

1 **SHB 1988** - H COMM AMD **ADOPTED 3-11-93**

2 By Committee on Appropriations

3 On page 4, line 34, after "sources." insert "For fiscal year
4 1994, the state board for community and technical colleges may
5 borrow from the general fund to initiate the programs authorized
6 under this act. However, the board shall repay the borrowed amount
7 by the end of the fiscal biennium from funds appropriated to it
8 from the employment and training trust fund."

EFFECT: Allows the community and technical college system to use state general funds to initiate the training provisions of the act at the beginning of the 1994 fiscal year, rather than waiting until the spring of 1994 when training trust fund monies are collected.
