Background:

An element of statewide transportation planning includes identifying significant state-owned transportation facilities. The Washington State Department of Transportation (WSDOT) plans for improvements to highways of statewide significance in the statewide multimodal transportation plan. The WSDOT is responsible for establishing levels of service standards for highways of statewide significance. State highways of significance are considered

essential public facilities and are therefore exempt from concurrency requirements of the Growth Management Act.

A route development plan for State Route 164 is being developed and the final plan should be released in winter 2009. A list of improvements has been published but detailed cost estimates have not been released. The WSDOT website indicates that the total cost of the improvements, if built today, would be well in excess of \$200 million.

Summary of Bill:

State Route 164, which begins at the junction of State Route 18 in the vicinity of Auburn and runs southeasterly to the junction of State Route 410 at Enumclaw, is designated a highway of statewide significance.
