

5478-S

Sponsor(s): Senate Committee on Environment & Natural Resources
(originally sponsored by Senators Conner and Wojahn)

Brief Description: Requiring comprehensive solid waste management plans to include provisions for recycling for single and multiple family residences.

SB 5478-S - DIGEST

(DIGEST AS ENACTED)

Requires comprehensive solid waste management plans to include provisions for recycling for single and multiple family residences.

Directs the state building code council to adopt rules to ensure that new multi-family residences and commercial facilities have adequate recycling receptacles.
