3 By Senator Pelz

4 Not Adopted 3/19/91 - Voice Vote
5 On page 76, after line 6, strike all of NEW SECTIONS 92 through 101
6 on page 79, line 23, and insert the following:

7 "NEW SECTION. Sec. 92. The legislature finds that a vocational
8 institute in the central area of the city of Seattle provides civic,
9 social, and economic benefits to the people of the state of Washington.
10 Economic development is enhanced by increasing the number of skilled
11 individuals who enter the labor market and social welfare costs are
12 reduced by the training of individuals lacking marketable skills. The
13 students at the institute are historically economically disadvantaged,
14 and include racial and ethnic minorities, recent immigrants,
15 single-parent heads of households, and persons who are dislocated
16 workers or without specific occupational skills. The institute
17 presents a unique opportunity for business, labor, and community-based
18 organizations, and educators to work together to provide effective
19 vocational-technical training to the economically disadvantaged of
20 urban Seattle, and to serve as a national model of such cooperation.
21 Moreover, a trained work force is a major factor in attracting new
22 employers, and with greater minority participation in the work force,
23 the institute is uniquely located to deliver training and education to
24 the individuals employers must increasingly turn to for their future
25 workers."

26 "NEW SECTION. Sec. 93. The mission of the institute shall be
27 "to provide occupational, basic skills, and literacy education

1 opportunities to economically disadvantaged populations in urban areas
2 of the college district it serves. The board of trustees of the sixth
3 college district shall appoint a nine-member advisory committee
4 consisting of equal representation from business, labor, and community
5 representatives to provide advice and counsel to the administration of
6 the institute and the district administration.

7 "NEW SECTION. **Sec. 94.** Funding for the institute shall be
8 included in a separate allocation to the Washington institute for
9 applied technology, and funds allocated for the institute shall be used
10 only for purposes of the institute."

11 "NEW SECTION. **Sec. 95.** The Washington institute for applied
12 technology shall conduct a survey of the capital facilities and
13 equipment necessary to operate the program at the institute. The
14 district shall present the survey to the state board for community
15 college education by December 1, 1991. The board shall include the
16 survey in its budget request to the legislature which shall consider a
17 supplementary appropriation for the 1992-93 fiscal year to the sixth
18 college district based on the results of this survey."

19 "NEW SECTION. **Sec. 96.** The Washington institute for applied
20 technology may provide for waivers of tuition and fees and provide
21 scholarships for students at the institute. The Washington institute
22 for applied technology may negotiate with applicable public or private
23 service providers to conduct the instructional activities of the
24 institute, however, the Washington institute for applied technology
25 shall not hire instructional staff or faculty. In order to allow the
26 Washington institute for applied technology flexibility in its
27 personnel policies with the institute, the Washington institute for

1 applied technology and the institute, with reference to employees of
2 the institute employed during an initial two-year period until July 1,
3 1993, are exempt from chapters 28B.16, 28B.52 (relating to collective
4 bargaining), 41.04, 41.05, 41.06, and 41.40 RCW; from RCW 43.01.040
5 through 43.01.044; and from RCW 28B.50.551 and 28B.50.850 through
6 28B.50.875 (relating to faculty tenure)."
