

2SHB 1488 - H AMD TO H AMD (1488-S2 AMH HUNT H4955.2) 908
By Representative Buri

WITHDRAWN 02/14/2006

1 On page 2, beginning on line 9 of the amendment, strike all of
2 subsection (7) and insert the following:

3 "(7) "Safer, technically feasible alternative that is available at
4 a reasonable cost" means an alternative that:

5 (a) Is available at a cost and in sufficient quantity to permit the
6 manufacturer or user to maintain an economically viable product;

7 (b) Provides a level of ignition resistance equivalent to or
8 greater than that provided by decabromodiphenyl ether; and

9 (c) Has undergone the same level of study as the product it is
10 meant to replace and has been found to have a lower toxicity profile
11 and less environmental impact."

EFFECT: Adds a definition for "safer, technically feasible
alternative that is available at a reasonable cost" to mean available
at a cost to maintain economic viability, provide equivalent fire
resistance, and have similar study for toxicity and environmental
impact.
