2 **By Representative Ballard**

3 **On page 3, after line 18, insert:**

4 "(3) No legislator may receive more than five days per diem
5 between the second Monday of January of each odd-numbered year and
6 the second Monday of February in each odd-numbered year, unless the
7 legislature is convened in regular or special session during that
8 time."

EFFECT: The amendment is intended to reduce the incentive for
the legislature to use the extra month as if the regular
session length had been increased to 135 days.
