Background:

The state government operates on a fiscal biennium that begins on July 1 of each odd-numbered year. Supplemental budgets frequently are enacted in each of the following two years after adoption of the biennial budget (each odd-numbered year). Appropriations are made in the biennial and supplemental budgets for the operation of state government and its various agencies and institutions, as well as for K-12 public schools.

The 2009-11 State Omnibus Operating Appropriations Act (Operating Budget), as amended by the 2010 Supplemental Operating Budget (Engrossed Second Substitute House Bill 6444, Chapter 37, Laws of 2010, First Special Session), House Bill 3225 (Chapter 1, Laws of 2010, Second Special Session), and Engrossed Substitute House Bill 1086 (Chapter 5, Laws of 2011), appropriated \$30.2 billion from the State General Fund and two other accounts, together referred to as State Near General Fund. The total budgeted amount, which includes state and federal funds, is \$59.9 billion.

Summary of Second Engrossed Substitute Bill:

State Near General Fund appropriations for the 2009-11 biennium are increased by \$29.4 million; the total budget is increased by \$109.4 million.

The State Near General Fund appropriations for the 2011-13 biennium total \$32.2 billion. The total budget (all funds) is \$62.1 billion.

Appropriation: The bill contains multiple appropriations. Please refer to the bill and supporting documents.

Fiscal Note: Requested on April 18, 2011.

Effective Date: The bill contains an emergency clause and takes effect immediately, except for section 947, relating to public works assistance account fund transfers for water pollution control and drinking water assistance, which takes effect on June 30, 2011.
