 48.31.280(2)(e).

22 NEW SECTION. **Sec. 336.** GRIEVANCE PROCEDURE. A certified health
23 plan shall establish and maintain a grievance procedure approved by the
24 commissioner, to provide a reasonable and effective resolution of
25 complaints initiated by enrolled Washington residents concerning any
26 matter relating to the provision of benefits under the uniform benefit
27 package, access to health care services, and quality of services. Each
28 certified health plan shall respond to complaints filed with the
29 insurance commissioner within twenty working days. The insurance
30 commissioner in consultation with the health care commission shall
31 establish standards for grievance procedures and resolution.

32 **E. EMPLOYERS' COOPERATIVE HEALTH CARE PURCHASING GROUPS**

33 NEW SECTION. **Sec. 337.** EMPLOYERS' COOPERATIVE HEALTH CARE
34 PURCHASING GROUP--DEFINITION, OPEN ACCESS, REGISTRATION. A purchasing
35 group that intends to purchase health care coverage from a certified
36 health plan shall furnish notice to the commissioner which shall: (1)

1 Identify the principal name and address of the purchasing group, (2)
2 furnish the names and addresses of the officers of the purchasing
3 group, (3) include copies of letters of agreement for participation in
4 the purchasing group including minimum term of participation, and (4)
5 provide any other information as prescribed by the insurance
6 commissioner in consultation with the health services commission to
7 verify that the purchasing group is qualified and managed by competent
8 and trustworthy individuals.

9 NEW SECTION. **Sec. 338.** ENFORCEMENT AUTHORITY OF COMMISSIONER.
10 For the purposes of this chapter, the insurance commissioner shall have
11 the same powers and duties of enforcement as are provided in RCW
12 48.02.080.

13 NEW SECTION. **Sec. 339.** ANNUAL REPORT BY THE INSURANCE
14 COMMISSIONER TO THE HEALTH SERVICES COMMISSION. (1) The insurance
15 commissioner shall report annually to the health services commission on
16 the compliance of certified health plans and employers' cooperative
17 health care purchasing groups with the provisions of chapter . . . ,
18 Laws of 1993 (this act). The report shall include information on (a)
19 compliance with this act's open enrollment and antidiscrimination
20 provisions, (b) financial solvency requirements, (c) the mix of
21 enrollee characteristics within and among plans and groups including
22 age, sex, ethnicity, and any easily obtainable information related to
23 medical risk, (d) the geographic distribution of plans and groups, and
24 (e) other information which the commission may request consistent with
25 the goals of chapter . . . , Laws of 1993 (this act).

26 (2) Certified health plans and employers' cooperative health care
27 purchasing groups shall comply with any request by the insurance
28 commissioner to obtain information for the purposes of this section.

29 **F. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES**

30 NEW SECTION. **Sec. 340.** A new section is added to chapter 70.41
31 RCW to read as follows:

32 (1) The legislature finds that the spiraling costs of health care
33 continue to surmount efforts to contain them, increasing at
34 approximately twice the inflationary rate. The causes of this
35 phenomenon are complex. By making physicians and other health care

1 providers with hospital admitting privileges more aware of the cost
2 consequences of health care services for consumers, these providers may
3 be inclined to exercise more restraint in providing only the most
4 relevant and cost-beneficial hospital services, with a potential for
5 reducing the utilization of those services. The requirement of the
6 hospital to inform physicians and other health care providers of the
7 charges of the health care services that they order may have a positive
8 effect on containing health costs. Further, the option of the
9 physician or other health care provider to inform the patient of these
10 charges may strengthen the necessary dialogue in the provider-patient
11 relationship that tends to be diminished by intervening third-party
12 payers.

13 (2) The chief executive officer of a hospital licensed under this
14 chapter and the superintendent of a state hospital shall establish and
15 maintain a procedure for disclosing to physicians and other health care
16 providers with admitting privileges the charges of all health care
17 services ordered for their patients. Copies of hospital charges shall
18 be made available to any physician and/or other health care provider
19 ordering care in hospital inpatient/outpatient services. The physician
20 and/or other health care provider may inform the patient of these
21 charges and may specifically review them. Hospitals are also directed
22 to study methods for making daily charges available to prescribing
23 physicians through the use of interactive software and/or computerized
24 information thereby allowing physicians and other health care providers
25 to review not only the costs of present and past services but also
26 future contemplated costs for additional diagnostic studies and
27 therapeutic medications.

28 NEW SECTION. **Sec. 341.** A new section is added to chapter 71.12
29 RCW to read as follows:

30 (1) The legislature finds that the spiraling costs of health care
31 continue to surmount efforts to contain them, increasing at
32 approximately twice the inflationary rate. The causes of this
33 phenomenon are complex. By making physicians and other health care
34 providers with hospital admitting privileges more aware of the cost
35 consequences of health care services for consumers, these providers may
36 be inclined to exercise more restraint in providing only the most
37 relevant and cost-beneficial hospital services, with a potential for
38 reducing the utilization of those services. The requirement of the

1 hospital to inform physicians and other health care providers of the
2 charges of the health care services that they order may have a positive
3 effect on containing health costs. Further, the option of the
4 physician or other health care provider to inform the patient of these
5 charges may strengthen the necessary dialogue in the provider-patient
6 relationship that tends to be diminished by intervening third-party
7 payors.

8 (2) The chief executive officer of a hospital licensed under this
9 chapter and the superintendent of a state hospital shall establish and
10 maintain a procedure for disclosing to physicians and other health care
11 providers with admitting privileges the charges of all health care
12 services ordered for their patients. Copies of hospital charges shall
13 be made available to any physician and/or other health care provider
14 ordering care in hospital inpatient/outpatient services. The physician
15 and/or other health care provider may inform the patient of these
16 charges and may specifically review them. Hospitals are also directed
17 to study methods for making daily charges available to prescribing
18 physicians through the use of interactive software and/or computerized
19 information thereby allowing physicians and other health care providers
20 to review not only the costs of present and past services but also
21 future contemplated costs for additional diagnostic studies and
22 therapeutic medications.

23 NEW SECTION. **Sec. 342.** A new section is added to chapter 18.68
24 RCW to read as follows:

25 The legislature finds that the spiraling costs of health care
26 continue to surmount efforts to contain them, increasing at
27 approximately twice the inflationary rate. One of the fastest growing
28 segments of the health care expenditure involves prescription
29 medications. By making physicians and other health care providers with
30 prescriptive authority more aware of the cost consequences of health
31 care treatments for consumers, these providers may be inclined to
32 exercise more restraint in providing only the most relevant and cost-
33 beneficial drug and medication treatments. The requirement of the
34 pharmacy to inform physicians and other health care providers of the
35 charges of prescription drugs and medications that they order may have
36 a positive effect on containing health costs. Further, the option of
37 the physician or other health care provider to inform the patient of
38 these charges may strengthen the necessary dialogue in the provider-

1 patient relationship that tends to be diminished by intervening third-
2 party payers.

3 NEW SECTION. **Sec. 343.** A new section is added to chapter 18.68
4 RCW to read as follows:

5 The registered or licensed pharmacist of this chapter shall
6 establish and maintain a procedure for disclosing to physicians and
7 other health care providers with prescriptive authority information
8 detailed by prescriber, of the cost and dispensation of all
9 prescriptive medications prescribed by him or her for his or her
10 patients on request. These charges should be made available on at
11 least a quarterly basis for all requested patients and should include
12 medication, dosage, number dispensed, and the cost of the prescription.
13 Pharmacies may provide this information in a summary form for each
14 prescribing physician for all patients rather than as individually
15 itemized reports. All efforts should be made to utilize the existing
16 computerized records and software to provide this information in the
17 least costly format.

18 NEW SECTION. **Sec. 344.** A new section is added to chapter 18.51
19 RCW to read as follows:

20 (1) The legislature finds that the spiraling costs of nursing home
21 care continue to surmount efforts to contain them, increasing at
22 approximately twice the inflationary rate. The causes of this
23 phenomenon are complex. By making nursing home facilities and care
24 providers more aware of the cost consequences of care services for
25 consumers, these providers may be inclined to exercise more restraint
26 in providing only the most relevant and cost-beneficial services and
27 care, with a potential for reducing the utilization of those services.
28 The requirement of the nursing home to inform physicians, consumers,
29 and other care providers of the charges of the services that they order
30 may have a positive effect on containing health costs.

31 (2) The chief executive officer of a nursing home licensed under
32 this chapter shall establish and maintain a procedure for disclosing to
33 physicians, consumers, and other care providers the charges of all
34 services to be ordered for residents. These charges shall be posted on
35 the resident's bill and shall include total charges to date and an
36 itemization of charges for each month.

1 (b) Agreeing or conspiring to agree on the geographic boundaries
2 which will be served by one or more certified health plans or
3 purchasing groups in order to avoid financial risk, or to discriminate
4 against any Washington resident, employer, or their duly authorized
5 agents; or

6 (c) Agreeing or conspiring to agree on ways of attracting or
7 discouraging enrollment by any resident or group of residents in any
8 certified health plan or purchasing group because of the actual or
9 perceived cost of providing the uniform benefit package to that
10 resident or group.

11 (4) The legislature further finds that incentives should be
12 provided for all of those who purchase, insure, or deliver health
13 services to operate in ways that promote the purposes of chapter . . . ,
14 Laws of 1993 (this act). To this end, chapter . . . , Laws of 1993
15 (this act) extends certain rights and privileges to self-funded
16 employer health insurance arrangements who voluntarily participate in
17 achieving and maintaining standards required of certified health plans.

18 (5) The legislature finds that the goals of controlling health care
19 costs and improving the quality of and access to health care services
20 would be significantly enhanced by more extensive cooperation among
21 health care providers, including especially physicians and hospitals.
22 The legislature further finds that growth in cooperative activities is
23 impeded by certain governmental policies, including state and federal
24 antitrust laws that impose marketplace competition as the sole means
25 for structuring and allocating resources offered by health care
26 providers. The legislature directs the state attorney general, in
27 conjunction with provider representatives, to study and make
28 recommendations to the legislature on a process for state regulation of
29 prohibited provider cooperative activities that would justify a grant
30 of immunity from state antitrust laws and protection from federal
31 antitrust laws through the state action doctrine.

32 **H. THE UNIFORM BENEFIT PACKAGE**

33 NEW SECTION. **Sec. 347.** UNIFORM BENEFIT PACKAGE DESIGN--
34 LEGISLATIVE VETO. (1) The Washington health services commission shall
35 define the uniform benefit package, which shall include those health
36 services based on the best available scientific health information,
37 deemed to be effective and necessary on a societal basis for the

1 maintenance of the health of citizens of the state, and weighed against
2 the availability of funding in the state health services budget.

3 (a) The legislature intends that the uniform benefit package be
4 comparable in scope to health benefits plans offered to employees of
5 state agencies, and that it be sufficiently comprehensive to meet the
6 health needs of residents of the state.

7 The uniform benefit package shall include at least inpatient and
8 outpatient services for physical, mental, and developmental illnesses
9 and disabilities including some measure of the following:

10 (i) Diagnosis/assessment and selection of treatment/care;

11 (ii) Clinical preventive services;

12 (iii) Emergency health services, including ground and air ambulance
13 services;

14 (iv) Except as otherwise provided by state law, reproductive and
15 maternity services;

16 (v) Clinical management and provision of treatment;

17 (vi) Therapeutic drugs, biologicals, supplies, and equipment;

18 (vii) Vision, hearing, and dental care;

19 (viii) Inpatient and outpatient mental health and chemical
20 dependency treatments;

21 (ix) Inpatient and outpatient hospital and surgical services;

22 (x) Organ transplants;

23 (xi) Rehabilitative services, including physical, occupational, and
24 speech therapies; and

25 (xii) Long-term care services, as defined in section 302(13) of
26 this act.

27 (b) Uniform benefit package services shall not include:

28 (i) Cosmetic surgery and related services;

29 (ii) Examinations associated with life insurance applications or
30 legal proceedings, except as may be required for workers' compensation;
31 and

32 (iii) Infertility services.

33 (c) The Washington health services commission shall establish
34 limits on maximum enrollee financial participation, related to enrollee
35 household income, such that financial considerations are not a barrier
36 to access for low-income persons, but that, for those of means, the
37 uniform benefit package provides for moderate point of service cost-
38 sharing.

1 (d) The uniform benefit package may include other services
2 determined by the commission to be effective, necessary, and consistent
3 with the goals and intent of chapter . . . , Laws of 1993 (this act).

4 (2) The Washington health services commission shall determine the
5 specific schedule of health services within the uniform benefit
6 package, including limitations on scope and duration of services. To
7 assist the commission in this task, it may periodically establish
8 health service review panels for specified periods of time to review
9 existing information on need, efficacy, and cost-effectiveness of
10 specific services and treatments. These panels shall use any services
11 outcome data that may be available. These panels shall take into
12 consideration available practice indicators, and appropriate use of
13 expensive technology.

14 (3) In determining the uniform benefit package, the Washington
15 health services commission shall endeavor to seek the opinions of and
16 information from the public. The commission shall consider the results
17 of official public health assessment and policy development activities
18 including recommendations of the department of health in discharging
19 its responsibilities under this section.

20 (4) The Washington health services commission shall submit its
21 initial uniform benefits package and any changes it may wish to make to
22 the legislature. The legislature may disapprove of the uniform
23 benefits package by a majority vote in the house of representatives and
24 in the senate at any time prior to the close of its regular annual
25 legislative session. If such disapproval action is taken, the
26 commission shall with all deliberate speed resubmit a modified uniform
27 benefits package, which may be disapproved within thirty days of
28 submittal to the legislature.

29 NEW SECTION. **Sec. 348.** LONG-TERM CARE INTEGRATION PLAN. (1) To
30 meet the health needs of the residents of Washington state, it is
31 critical to finance and provide long-term care and support services
32 through an integrated, comprehensive systems that promotes human
33 dignity and recognizes the individuality of all functionally disabled
34 persons. This system shall be available, accessible, and responsive to
35 all residents based upon an assessment of their functional
36 disabilities. The governor and the legislature recognize that
37 families, volunteers, and community organizations are essential for the
38 delivery of effective and efficient long-term care and support

1 services, and that this private and public service infrastructure
2 should be supported and strengthened. Further, it is important to
3 provide benefits in perpetuity without requiring family or program
4 beneficiary impoverishment for service eligibility.

5 (2) To realize the need for a strong long-term care system and to
6 carry out the November 30, 1992, final recommendations of the
7 Washington health care commission related to long-term care, the
8 commission shall:

9 (a) Engage in a planning process, in conjunction with an advisory
10 and technical assistance committee appointed for this purpose, for the
11 inclusion of long-term care services in the uniform benefit package
12 established under section 347 of this act as soon as possible, but not
13 later than July 1, 1997.

14 (b) Include in its planning process consideration of the scope of
15 services to be covered, the cost of and financing of such coverage, and
16 the means through which existing long-term care programs and delivery
17 systems can be coordinated and integrated.

18 (3) The commission shall submit recommendations concerning any
19 necessary statutory changes or modifications of public policy to the
20 governor and the legislature by January 1, 1995.

21 (4) The departments of health, retirement systems, revenue, social
22 and health services, and veterans' affairs, and the offices of
23 financial management, insurance commissioner, and state actuary, along
24 with the health care authority, shall participate in the review of the
25 long-term care needs enumerated in this section and provide necessary
26 supporting documentation and staff expertise as requested by the
27 commission.

28 I. STATE RESIDENT AND EMPLOYER PARTICIPATION

29 NEW SECTION. **Sec. 349.** INDIVIDUAL PARTICIPATION. (1) All
30 residents must participate in a health system so that access may be
31 improved and so that costs may be controlled. It is the responsibility
32 of individuals to participate in available and affordable health
33 insurance.

34 (2) All residents of the state of Washington are required to
35 participate in a certified health plan no later than July 1, 1997.

36 (3) The Washington health services commission shall monitor the
37 enrollment of individuals into certified health plans and shall make

1 public periodic reports concerning the number of persons enrolled and
2 not enrolled, the reasons why individuals are not enrolled,
3 recommendations to reduce the number of persons not enrolled, and
4 recommendations regarding enforcement of this provision.

5 NEW SECTION. **Sec. 350.** EMPLOYER PARTICIPATION. (1) On July 1,
6 1995, every employer employing more than five hundred full-time
7 employees shall offer a choice of certified health plans to all full-
8 time or part-time employees. The employer shall be required to pay no
9 less than fifty percent and no more than ninety-five percent of the
10 premium cost of the lowest cost certified health plan offered by the
11 employer. On July 1, 1996, all dependents of full-time employees of
12 these firms shall be offered a choice of certified health plans with
13 the employer paying no less than fifty percent and no more than ninety-
14 five percent of the premium of the lowest cost certified health plan
15 offered by the employer.

16 (2) By July 1, 1996, every employer employing more than one hundred
17 full-time employees shall offer a choice of certified health plans to
18 all full-time employees. The employer shall be required to pay no less
19 than fifty percent and no more than ninety-five percent of the premium
20 cost of the lowest cost certified health plan offered by the employer.
21 For employees working less than full time the employer is required to
22 pay a premium payment that equals a pro rata share of a full time
23 employee's premium, based on the hours the part-time employee worked.
24 On July 1, 1997, all dependents of full-time employees in these firms
25 shall be offered a choice of certified health plans with the employer
26 paying no less than fifty percent and no more than ninety-five percent
27 of the premium of the lowest cost certified health plan offered by the
28 employer.

29 (3) By July 1, 1997, every employer shall offer a choice of
30 certified health plans to all full-time employees. The employer shall
31 be required to pay no less than fifty percent and no more than ninety-
32 five percent of the premium cost of the lowest cost certified health
33 plan offered by the employer. For employees working less than full
34 time the employer is required to pay a premium payment that equals a
35 pro rata share of a full time employee's premium, based on the hours
36 the part-time employee worked. On July 1, 1998, all dependents of
37 full-time employees in all firms shall be offered a choice of certified
38 health plans with the employer paying no less than fifty percent and no

1 more than ninety-five percent of the premium of the lowest cost
2 certified health plan offered by the employer.

3 (4) In lieu of offering coverage for employees and their
4 dependents, an employer may combine the employer contribution with that
5 of the employee's contribution and pay the full cost of the basic
6 health plan benefit, plus the administrative cost to the plan of
7 providing the plan to the employees, to the basic health plan within
8 guidelines set by the plan administrator. The administrator of the
9 basic health plan may require all or a substantial majority of the
10 eligible employees of such businesses to enroll in the plan and
11 establish those procedures necessary to facilitate the orderly
12 enrollment of groups in the plan and into a managed health care system.
13 Enrollment in the basic health plan is authorized via the mechanism
14 under this subsection, notwithstanding the provisions of RCW 70.47.060
15 concerning the maximum size of firms allowed to enroll.

16 (5) If a full-time employee is already enrolled with a certified
17 health plan with which their employer does not have a relationship and
18 the employee wishes to remain enrolled in that plan, the employer shall
19 make payments to that plan on behalf of such an employee. The amount
20 such an employer pays on behalf of such an employee shall be the same
21 as the amount that employer pays certified health plans for other
22 employees.

23 NEW SECTION. **Sec. 351.** (1) Sections 317 through 339 of this act
24 shall constitute a new chapter in Title 48 RCW.

25 (2) Sections 346 through 350 of this act shall constitute a new
26 chapter in Title 43 RCW.

27 NEW SECTION. **Sec. 352.** The commission shall study the feasibility
28 of implementing a residency-based health care system using one or a
29 limited number of payers or sponsors, shall develop recommendations,
30 and shall report to the governor and the state legislature by July 1,
31 1995.

32 **J. PUBLIC HEALTH SERVICES IMPROVEMENT PLAN**

33 NEW SECTION. **Sec. 353.** A new section is added to chapter 43.70
34 RCW to read as follows:

1 PUBLIC HEALTH SERVICES IMPROVEMENT PLAN. (1) The department of
2 health shall develop, in consultation with local health departments and
3 districts, the state board of health, the health services commission,
4 and other state agencies, health services providers, and citizens
5 concerned about public health, a public health services improvement
6 plan. The plan should provide a detailed accounting of deficits in the
7 core functions of assessment, policy development, assurance of the
8 current public health system, how additional public health funding
9 would be used, and describe the benefits expected from expanded
10 expenditures.

11 (2) The plan shall include:

12 (a) Definition of minimum standards for public health protection
13 through assessment, policy development, and assurances;

14 (i) Enumeration of communities not meeting those standards;

15 (ii) A budget and staffing plan for bringing all communities up to
16 minimum standards;

17 (iii) An analysis of the costs and benefits expected from adopting
18 minimum public health standards for assessment, policy development, and
19 assurances; and

20 (b) Recommended strategies and a schedule for improving public
21 health programs throughout the state, including:

22 (i) Strategies for transferring personal care services from the
23 public health system, into the uniform benefit package where feasible;
24 and

25 (ii) Timing of increased funding for public health services linked
26 to specific objectives for improving public health.

27 (3) By March 1, 1994, the department shall provide initial
28 recommendations of the public health services improvement plan to the
29 legislature regarding minimum public health standards, and public
30 health programs needed to address urgent needs, such as those cited in
31 subsection (6) of this section.

32 (4) By December 1, 1994, the department shall present the public
33 health services plan to the legislature, with specific recommendations
34 for each element of the plan to be implemented over the period from
35 1995 through 1997.

36 (5) Thereafter, the department shall update the public health
37 services improvement plan for presentation to the legislature prior to
38 the beginning of a new biennium.

1 (6) Among the specific population-based public health activities to
2 be considered in the public health services improvement plan are:
3 Health data assessment and chronic and infectious disease surveillance;
4 rapid response to outbreaks of communicable disease; efforts to prevent
5 and control specific communicable diseases, such as tuberculosis and
6 acquired immune deficiency syndrome; health education to promote
7 healthy behaviors and to reduce the prevalence of chronic disease, such
8 as those linked to the use of tobacco; access to primary care; programs
9 to ensure children are born as healthy as possible and they receive
10 immunizations and adequate nutrition; efforts to prevent intentional
11 and unintentional injury; programs to ensure the safety of drinking
12 water and food supplies; poison control; trauma services; and other
13 activities that have the potential to improve the health of the
14 population or special populations and reduce the need for or cost of
15 health services.

16 **K. STATE HEALTH SERVICES BUDGET, TRUST FUND, AND ACCOUNTS**

17 NEW SECTION. **Sec. 354.** STATE HEALTH SERVICES BUDGET. The state
18 health services budget shall reflect total expenditures for all health
19 services either funded by the state or federal government, regulated
20 pursuant to chapter . . ., Laws of 1993 (this act), or voluntarily
21 placed under the provisions of chapter . . ., Laws of 1993 (this act)
22 by self-insured employers. The commission shall submit the state
23 health services budget, which shall include estimated amounts in each
24 of these categories as part of the governor's biennial budget request.

25 NEW SECTION. **Sec. 355.** TRUST ACCOUNTS. (1) The Washington health
26 services trust account is hereby established in the state treasury.
27 All public funds regulated by chapter . . ., Laws of 1993 (this act) or
28 new revenues raised pursuant to chapter . . ., Laws of 1993 (this act)
29 shall be deposited in the Washington health services trust account and
30 shall be allocated in a manner consistent with state and federal laws,
31 rules of the commission, and any waivers from federal laws or
32 regulations that the state may receive consistent with the provisions
33 of chapter . . ., Laws of 1993 (this act). The earnings on any surplus
34 balances in the Washington health services trust account shall be
35 credited to the account. These funds shall include at least:

1 (a) Medicare, parts A and B, Title XVIII of the federal social
2 security act, as amended;

3 (b) Medicaid, Title XIX of the federal social security act, as
4 amended;

5 (c) Other federal funds that are allocated for the purposes of
6 health services included in the accounts established pursuant to this
7 section; and

8 (d) Legislative general fund--state appropriations for any health
9 services purchased by the state on behalf of any state resident
10 including state, local, or school district employees, those who are
11 poor or near poor or those who are chronically disabled, elderly, or
12 who, for any other reason, are dependent upon the state to finance
13 their health services, and for any health system, data collection, data
14 analysis, or regulatory activities required by chapter . . . , Laws of
15 1993 (this act) to include funds for the state health services
16 commission and the state insurance commissioner.

17 (2) The trust account shall consist of three subsidiary accounts:

18 (a) The personal health services account from which funds shall be
19 allocated to appropriate agencies for contracts with certified health
20 plans to deliver the uniform benefit package and other health services
21 authorized by state or federal law to public employees and all persons
22 eligible for public subsidies.

23 (b) The public health account from which funds shall be expended to
24 maintain and improve the health of all Washington residents, by
25 assuring adequate financing for a public system to: (i) Assess and
26 report on the population's health status; (ii) develop public policy
27 that promotes and maintains health; and (iii) assure the availability
28 and delivery of appropriate and effective health interventions. This
29 public system shall be composed of the state board of health, state
30 department of health, and local public health departments and
31 districts. The office of financial management shall assure that no
32 less than three percent of the state health services budget is used for
33 these assessment, policy development, and assurance functions as
34 defined by the state board of health in rule through this system by
35 June 30, 1997, and no less than five percent of the state health
36 services budget is used for the functions by June 30, 1999. These
37 funds may include fees, federal funds, and general or dedicated state
38 or local tax revenue. The state board of health shall develop policies
39 regarding the extent to which local revenue or fees may be used to meet

1 the five-percent requirement. The office of financial management may
2 allocate funds under its direction in order to assure that five percent
3 of the state health services budget is used as required by this
4 subsection. None of the funds shall be used for any service
5 reimbursable through the uniform benefit package. The office of
6 financial management shall consider the results of official public
7 health assessment and policy development including recommendations of
8 the state board of health, the department of health, and the state
9 health report in discharging its responsibilities, including the
10 assurance of access to appropriate and effective health services and
11 the determination of the actual percentage used for core public health

23 achieved access by no less than ninety-seven percent of all state
24 residents to coverage for the uniform benefit package, (d) there is no
25 reasonable expectation that granting such an exemption will result in

13 statutory assurances are provided that time loss benefits and
14 rehabilitative services will not be reduced as a result of the
