 17 **COMMON SCHOOL PURCHASES**

18           The appropriation in this section is subject  
 19 to the following conditions and limitations:

20           (1) This appropriation is provided to the  
 21 state parks and recreation commission  
 22 ("commission") solely to acquire trust lands that  
 23 have been identified by the department of natural  
 24 resources ("department") as appropriate for state

- 45           (i) Wallace Falls Addition (Northwest)

6 (k) Hoypus Hill in Island county south of  
7 Hoypus Point Natural Forest Area at Deception  
8 Pass State Park;

9 (l) Lake Easton in Easton in Kittitas county  
10 west of Lake Easton State park near the town of  
11 Easton;

12 (m) Diamond Point, in Clallam county, on the  
13 Strait of Juan de Fuca; and

14 (n) Skykomish river property, along Highway  
15 2, near Index.

16 (2) The commission may expend moneys from  
17 this appropriation for acquisition of the  
18 Skykomish river property under subsection (1)(n)  
19 of this section only to the extent that moneys  
20 remain available after the commission has made  
21 all reasonable efforts to acquire the other  
22 properties identified in this subsection. If  
23 funds remain available after all properties in  
24 (a) through (n) of this subsection have been  
25 purchased, the commission may purchase additional  
26 trust properties for park purposes. The  
27 purchases of additional properties shall be  
28 conducted in a manner that provides substantial  
29 benefit to the common school construction fund.

30 (3) To achieve the purposes of this section,  
31 intergrant exchanges between common school trust  
32 lands and parcels of noncommon school trust lands  
33 shall occur on an equal-value basis.

34 (4) Proceeds from the transfer of the timber  
35 shall be deposited by the department in the same  
36 manner as timber revenues from other common  
37 school trust lands. No deduction may be made for  
38 the resource management cost account under RCW  
39 79.64.040. The proceeds from the transfer of the  
40 land shall be used by the department to acquire  
41 timber land of equal value to be managed as  
42 common school trust land and to maintain a  
43 sustainable yield.

44 (5) The department shall attempt to maintain  
45 an aggregate ratio of approximately 85:15 timber-  
46 to-land value in these transactions. ~~((If the~~  
47 ~~aggregate value of timber to land varies by more~~  
48 ~~than plus or minus five percent of that ratio,~~  
49 ~~individual land acquisitions may be dropped in~~  
50 ~~order to maintain the approximate ratio.))~~

51 (6) It is the intent of the legislature  
52 that, insofar as feasible, the full parcels  
53 identified in subsection (1) of this section be  
54 acquired for park purposes. However, to the  
55 extent authorized by the commission, House Bill  
56 No. 2990, or Senate Bill No. 6509, the boundaries
