Background: On June 20, 1989, the governor signed Executive Order 95-05 establishing the Washington State Commission on African-American Affairs. The commission consists of nine members, who are appointed by the governor. The commission is administered by an executive director, who is also appointed by the governor. The first commission members and executive director were appointed in November 1989. In

addition to the executive director, there are two staff members with the commission.

The commission has adopted as its mission the development and promotion of public policy to enhance the social, health, economic, political and educational welfare of African-American people in Washington.

The governor's proposed budget contains a request for \$284,000 for the commission for the 1991-93 biennium.

Summary of Bill: The Washington State Commission on African-American Affairs is established in statute. The bill contains an appropriation request for \$300,000 to the commission for the 1991-93 biennium.

Fiscal Note: Requested February 5, 1991.

Appropriation: Yes.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: The commission has already been a credit to Washington, particularly in assessing baseline conditions among the state's African-American citizens.
