

1 **SHB 2607 - H AMD 966 ADOPTED 2-14-94**

2 By Representative Sehlin

3 On page 7, beginning on line 31, after "and" strike all  
4 material through "amount" on line 32 and insert "all  
5 subcontractors who are awarded a contract over two hundred  
6 thousand dollars shall provide a performance and payment bond for  
7 their contract amount. All other subcontractors shall provide a  
8 performance and payment bond"

**EFFECT:** This amendment changes the subcontractor bonding requirement in two ways. All subcontractors with a contract over \$200,000 are required to post a performance bond rather than allowing the general contractor/construction manager the discretion to require that a bond be posted. For subcontractors with contracts under \$200,000, a bond may be required, but at the discretion of the general contractor/construction manager.
