Sponsor(s): Senator Thorsness

Brief Description: Modifying provisions for the awarding of TDD distribution and maintenance contracts.

**SB 6377 - DIGEST**

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires the application for certification by the federal communications commission of the state-wide relay service.

Requires the initial contract for the operation and maintenance of the service by July 1, 1993.

Directs the commission to require local exchange companies to file tariffs for discounted long distance services.
