
SUBSTITUTE SENATE BILL 6170

State of Washington

62nd Legislature

2012 Regular Session

By Senate Energy, Natural Resources & Marine Waters (originally sponsored by Senators Ranker, Hargrove, King, Hatfield, Harper, Shin, and Conway)

READ FIRST TIME 02/03/12.

1 AN ACT Relating to the working waterfront redevelopment jobs act;
2 amending RCW 77.55.021, 90.58.147, and 90.58.355; reenacting and
3 amending RCW 43.21B.110 and 43.21B.110; adding a new section to chapter
4 79.105 RCW; adding a new chapter to Title 77 RCW; creating new
5 sections; providing an effective date; and providing expiration dates.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** The legislature finds that the state's
8 marine shorelines are a cornerstone of the state's wealth in both
9 environmental and economic values. The state's extensive coastal and
10 Puget Sound shorelines were the reason that the state has a rich
11 tradition of marine-related occupations and many communities today
12 still depend upon marine-related commerce and jobs for their economic
13 vitality.

14 The legislature further finds that shoreline ecological functions
15 have been degraded on many lands on which industrial and commercial
16 facilities have been operated, and that there exists many opportunities
17 for new or expanded commercial or industrial activities that offer both
18 new, economically beneficial reuse of the property, while also
19 restoring some of the lost ecological functions.

1 Therefore, it is the purpose of this act to provide a voluntary
2 alternative procedure for satisfying some of the state and local
3 regulatory approvals for job-creating projects involving redevelopment
4 on lands zoned for commercial and industrial uses and incorporating
5 within the project design elements that will provide a net benefit for
6 ecological functions on those lands.

7 NEW SECTION. **Sec. 2.** (1) To be eligible for the permit review and
8 approval process created in this section, a marine areas redevelopment
9 and restoration project must:

10 (a) Be located on a site adjacent to or including marine shorelands
11 in which commercial and industrial uses are allowable uses under the
12 applicable city or county shoreline master program;

13 (b) Generate at least ten jobs on an ongoing basis;

14 (c) Involve the redevelopment and reuse of lands on which previous
15 uses have substantially degraded shoreline ecological functions;

16 (d) Include elements that, when fully implemented, will lead to a
17 net contribution to shoreline ecological functions on a substantial
18 portion of the project site;

19 (e) Provide for protection of fish life consistent with the
20 substantive requirements of chapter 77.55 RCW;

21 (f) Be consistent with and further the goals and objectives of the
22 local government shoreline master program and any applicable
23 development regulations; and

24 (g) Be determined appropriate for review under this section under
25 the criteria adopted under subsection (6) of this section.

26 (2) No local government may require a substantial development
27 permit under chapter 90.58 RCW or require a permit or other approval
28 upon the project under chapter 36.70A RCW for projects that meet the
29 criteria of subsection (1) of this section and that are reviewed and
30 approved according to the provisions of this section.

31 (3) An applicant seeking review and approval under this section
32 shall file with the department an application using the joint aquatic
33 resource permit application form, together with additional information
34 as the department may require to determine the project's eligibility
35 for review under this section and to determine whether a permit should
36 be issued. On the same day, the applicant shall provide copies of the
37 completed application form to the department of natural resources, the

1 department of ecology, the department of health, and to the appropriate
2 city or county administering the applicable shoreline master program
3 covering the project site.

4 (4) The department shall provide a twenty-one day period in which
5 public comments are solicited, as well as comments from the department
6 of ecology, the department of natural resources, the department of
7 health, the city or county, and appropriate tribes. The department may
8 grant an extension of not more than an additional twenty-one days for
9 the receipt of comments, but may not thereafter delay review of the
10 application under subsection (5) of this section.

11 (5)(a) The department shall approve the application, approve the
12 application with mitigation conditions, deny approval of the
13 application, or determine that the review and approval process created
14 by this section is not appropriate for the proposed project, within
15 forty-five days from the end of the comment period as determined by the
16 department under subsection (4) of this section.

17 (b) The department shall approve the application when it determines
18 that the project meets the criteria provided under subsection (1) of
19 this section.

20 (6) The department shall determine that the review and approval
21 process created by this section is not appropriate for the proposed
22 project if the department, upon consideration of the comments
23 submitted, identifies public health and safety concerns or
24 environmental impacts that cannot be mitigated.

25 (7) If the department determines that the review and approval
26 process created by this section is not appropriate for the proposed
27 project, the department shall notify the applicant.

28 (8) The department's denial of a permit application or
29 determination that the application is not appropriate for review under
30 this section does not prevent the applicant from seeking approval of
31 the permits that would otherwise have not been required if the project
32 had been permitted under this section.

33 (9) Any person aggrieved by the approval, approval with conditions,
34 denial, or the modification of a permit under this section may appeal
35 the decision as provided in RCW 43.21B.110.

36 (10) For the purposes of this section, "marine permit" or "permit"
37 means the permit authorized to be issued to qualifying marine areas
38 redevelopment and restoration projects under this section.

1 **Sec. 3.** RCW 77.55.021 and 2010 c 210 s 27 are each amended to read
2 as follows:

3 (1) Except as provided in RCW 77.55.031, 77.55.051, section 2 of
4 this act, and RCW 77.55.041, in the event that any person or government
5 agency desires to undertake a hydraulic project, the person or
6 government agency shall, before commencing work thereon, secure the
7 approval of the department in the form of a permit as to the adequacy
8 of the means proposed for the protection of fish life.

9 (2) A complete written application for a permit may be submitted in
10 person or by registered mail and must contain the following:

11 (a) General plans for the overall project;

12 (b) Complete plans and specifications of the proposed construction
13 or work within the mean higher high water line in saltwater or within
14 the ordinary high water line in freshwater;

15 (c) Complete plans and specifications for the proper protection of
16 fish life; and

17 (d) Notice of compliance with any applicable requirements of the
18 state environmental policy act, unless otherwise provided for in this
19 chapter.

20 (3)(a) Protection of fish life is the only ground upon which
21 approval of a permit may be denied or conditioned. Approval of a
22 permit may not be unreasonably withheld or unreasonably conditioned.
23 Except as provided in this subsection and subsections (8), (10), and
24 (12) of this section, the department has forty-five calendar days upon
25 receipt of a complete application to grant or deny approval of a
26 permit. The forty-five day requirement is suspended if:

27 (i) After ten working days of receipt of the application, the
28 applicant remains unavailable or unable to arrange for a timely field
29 evaluation of the proposed project;

30 (ii) The site is physically inaccessible for inspection;

31 (iii) The applicant requests a delay; or

32 (iv) The department is issuing a permit for a storm water discharge
33 and is complying with the requirements of RCW 77.55.161(3)(b).

34 (b) Immediately upon determination that the forty-five day period
35 is suspended, the department shall notify the applicant in writing of
36 the reasons for the delay.

37 (c) The period of forty-five calendar days may be extended if the

1 permit is part of a multiagency permit streamlining effort and all
2 participating permitting agencies and the permit applicant agree to an
3 extended timeline longer than forty-five calendar days.

4 (4) If the department denies approval of a permit, the department
5 shall provide the applicant a written statement of the specific reasons
6 why and how the proposed project would adversely affect fish life.

7 (a) Except as provided in (b) of this subsection, issuance, denial,
8 conditioning, or modification of a permit shall be appealable to the
9 board within thirty days from the date of receipt of the decision as
10 provided in RCW 43.21B.230.

11 (b) Issuance, denial, conditioning, or modification of a permit may
12 be informally appealed to the department within thirty days from the
13 date of receipt of the decision. Requests for informal appeals must be
14 filed in the form and manner prescribed by the department by rule. A
15 permit decision that has been informally appealed to the department is
16 appealable to the board within thirty days from the date of receipt of
17 the department's decision on the informal appeal.

18 (5)(a) The permittee must demonstrate substantial progress on
19 construction of that portion of the project relating to the permit
20 within two years of the date of issuance.

21 (b) Approval of a permit is valid for a period of up to five years
22 from the date of issuance, except as provided in (c) of this subsection
23 and in RCW 77.55.151.

24 (c) A permit remains in effect without need for periodic renewal
25 for hydraulic projects that divert water for agricultural irrigation or
26 stock watering purposes and that involve seasonal construction or other
27 work. A permit for streambank stabilization projects to protect farm
28 and agricultural land as defined in RCW 84.34.020 remains in effect
29 without need for periodic renewal if the problem causing the need for
30 the streambank stabilization occurs on an annual or more frequent
31 basis. The permittee must notify the appropriate agency before
32 commencing the construction or other work within the area covered by
33 the permit.

34 (6) The department may, after consultation with the permittee,
35 modify a permit due to changed conditions. The modification is
36 appealable as provided in subsection (4) of this section. For
37 hydraulic projects that divert water for agricultural irrigation or
38 stock watering purposes, or when the hydraulic project or other work is

1 associated with streambank stabilization to protect farm and
2 agricultural land as defined in RCW 84.34.020, the burden is on the
3 department to show that changed conditions warrant the modification in
4 order to protect fish life.

5 (7) A permittee may request modification of a permit due to changed
6 conditions. The request must be processed within forty-five calendar
7 days of receipt of the written request. A decision by the department
8 is appealable as provided in subsection (4) of this section. For
9 hydraulic projects that divert water for agricultural irrigation or
10 stock watering purposes, or when the hydraulic project or other work is
11 associated with streambank stabilization to protect farm and
12 agricultural land as defined in RCW 84.34.020, the burden is on the
13 permittee to show that changed conditions warrant the requested
14 modification and that such a modification will not impair fish life.

15 (8)(a) The department, the county legislative authority, or the
16 governor may declare and continue an emergency. If the county
17 legislative authority declares an emergency under this subsection, it
18 shall immediately notify the department. A declared state of emergency
19 by the governor under RCW 43.06.010 shall constitute a declaration
20 under this subsection.

21 (b) The department, through its authorized representatives, shall
22 issue immediately, upon request, oral approval for a stream crossing,
23 or work to remove any obstructions, repair existing structures, restore
24 streambanks, protect fish life, or protect property threatened by the
25 stream or a change in the stream flow without the necessity of
26 obtaining a written permit prior to commencing work. Conditions of the
27 emergency oral permit must be established by the department and reduced
28 to writing within thirty days and complied with as provided for in this
29 chapter.

30 (c) The department may not require the provisions of the state
31 environmental policy act, chapter 43.21C RCW, to be met as a condition
32 of issuing a permit under this subsection.

33 (9) All state and local agencies with authority under this chapter
34 to issue permits or other authorizations in connection with emergency
35 water withdrawals and facilities authorized under RCW 43.83B.410 shall
36 expedite the processing of such permits or authorizations in keeping
37 with the emergency nature of such requests and shall provide a decision

1 to the applicant within fifteen calendar days of the date of
2 application.

3 (10) The department or the county legislative authority may
4 determine an imminent danger exists. The county legislative authority
5 shall notify the department, in writing, if it determines that an
6 imminent danger exists. In cases of imminent danger, the department
7 shall issue an expedited written permit, upon request, for work to
8 remove any obstructions, repair existing structures, restore banks,
9 protect fish resources, or protect property. Expedited permit requests
10 require a complete written application as provided in subsection (2) of
11 this section and must be issued within fifteen calendar days of the
12 receipt of a complete written application. Approval of an expedited
13 permit is valid for up to sixty days from the date of issuance. The
14 department may not require the provisions of the state environmental
15 policy act, chapter 43.21C RCW, to be met as a condition of issuing a
16 permit under this subsection.

17 (11)(a) For any property, except for property located on a marine
18 shoreline, that has experienced at least two consecutive years of
19 flooding or erosion that has damaged or has threatened to damage a
20 major structure, water supply system, septic system, or access to any
21 road or highway, the county legislative authority may determine that a
22 chronic danger exists. The county legislative authority shall notify
23 the department, in writing, when it determines that a chronic danger
24 exists. In cases of chronic danger, the department shall issue a
25 permit, upon request, for work necessary to abate the chronic danger by
26 removing any obstructions, repairing existing structures, restoring
27 banks, restoring road or highway access, protecting fish resources, or
28 protecting property. Permit requests must be made and processed in
29 accordance with subsections (2) and (3) of this section.

30 (b) Any projects proposed to address a chronic danger identified
31 under (a) of this subsection that satisfies the project description
32 identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions
33 of the state environmental policy act, chapter 43.21C RCW. However,
34 the project is subject to the review process established in RCW
35 77.55.181(3) as if it were a fish habitat improvement project.

36 (12) The department may issue an expedited written permit in those
37 instances where normal permit processing would result in significant
38 hardship for the applicant or unacceptable damage to the environment.

1 Expedited permit requests require a complete written application as
2 provided in subsection (2) of this section and must be issued within
3 fifteen calendar days of the receipt of a complete written application.
4 Approval of an expedited permit is valid for up to sixty days from the
5 date of issuance. The department may not require the provisions of the
6 state environmental policy act, chapter 43.21C RCW, to be met as a
7 condition of issuing a permit under this subsection.

8 (13) A marine areas redevelopment and restoration project issued a
9 marine permit under section 2 of this act is exempt from the permit
10 required by this section, but the department shall ensure compliance
11 with the substantive requirements of this chapter.

12 **Sec. 4.** RCW 90.58.147 and 2003 c 39 s 49 are each amended to read
13 as follows:

14 (1) A public or private project that is designed to improve fish or
15 wildlife habitat or fish passage shall be exempt from the substantial
16 development permit requirements of this chapter when all of the
17 following apply:

18 (a) The project has been approved by the department of fish and
19 wildlife;

20 (b) The project has received hydraulic project approval by the
21 department of fish and wildlife pursuant to chapter 77.55 RCW; and

22 (c) The local government has determined that the project is
23 substantially consistent with the local shoreline master program. The
24 local government shall make such determination in a timely manner and
25 provide it by letter to the project proponent.

26 (2) Fish habitat enhancement projects that conform to the
27 provisions of RCW (~~77.55.290~~) 77.55.181 are determined to be
28 consistent with local shoreline master programs.

29 (3) A marine areas redevelopment and restoration project issued a
30 marine permit under section 2 of this act is exempt from obtaining any
31 permits and other approvals required by this chapter or the local
32 shoreline master program.

33 NEW SECTION. **Sec. 5.** A new section is added to chapter 79.105 RCW
34 to read as follows:

35 The department shall provide a priority in processing requests for
36 the use or lease of state-owned aquatic lands for projects permitted or

1 under review pursuant to section 2 of this act. Upon receipt of an
2 application for an aquatic use authorization or a lease, the department
3 shall process the request within sixty days, unless the department
4 notifies the applicant of the reasons for which additional time will be
5 required to process the application.

6 **Sec. 6.** RCW 43.21B.110 and 2010 c 210 s 7 and 2010 c 84 s 2 are
7 each reenacted and amended to read as follows:

8 (1) The hearings board shall only have jurisdiction to hear and
9 decide appeals from the following decisions of the department, the
10 director, local conservation districts, the air pollution control
11 boards or authorities as established pursuant to chapter 70.94 RCW,
12 local health departments, the department of natural resources, the
13 department of fish and wildlife, and the parks and recreation
14 commission:

15 (a) Civil penalties imposed pursuant to RCW 18.104.155, 70.94.431,
16 70.105.080, 70.107.050, 76.09.170, 77.55.291, 78.44.250, 88.46.090,
17 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102.

18 (b) Orders issued pursuant to RCW 18.104.043, 18.104.060,
19 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070,
20 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

21 (c) A final decision by the department or director made under
22 chapter 183, Laws of 2009.

23 (d) Except as provided in RCW 90.03.210(2), the issuance,
24 modification, or termination of any permit, certificate, or license by
25 the department or any air authority in the exercise of its
26 jurisdiction, including the issuance or termination of a waste disposal
27 permit, the denial of an application for a waste disposal permit, the
28 modification of the conditions or the terms of a waste disposal permit,
29 or a decision to approve or deny an application for a solid waste
30 permit exemption under RCW 70.95.300.

31 (e) Decisions of local health departments regarding the grant or
32 denial of solid waste permits pursuant to chapter 70.95 RCW.

33 (f) Decisions of local health departments regarding the issuance
34 and enforcement of permits to use or dispose of biosolids under RCW
35 70.95J.080.

36 (g) Decisions of the department regarding waste-derived fertilizer

1 or micronutrient fertilizer under RCW 15.54.820, and decisions of the
2 department regarding waste-derived soil amendments under RCW 70.95.205.

3 (h) Decisions of local conservation districts related to the denial
4 of approval or denial of certification of a dairy nutrient management
5 plan; conditions contained in a plan; application of any dairy nutrient
6 management practices, standards, methods, and technologies to a
7 particular dairy farm; and failure to adhere to the plan review and
8 approval timelines in RCW 90.64.026.

9 (i) Any other decision by the department or an air authority which
10 pursuant to law must be decided as an adjudicative proceeding under
11 chapter 34.05 RCW.

12 (j) Decisions of the department of natural resources, the
13 department of fish and wildlife, and the department that are reviewable
14 under chapter 76.09 RCW, and the department of natural resources'
15 appeals of county, city, or town objections under RCW 76.09.050(7).

16 (k) Forest health hazard orders issued by the commissioner of
17 public lands under RCW 76.06.180.

18 (l) Decisions of the department of fish and wildlife to issue,
19 deny, condition, or modify a hydraulic project approval permit under
20 chapter 77.55 RCW.

21 (m) Decisions of the department of fish and wildlife to issue,
22 deny, condition, or modify a marine areas redevelopment and restoration
23 permit under section 2 of this act.

24 (n) Decisions of the department of natural resources that are
25 reviewable under RCW 78.44.270.

26 ((+n)) (o) Decisions of a state agency that is an authorized
27 public entity under RCW 79.100.010 to take temporary possession or
28 custody of a vessel or to contest the amount of reimbursement owed that
29 are reviewable under RCW 79.100.120.

30 (2) The following hearings shall not be conducted by the hearings
31 board:

32 (a) Hearings required by law to be conducted by the shorelines
33 hearings board pursuant to chapter 90.58 RCW.

34 (b) Hearings conducted by the department pursuant to RCW 70.94.332,
35 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and 90.44.180.

36 (c) Appeals of decisions by the department under RCW 90.03.110 and
37 90.44.220.

1 (d) Hearings conducted by the department to adopt, modify, or
2 repeal rules.

3 ~~((e) Appeals of decisions by the department as provided in chapter
4 43.21L RCW.))~~

5 (3) Review of rules and regulations adopted by the hearings board
6 shall be subject to review in accordance with the provisions of the
7 administrative procedure act, chapter 34.05 RCW.

8 **Sec. 7.** RCW 43.21B.110 and 2010 c 210 s 8 and 2010 c 84 s 3 are
9 each reenacted and amended to read as follows:

10 (1) The hearings board shall only have jurisdiction to hear and
11 decide appeals from the following decisions of the department, the
12 director, local conservation districts, the air pollution control
13 boards or authorities as established pursuant to chapter 70.94 RCW,
14 local health departments, the department of natural resources, the
15 department of fish and wildlife, and the parks and recreation
16 commission:

17 (a) Civil penalties imposed pursuant to RCW 18.104.155, 70.94.431,
18 70.105.080, 70.107.050, 76.09.170, 77.55.291, 78.44.250, 88.46.090,
19 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102.

20 (b) Orders issued pursuant to RCW 18.104.043, 18.104.060,
21 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070,
22 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

23 (c) Except as provided in RCW 90.03.210(2), the issuance,
24 modification, or termination of any permit, certificate, or license by
25 the department or any air authority in the exercise of its
26 jurisdiction, including the issuance or termination of a waste disposal
27 permit, the denial of an application for a waste disposal permit, the
28 modification of the conditions or the terms of a waste disposal permit,
29 or a decision to approve or deny an application for a solid waste
30 permit exemption under RCW 70.95.300.

31 (d) Decisions of local health departments regarding the grant or
32 denial of solid waste permits pursuant to chapter 70.95 RCW.

33 (e) Decisions of local health departments regarding the issuance
34 and enforcement of permits to use or dispose of biosolids under RCW
35 70.95J.080.

36 (f) Decisions of the department regarding waste-derived fertilizer

1 or micronutrient fertilizer under RCW 15.54.820, and decisions of the
2 department regarding waste-derived soil amendments under RCW 70.95.205.

3 (g) Decisions of local conservation districts related to the denial
4 of approval or denial of certification of a dairy nutrient management
5 plan; conditions contained in a plan; application of any dairy nutrient
6 management practices, standards, methods, and technologies to a
7 particular dairy farm; and failure to adhere to the plan review and
8 approval timelines in RCW 90.64.026.

9 (h) Any other decision by the department or an air authority which
10 pursuant to law must be decided as an adjudicative proceeding under
11 chapter 34.05 RCW.

12 (i) Decisions of the department of natural resources, the
13 department of fish and wildlife, and the department that are reviewable
14 under chapter 76.09 RCW, and the department of natural resources'
15 appeals of county, city, or town objections under RCW 76.09.050(7).

16 (j) Forest health hazard orders issued by the commissioner of
17 public lands under RCW 76.06.180.

18 (k) Decisions of the department of fish and wildlife to issue,
19 deny, condition, or modify a hydraulic project approval permit under
20 chapter 77.55 RCW.

21 (l) Decisions of the department of fish and wildlife to issue,
22 deny, condition, or modify a marine areas redevelopment and restoration
23 permit under section 2 of this act.

24 (m) Decisions of the department of natural resources that are
25 reviewable under RCW 78.44.270.

26 (~~(m)~~) (n) Decisions of a state agency that is an authorized
27 public entity under RCW 79.100.010 to take temporary possession or
28 custody of a vessel or to contest the amount of reimbursement owed that
29 are reviewable under RCW 79.100.120.

30 (2) The following hearings shall not be conducted by the hearings
31 board:

32 (a) Hearings required by law to be conducted by the shorelines
33 hearings board pursuant to chapter 90.58 RCW.

34 (b) Hearings conducted by the department pursuant to RCW 70.94.332,
35 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and 90.44.180.

36 (c) Appeals of decisions by the department under RCW 90.03.110 and
37 90.44.220.

1 (d) Hearings conducted by the department to adopt, modify, or
2 repeal rules.

3 ~~((e) Appeals of decisions by the department as provided in chapter
4 43.211 RCW.))~~

5 (3) Review of rules and regulations adopted by the hearings board
6 shall be subject to review in accordance with the provisions of the
7 administrative procedure act, chapter 34.05 RCW.

8 **Sec. 8.** RCW 90.58.355 and 1994 c 257 s 20 are each amended to read
9 as follows:

10 The procedural requirements of this chapter shall not apply to any
11 person:

12 (1) Conducting a remedial action at a facility pursuant to a
13 consent decree, order, or agreed order issued pursuant to chapter
14 70.105D RCW, or to the department of ecology when it conducts a
15 remedial action under chapter 70.105D RCW. The department of ecology
16 shall ensure compliance with the substantive requirements of this
17 chapter through the consent decree, order, or agreed order issued
18 pursuant to chapter 70.105D RCW, or during the department-conducted
19 remedial action, through the procedures developed by the department
20 pursuant to RCW 70.105D.090; or

21 (2) Implementing best management practices in accordance with a
22 storm water pollution prevention plan for an existing facility to meet
23 requirements of a national pollutant discharge elimination system storm
24 water general permit. The local government and department of ecology
25 shall ensure compliance with the substantive requirements of this
26 chapter.

27 NEW SECTION. **Sec. 9.** The department shall solicit comments from
28 and coordinate with state agencies and local governments with expertise
29 relevant to a marine areas redevelopment and restoration project
30 application during the comment and review period provided in section 2
31 (4) and (5) of this act in order to inform the determinations required
32 under section 2 (5) and (6) of this act.

33 NEW SECTION. **Sec. 10.** (1) Consistent with RCW 43.01.036, the
34 department of fish and wildlife must submit a report to the appropriate
35 standing committees of the senate and house of representatives by

1 September 1, 2014, that includes an update on the implementation of the
2 marine areas redevelopment and restoration project permitting process
3 established under section 2 of this act, including: A summary of
4 projects permitted under that authority; the disposition of
5 applications conditioned, denied, or deemed inappropriate for review
6 under the process; and any legislative recommendations.

7 (2) This section expires June 30, 2015.

8 NEW SECTION. **Sec. 11.** Section 6 of this act expires June 30,
9 2019.

10 NEW SECTION. **Sec. 12.** Section 7 of this act takes effect June 30,
11 2019.

12 NEW SECTION. **Sec. 13.** Sections 2 and 9 of this act constitute a
13 new chapter in Title 77 RCW.

14 NEW SECTION. **Sec. 14.** This act shall be known and may be cited as
15 the "working waterfront redevelopment jobs act."
