

6036

Sponsor(s): Senators Metcalf, Rasmussen, L. Smith and Oke

Brief Description: Creating a temporary commission to review and revise the state's environmental policies focusing on eliminating inefficiency and redundant programs.

SB 6036 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Creates a temporary commission to be known as the commission on environmental strategies and designates its membership.

Directs the commission to consider such factors as reliance upon alternative environmental strategies, budgets and funding for environmental programs, review of federally delegated programs, and the termination of environmental programs.

Terminates, as of June 30, 1995, the ecological commission, the litter control program, and the environmental coordination procedures act.

Makes an appropriation of an unspecified sum to carry out the purposes of the act.
