

5754

Sponsor(s): Senators Fraser, Barr and Haugen

Brief Description: Providing for the cleanup of sites contaminated by storm water discharges.

SB 5754 - DIGEST

Requires the department of ecology to adopt a schedule, by January 1, 1994, for assigning a hazard ranking to at least ten sites on the department's contaminated sites list.

Requires the initiation of remedial action by July 1, 1995.

Authorizes a settlement with persons whose contribution to the release is insignificant in amount and toxicity.

Provides funding for the cleanup activities.
