

FINAL BILL REPORT

SB 5046

C 22 L 95

Synopsis as Enacted

Brief Description: Revising filing requirements for interlocal agreements.

Sponsors: Senator Haugen.

Senate Committee on Government Operations

House Committee on Government Operations

Background: All agreements made pursuant to the Interlocal Cooperation Act must be filed with the county auditor and with the Secretary of State. If an agreement relates to land use planning or building codes, it must also be submitted to the Department of Community, Trade, and Economic Development. Currently, neither of these requirements are followed, and questions have been raised as to the legality of the interlocal agreements.

Summary: The requirements to file interlocal agreements with the Secretary of State and the Department of Community, Trade, and Economic Development are eliminated.

Votes on Final Passage:

Senate	46	0
House	97	0

Effective: July 23, 1995
