ADOPTED 03/04/2014

1 On page 21, after line 17, insert the following:
2 "(24) The department when modernizing its computer systems must
3 place personal and company data elements in separate data fields to
4 allow the department to select discrete data elements when providing
5 information or data to persons or entities outside the department.
6 This requirement must be included as part of the systems design in the
7 department's business and technology modernization. A person's photo,
8 social security number, or medical information must not be made
9 available through public disclosure or data being provided under RCW
10 46.12.630."

EFFECT: Requires the Department of Licensing to design its computer systems to enable it to select each individual data element to ensure that a person's photo, social security number, or medical information is not being provided through public disclosure or to data recipients under RCW 46.12.630.

FISCAL IMPACT: No net change to appropriated levels.
