Brief Description: Establishing nurse/student ratios for schools.

SB 5340 - DIGEST

Requires each school district to maintain a ratio of not less than one nurse for every two thousand five hundred students for the 1991-92 school year to be decreased annually to a requirement of one nurse for every thousand students for the 1996-97 school year.

Makes an appropriation of thirty-one million four hundred thousand dollars to carry out the purposes of the act.
