26 Every motor truck, truck tractor, and tractor exceeding 6,000
27 pounds empty scale weight registered under chapter 46.16, 46.87, or
28 46.88 RCW shall be licensed for not less than one hundred fifty percent
29 of its empty weight unless the amount would be in excess of the legal
30 limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in

1 which event the vehicle shall be licensed for the maximum weight
2 authorized for such a vehicle.

3 The following provisions apply when increasing gross or combined
4 gross weight for a vehicle licensed under this section:

5 (a) The new license fee will be one-twelfth of the fee listed
6 above for the new gross weight, multiplied by the number of months
7 remaining in the period for which licensing fees have been paid,
8 including the month in which the new gross weight is effective.

9 (b) Upon surrender of the current certificate of registration or
10 cab card, the new licensing fees due shall be reduced by the amount of
11 the licensing fees previously paid for the same period for which new
12 fees are being charged.

13 (2) The proceeds from the fees collected under subsection (1) of
14 this section shall be distributed in accordance with RCW 46.68.035.

15 **Sec. 2.** RCW 46.16.160 and 1987 c 244 s 6 are each amended to read
16 as follows:

17 (1) The owner of a vehicle which under reciprocal relations with
18 another jurisdiction would be required to obtain a license registration
19 in this state or an unlicensed vehicle which would be required to
20 obtain a license registration for operation on public highways of this
21 state may, as an alternative to such license registration, secure and
22 operate such vehicle under authority of a trip permit issued by this
23 state in lieu of a Washington certificate of license registration, and
24 licensed gross weight if applicable. The licensed gross weight shall
25 not exceed eighty thousand pounds for a combination of vehicles nor
26 forty thousand pounds for a single unit vehicle with three or more
27 axles. Trip permits may also be issued for movement of mobile homes
28 pursuant to RCW 46.44.170. For the purpose of this section, a vehicle
29 is considered unlicensed if the licensed gross weight currently in

1 effect for the vehicle or combination of vehicles is not adequate for
2 the load being carried. Vehicles registered under RCW 46.16.135 shall
3 not be operated under authority of trip permits in lieu of further
4 registration within the same registration year.

5 (2) Each trip permit shall authorize the operation of a single
6 vehicle at the maximum legal weight limit for such vehicle for a period
7 of three consecutive days commencing with the day of first use. No
8 more than three such permits may be used for any one vehicle in any
9 period of thirty consecutive days. Every permit shall identify, as the
10 department may require, the vehicle for which it is issued and shall be
11 completed in its entirety and signed by the operator before operation
12 of the vehicle on the public highways of this state. Correction of
13 data on the permit such as dates, license number, or vehicle
14 identification number invalidates the permit. The trip permit shall be
15 displayed on the vehicle to which it is issued as prescribed by the
16 department.

17 (3) Vehicles operating under authority of trip permits are subject
18 to all laws, rules, and regulations affecting the operation of like
19 vehicles in this state.

20 (4) Prorate operators operating commercial vehicles on trip permits
21 in Washington shall retain the customer copy of such permit for four
22 years.

23 (5) Blank trip permits may be obtained from field offices of the
24 department of transportation, Washington state patrol, department of
25 licensing, or other agents appointed by the department. For each
26 permit issued, there shall be collected a filing fee as provided by RCW
27 46.01.140, an administrative fee of eight dollars, and an excise tax of
28 one dollar. If the filing fee amount of one dollar prescribed by RCW
29 46.01.140 is increased or decreased after January 1, 1981, the
30 administrative fee shall be adjusted to compensate for such change to

1 insure that the total amount collected for the filing fee,
2 administrative fee, and excise tax remain at ten dollars. These fees
3 and taxes are in lieu of all other vehicle license fees and taxes. No
4 exchange, credits, or refunds may be given for trip permits after they
5 have been purchased.

6 (6) The department may appoint county auditors or businesses as
7 agents for the purpose of selling trip permits to the public. County
8 auditors or businesses so appointed may retain the filing fee collected
9 for each trip permit to defray expenses incurred in handling and
10 selling the permits.

11 (7) A violation of or a failure to comply with any provision of
12 this section is a gross misdemeanor.

13 (8) The department of licensing may adopt rules as it deems
14 necessary to administer this section.

15 (9) All administrative fees and excise taxes collected under the
16 provisions of this chapter shall be forwarded by the department with
17 proper identifying detailed report to the state treasurer who shall
18 deposit the administrative fees to the credit of the motor vehicle fund
19 and the excise taxes to the credit of the general fund. Filing fees
20 will be forwarded and reported to the state treasurer by the department
21 as prescribed in RCW 46.01.140.

22 **Sec. 3.** RCW 46.44.041 and 1988 c 229 s 1 and 1988 c 6 s 2 are each
23 reenacted and amended to read as follows:

24 No vehicle or combination of vehicles shall operate upon the public
25 highways of this state with a gross load on any single axle in excess
26 of twenty thousand pounds, or upon any group of axles in excess of that
27 set forth in the following table, except that two consecutive sets of
28 tandem axles may carry a gross load of thirty-four thousand pounds

27 When inches are involved: Under six inches take lower, six inches or
28 over take higher. The maximum load on any axle in any group of axles

1 shall not exceed the single axle or tandem axle allowance as set forth
2 in the table above.

3 The maximum axle and gross weights specified in this section are
4 subject to the braking requirements set up for the service brakes upon
5 any motor vehicle or combination of vehicles as provided by law.

6 ~~((It is unlawful to operate upon the public highways any single
7 unit vehicle, supported upon three axles or more with a gross weight
8 including load in excess of forty thousand pounds or any combination of
9 vehicles having a gross weight in excess of eighty thousand pounds
10 without first obtaining an additional tonnage permit as provided for in
11 RCW 46.44.095: PROVIDED, That when a combination of vehicles has
12 purchased license tonnage in excess of seventy two thousand pounds as
13 provided by RCW 46.16.070, such excess license tonnage may be applied
14 to the power unit subject to limitations of RCW 46.44.042 and this
15 section when such vehicle is operated without a trailer.))~~

16 It is unlawful to operate any vehicle upon the public highways
17 equipped with two axles spaced less than seven feet apart unless the
18 two axles are so constructed and mounted that the difference in weight
19 between the axles does not exceed three thousand pounds. However,
20 variable lift axles are exempt from this requirement. For purposes of
21 this section, a "variable lift axle" is an axle that may be lifted from
22 the roadway surface, whether by air, hydraulic, mechanical, or any
23 combination of these means. The weight allowed on the axle is governed
24 by RCW 46.44.042 and this section.

25 Loads of not more than eighty thousand pounds which may be legally
26 hauled in the state bordering this state which also has a sales tax,
27 are legal in this state when moving to a port district within four
28 miles of the bordering state except on the interstate system. This
29 provision does not allow the operation of a vehicle combination
30 consisting of a truck tractor and three trailers.

1 Notwithstanding anything contained herein, a vehicle or combination
2 of vehicles in operation on January 4, 1975, may operate upon the
3 public highways of this state, including the interstate system within
4 the meaning of section 127 of Title 23, United States Code, with an
5 overall gross weight upon a group of two consecutive sets of dual axles
6 which was lawful in this state under the laws, regulations, and
7 procedures in effect in this state on January 4, 1975.

8 **Sec. 4.** RCW 46.44.0941 and 1990 c 42 s 107 are each amended to
9 read as follows:

11 fees, shall be paid for all movements under special permit made upon
12 state highways. All funds collected, except the amount retained by

23 be carried to the next full dollar if fifty cents or over and shall be
24 reduced to the next full dollar if forty-nine cents or under.

25 The fees levied in this section and RCW 46.44.095 do not apply to
26 vehicles owned and operated by the state of Washington, a county within
27 the state, a city or town or metropolitan municipal corporation within
28 the state, or the federal government.

1 **Sec. 5.** RCW 46.44.095 and 1990 c 42 s 108 are each amended to read
2 as follows:

3 ~~((When a combination of vehicles has been lawfully licensed to a
4 total gross weight of eighty thousand pounds and when a three or more
5 axle single unit vehicle has been lawfully licensed to a total gross
6 weight of forty thousand pounds pursuant to provisions of RCW
7 46.44.041, a permit for additional gross weight may be issued by the
8 department of transportation upon the payment of fifty two dollars and
9 fifty cents per year for each one thousand pounds or fraction thereof
10 of such additional gross weight:— PROVIDED, That the tire limits
11 specified in RCW 46.44.042 shall apply, and the gross weight on any
12 single axle shall not exceed twenty thousand pounds, and the gross load
13 on any group of axles shall not exceed the limits set forth in RCW
14 46.44.041:— PROVIDED FURTHER, That within the tire limits of RCW
15 46.44.042, and notwithstanding RCW 46.44.041 and 46.44.091, a permit
16 for an additional six thousand pounds may be purchased for the rear
17 axles of a two axle garbage truck or eight thousand pounds for the
18 tandem axle of a three axle garbage truck at a rate not to exceed
19 forty two dollars per thousand. Such additional weight in the case of
20 garbage trucks shall not be valid or permitted on any part of the
21 federal interstate highway system.~~

22 ~~The annual additional tonnage permits provided for in this section
23 shall be issued upon such terms and conditions as may be prescribed by
24 the department pursuant to general rules adopted by the transportation
25 commission. Such permits shall entitle the permittee to carry such
26 additional load in an amount and upon highways or sections of highways
27 as may be determined by the department of transportation to be capable
28 of withstanding increased gross load without undue injury to the
29 highway:— PROVIDED, That the permits are not valid on any highway where~~

1 the use of such permits would deprive this state of federal funds for
2 highway purposes.

3 For those vehicles registered under chapter 46.87 RCW, the annual
4 additional tonnage permits provided for in this section may be issued
5 to coincide with the registration year of the base jurisdiction. For
6 those vehicles registered under chapter 46.16 RCW and whose
7 registration has staggered renewal dates, the annual additional tonnage
8 permits may be issued to coincide with the expiration date of the
9 registration. The permits may be purchased at any time, and if they
10 are purchased for less than a full year, the fee shall be one twelfth
11 of the full fee multiplied by the number of months, including any
12 fraction thereof, covered by the permit. When the department issues a
13 duplicate permit to replace a lost or destroyed permit and where the
14 department transfers a permit from one vehicle to another a fee of
15 fourteen dollars shall be charged for each duplicate issued or each
16 transfer. The department of transportation shall issue permits on a
17 temporary basis for periods not less than five days at two dollars and
18 eighty cents per day for each two thousands pounds or fraction thereof.

19 The fees levied in RCW 46.44.0941 and this section shall not apply
20 to any vehicles owned and operated by the state of Washington, any
21 county within the state, or any city or town or metropolitan municipal
22 corporation within the state, or by the federal government.

23 In the case of fleets prorating license fees under the provisions
24 of chapter 46.87 RCW, the fees provided for in this section shall be
25 computed by the department of transportation by applying the proportion
26 of the Washington mileage of the fleet in question to the total mileage
27 of the fleet as reported pursuant to chapter 46.87 RCW to the fees that
28 would be required to purchase the additional weight allowance for all
29 eligible vehicles or combinations of vehicles for which the extra
30 weight allowance is requested.

1 ~~When computing fees that result in an amount other than full~~
2 ~~dollars, the fee shall be increased to the next full dollar if fifty~~
3 ~~cents or over and shall be reduced to the next full dollar if forty-~~
4 ~~nine cents or under. The minimum fee for any prorated tonnage permit~~
5 ~~issued under this section shall be thirty-five dollars.))~~

6 When a combination of vehicles has been licensed to a total gross
7 weight of 80,000 pounds or when a three or more axle single unit
8 vehicle has been licensed to a total gross weight of 40,000 pounds, a
9 temporary additional tonnage permit to haul loads in excess of these
10 limits may be issued. This permit is valid for periods of not less
11 than five days at two dollars and eighty cents per day for each two
12 thousand pounds or fraction thereof. The fee may not be prorated. The
13 permits shall authorize the movement of loads not exceeding the weight
14 limits set forth in RCW 46.44.041 and 46.44.042.

15 **Sec. 6.** RCW 46.44.096 and 1989 c 398 s 4 are each amended to read
16 as follows:

17 In determining fees according to RCW 46.44.0941, mileage on state
18 primary and secondary highways shall be determined from the planning
19 survey records of the department of transportation, and the gross
20 weight of the vehicle or vehicles, including load, shall be declared by
21 the applicant. Overweight on which fees shall be paid will be gross
22 loadings in excess of loadings authorized by law or axle loadings in
23 excess of loadings authorized by law, whichever is the greater. Loads
24 which are overweight and oversize shall be charged the fee for the
25 overweight permit without additional fees being assessed for the
26 oversize features.

27 Special permits issued under RCW 46.44.047, 46.44.0941, or
28 46.44.095, may be obtained from offices of the department of

1 transportation, ports of entry, or other agents appointed by the
2 department.

3 The department may appoint agents for the purposes of selling
4 special motor vehicle permits, temporary additional tonnage permits,
5 and log tolerance permits. Agents so appointed may retain three
6 dollars and fifty cents for each permit sold to defray expenses
7 incurred in handling and selling the permits. If the fee is collected
8 by the department of transportation, the department shall certify the
9 fee so collected to the state treasurer for deposit to the credit of
10 the motor vehicle fund.

11 Fees established in RCW 46.44.0941 shall be paid to the political
12 body issuing the permit if the entire movement is to be confined to
13 roads, streets, or highways for which that political body is
14 responsible. When a movement involves a combination of state highways,
15 county roads, and/or city streets the fee shall be paid to the state
16 department of transportation. When a movement is confined within the
17 city limits of a city or town upon city streets, including routes of
18 state highways on city streets, all fees shall be paid to the city or
19 town involved. A permit will not be required from city or town
20 authorities for a move involving a combination of city or town streets
21 and state highways when the move through a city or town is being
22 confined to the route of the state highway. When a move involves a
23 combination of county roads and city streets the fee shall be paid to
24 the county authorities, but the fee shall not be collected nor the
25 county permit issued until valid permits are presented showing the city
26 or town authorities approve of the move in question. When the movement
27 involves only county roads the fees collected shall be paid to the
28 county involved. Fees established shall be paid to the political body
29 issuing the permit if the entire use of the vehicle during the period

1 covered by the permit shall be confined to the roads, streets, or
2 highways for which that political body is responsible.

3 ~~((If, pursuant to RCW 46.44.090, cities or counties issue
4 additional tonnage permits similar to those provided for issuance by
5 the state department of transportation in RCW 46.44.095, the state
6 department of transportation shall authorize the use of the additional
7 tonnage permits on state highways subject to the following conditions:~~

8 ~~(1) The owner of the vehicle covered by such permit shall establish
9 to the satisfaction of the state department of transportation that the
10 primary use of the vehicle is on the streets or roads of the city or
11 county issuing the additional tonnage permit;~~

12 ~~(2) That the fees paid for the additional tonnage are not less than
13 those established in RCW 46.44.095;~~

14 ~~(3) That the city or county issuing the permit shall allow the use
15 of permits issued by the state pursuant to RCW 46.44.095 on the streets
16 or roads under its jurisdiction;~~

17 ~~(4) That all of the provisions of RCW 46.44.042 and 46.44.041 shall
18 be observed.~~

19 ~~When the department of transportation is satisfied that the above
20 conditions have been met, the department of transportation, by suitable
21 endorsement on the permit, shall authorize its use on such highways as
22 the department has authorized for such permits pursuant to RCW
23 46.44.095, and all such use of such highways is subject to whatever
24 rules and regulations the state department of transportation has
25 adopted for the permits.))~~

26 **Sec. 7.** RCW 46.68.035 and 1990 c 42 s 106 are each amended to read
27 as follows:

29 director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall

1 be forwarded to the state treasurer to be distributed into accounts
2 according to the following method:

3 (1) The sum of two dollars for each vehicle shall be deposited into
4 the highway safety fund, except that for each vehicle registered by a
5 county auditor or agent to a county auditor pursuant to RCW 46.01.140,
6 the sum of two dollars shall be credited to the current county expense
7 fund.

8 (2) The remainder shall be distributed as follows:

13 (c) The remaining proceeds shall be deposited into the motor
14 vehicle fund.
