**Background:** Leased or rented property of nonprofit organizations operating nonpermanent shelters for low-income homeless persons or victims of domestic violence who are homeless for personal safety reasons is exempt from property taxes. To qualify for the property tax exemption, the benefit of the reduction in the property tax must incur, in the form of reduced lease rents, to the nonprofit organization. The exemption for property that is leased or rented by a nonprofit organization is only for taxes that are assessed through the year 1999.

**Summary of Bill:** The nonprofit organization property tax exemption is expanded to include the real or personal property used by a nonprofit organization to provide emergency or transitional housing for low-income persons or victims of domestic violence who are homeless for personal safety.

Homeless is defined as persons, including families, who, on one particular day or night, do not have decent and safe shelter nor sufficient funds to purchase or rent a place to stay.

Emergency housing is defined as a project that provides housing and supportive services to homeless persons or families for up to 60 days.

Transitional housing is defined as a project that provides housing and supportive services to persons or families for up to two years and that has as its purpose facilitating the movement of homeless persons and families into independent living.

To qualify for the exemption, the benefit of the reduction in the property tax must incur, in the form of reduced lease rents, to the nonprofit organization. The exemption for property that is leased or rented by a nonprofit organization and used for housing for homeless persons is only for taxes that are assessed through the year 1999.

The administrative provisions used for the nonprofit organization exemption applies to property used by the nonprofit organization to provide emergency or transitional housing for low-income persons or victims of domestic violence.

**Fiscal Note:** Available.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Testimony For:** (Housing): This bill will assist that small group of nonprofit organizations that have to lease their facilities to provide housing for the homeless. Any reductions in the property tax burden will lower the operational costs of the nonprofit organization.

(Revenue): The bill clarifies existing language for property tax exemption.

**Testimony Against:** (Housing): The cost of this exemption will have to be passed on to the rest of the taxpayers. There should be consideration given to the average person who pays the tax bills when this type of legislation is passed.

(Revenue): None.

**Witnesses:** (Housing): Mike Ryherd, Low-Income Housing Congress (in favor of bill); Kim Herman, Washington State Housing Finance Commission (in favor of bill); and Paul W. Locke (against the bill).

(Revenue): Mike Ryherd, Low-Income Housing Congress (in favor); and Linda Lethlean, Department of Revenue (in favor).
