

6013

Sponsor(s): Senator Conner

Brief Description: Including archaeological resources in oil and hazardous substance spill prevention and response.

SB 6013 - DIGEST

(AS OF SENATE 2ND READING 2/10/92)

Includes the archaeological resources of the state in the statutes which establish a comprehensive prevention and response program to protect natural resources of the state from oil and hazardous substance spills.

Directs the office of archaeology and historic preservation to identify significant archaeological resources for protection.
