8 conditions and limitations:

9 (a) The population of the state residential habilitation centers
10 shall be reduced by at least 123 persons by January 1995. This shall
11 be accomplished by providing appropriate community services for those
12 residents who are most ready to move, and by closing the building and
13 administration at Interlake School. In implementing this redeployment
14 of resources, the secretary of social and health services shall assure
15 that:

16 (i) No individual shall be moved from an institutional to a

20 (ii) The savings to general fund--state expenditures from the
21 residential habilitation center consolidations shall exceed the
22 additional costs of new community services for persons moving from the
23 residential habilitation centers by at least \$1,200,000;

24 (~~(iv)~~) (iii) A transition plan is developed and implemented for
25 state employees dislocated by the redeployment. The plan shall be

32 (~~(v)~~) (iv) A report is submitted to appropriate committees of the
33 legislature by October 1, 1993, and at the beginning of each biennial
34 quarter thereafter, on specific plans for accomplishing the goals of
35 this subsection (4)(a), and their outcomes.

36 (b)(i) The number of persons receiving community residential
37 services shall not be reduced below the end of fiscal year 1993 level,

5 ICF/MR and nursing facilities, the secretary shall seek federal
6 approval to expand by at least (~~(500)~~) 750 the number of persons
7 receiving services under federal medicaid home- and community-based
8 services waivers. If the waiver request is not approved by the federal
9 health care financing administration, the secretary is authorized to
10 use up to \$(~~(15,000,000)~~) 18,000,000 of the general fund--state

12 retarded, personal care, rehabilitative, and other services
13 reimbursable under medicaid without a waiver of federal rules. The
14 secretary shall report to the ways and means committee of the senate
15 and the appropriations committee of the house of representatives by
16 February 1, 1994, on the outcome of these efforts.

17 (d) The secretary shall report to appropriate committees of the
18 legislature by January 1, 1994, on efforts to obtain federal approval
19 to include living units at Fircrest school as group homes under
20 medicaid home- and community-based services waivers.

21 (e) In developing employment support plans for individuals with
22 developmental disabilities, counties shall utilize, for those who are
23 programmatically eligible, social security work incentive programs such
24 as plans for achieving self support (PASS) and impairment-related work
25 expense (IRWE).

26 (f) Counties shall use a portion of the general fund--state
27 appropriation for the implementation of working agreements with the
28 vocational rehabilitation program to maximize the use of federal
29 funding for vocational programs.

30 (g) \$(~~(2,210,000)~~) 1,935,000 of the general fund--state
31 appropriation is provided solely for employment programs, or community

31 considered for selective state-wide contracting include, but are not
32 limited to, prescription drugs, durable medical equipment, eyeglasses,
33 and hearing aids. Selective contracts should be considered both as a
34 way to provide a benchmark price in negotiating with managed care plans

3 NEW SECTION. **Sec. 210.** A new section is added to chapter 24, Laws

11 department and the office of financial management shall compare the
12 current scope of medical assistance services to those provided by: (1)
13 The basic health plan, (2) the uniform benefits package, and (3) the
14 state employee health insurance package. The comparison of the scope
15 of services shall take into account the relative ability to pay of
16 medical assistance clients and those persons receiving coverage under
17 (1), (2), and (3) of this section. To the extent that the health
18 services commission has not decided upon a preliminary uniform benefits
19 package at an early enough date for the analysis required in (2) of

22 the uniform benefits package. The department and the office of
23 financial management shall report the fiscal impacts of setting the

35 definition including, but not be limited to: (1) Consideration of the
36 probabilities of success of high-cost treatments; (2) whether a high-
37 cost treatment will provide any appreciable positive impact on a

1 patient's quality of life; and (3) consideration of a patient's other
2 existing medical conditions and expected remaining years of life. This
3 analysis shall be undertaken in consultation with relevant health care
4 providers and bioethicists. No later than December 1, 1994, the
5 department and the office of financial management shall report to the
6 fiscal committees of the legislature the associated changes in the
7 type, frequency, or intensity of medical assistance services to be
8 provided under the various definitions of medical necessity along with
9 the fiscal impacts of such changes.

22 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR GENERAL APPORTIONMENT**
23 **(BASIC EDUCATION)**

24 General Fund Appropriation \$ ((6,019,646,000))
25 6,006,768,000

26 The appropriation in this section is subject to the following
27 conditions and limitations:

28 (1) The general fund appropriation includes such funds as are
29 necessary for the remaining months of the 1992-93 school year.

30 (2) Allocations for certificated staff salaries for the 1993-94 and
31 1994-95 school years shall be determined using formula-generated staff
32 units calculated pursuant to this subsection. Staff allocations for
33 small school enrollments in grades K-6 shall be the greater of that
34 generated under (a) of this subsection, or under (d) and (e) of this
35 subsection. Certificated staffing allocations shall be as follows:

36 (a) On the basis of each 1,000 average annual full time equivalent
37 enrollments, excluding full time equivalent enrollment otherwise

1 recognized for certificated staff unit allocations under (c) through
2 (f) of this subsection:

3 (i) Four certificated administrative staff units for grades K-12,
4 excluding full time equivalent handicapped enrollment recognized for
5 funding purposes under section 507 of this act;

6 (ii) 49 certificated instructional staff units, as required in RCW
7 28A.150.260(2)(b), for grades K-3, excluding full time equivalent

14 district documents an actual ratio equal to or greater than 54.3
15 certificated instructional staff per thousand full time equivalent
16 students in grades K-3. For any school district documenting a lower
17 certificated instructional staff ratio, the allocation shall be based
18 on the district's actual grades K-3 certificated instructional staff
19 ratio achieved in that school year, or the statutory minimum ratio
20 established under RCW 28A.150.260(2)(b), if greater.

21 (B) Districts at or above 51.0 certificated instructional staff per
22 one thousand full time equivalent students in grades K-3 may dedicate
23 up to 1.3 of the 54.3 funding ratio to employ additional classified
24 instructional assistants assigned to basic education classrooms in
25 grades K-3. For purposes of documenting a district's staff ratio under
26 this section, funds used by the district to employ additional
27 classified instructional assistants shall be converted to a
28 certificated staff equivalent and added to the district's actual
29 certificated instructional staff ratio. Additional classified
30 instructional assistants, for the purposes of this subsection, shall be
31 determined using the 1989-90 school year as the base year.

32 (C) Any district maintaining a ratio equal to or greater than 54.3
33 certificated instructional staff per thousand full time equivalent
34 students in grades K-3 may use allocations generated under this
35 subsection (2)(a)(iii) in excess of that required to maintain the
36 minimum ratio established under RCW 28A.150.260(2)(b) to employ
37 additional basic education certificated instructional staff or
38 classified instructional assistants in grades 4-6. Funds allocated

4 (iv) Forty-six certificated instructional staff units for grades 4-
5 12, excluding full time equivalent handicapped students ages nine and
6 above; and

7 (b) For school districts with a minimum enrollment of 250 full time
8 equivalent students whose full time equivalent student enrollment count
9 in a given month exceeds the first of the month full time equivalent
10 enrollment count by 5 percent, an additional state allocation of 110
11 percent of the share that such increased enrollment would have
12 generated had such additional full time equivalent students been
13 included in the normal enrollment count for that particular month;

14 (c) On the basis of full time equivalent enrollment in vocational
15 education programs and skill center programs approved by the
16 superintendent of public instruction, 0.92 certificated instructional
17 staff units and 0.08 certificated administrative staff units for each
18 16.67 full time equivalent vocational students;

19 (d) For districts enrolling not more than twenty-five average
20 annual full time equivalent students in grades K-8, and for small
21 school plants within any school district which have been judged to be
22 remote and necessary by the state board of education and enroll not
23 more than twenty-five average annual full time equivalent students in
24 grades K-8:

26 certificated instructional staff units and 0.24 certificated
27 administrative staff units for enrollment of not more than five
28 students, plus one-twentieth of a certificated instructional staff unit
29 for each additional student enrolled; and

30 (ii) For those enrolling students in grades 7 or 8, 1.68
31 certificated instructional staff units and 0.32 certificated
32 administrative staff units for enrollment of not more than five
33 students, plus one-tenth of a certificated instructional staff unit for
34 each additional student enrolled.

35 (e) For specified enrollments in districts enrolling more than
36 twenty-five but not more than one hundred average annual full time
37 equivalent students in grades K-8, and for small school plants within
38 any school district which enroll more than twenty-five average annual

1 full time equivalent students in grades K-8 and have been judged to be
2 remote and necessary by the state board of education:

3 (i) For enrollment of up to sixty annual average full time
4 equivalent students in grades K-6, 2.76 certificated instructional
5 staff units and 0.24 certificated administrative staff units; and

6 (ii) For enrollment of up to twenty annual average full time
7 equivalent students in grades 7 and 8, 0.92 certificated instructional
8 staff units and 0.08 certificated administrative staff units.

9 (f) For districts operating no more than two high schools with
10 enrollments of less than three hundred average annual full time
11 equivalent students, for enrollment in grades 9-12 in each such school,
12 other than alternative schools:

13 (i) For remote and necessary schools enrolling students in any
14 grades 9-12 but no more than twenty-five average annual full time
15 equivalent students in grades K-12, four and one-half certificated
16 instructional staff units and one-quarter of a certificated
17 administrative staff unit;

18 (ii) For all other small high schools under this subsection, nine
19 certificated instructional staff units and one-half of a certificated
20 administrative staff unit for the first sixty average annual full time
21 equivalent students, and additional staff units based on a ratio of
22 0.8732 certificated instructional staff units and 0.1268 certificated
23 administrative staff units per each additional forty-three and one-half
24 average annual full time equivalent students.

25 Units calculated under (f)(ii) of this subsection shall be reduced
26 by certificated staff units at the rate of forty-six certificated
27 instructional staff units and four certificated administrative staff
28 units per thousand vocational and handicapped full time equivalent
29 students.

30 (g) For each nonhigh school district having an enrollment of more
31 than seventy annual average full time equivalent students and less than
32 one hundred eighty students, operating a grades K-8 program or a grades
33 1-8 program, an additional one-half of a certificated instructional
34 staff unit;

35 (h) For each nonhigh school district having an enrollment of more
36 than fifty annual average full time equivalent students and less than
37 one hundred eighty students, operating a grades K-6 program or a grades
38 1-6 program, an additional one-half of a certificated instructional
39 staff unit.

1 (3) Allocations for classified salaries for the 1993-94 and 1994-95
2 school years shall be calculated using formula-generated classified
3 staff units determined as follows:

4 (a) For enrollments generating certificated staff unit allocations
5 under subsection (2) (d) through (h) of this section, one classified
6 staff unit for each three certificated staff units allocated under such
7 subsections.

8 (b) For all other enrollment in grades K-12, including vocational
9 but excluding handicapped full time equivalent enrollments, one
10 classified staff unit for each sixty average annual full time
11 equivalent students.

12 (c) For each nonhigh school district with an enrollment of more
13 than fifty annual average full time equivalent students and less than
14 one hundred eighty students, an additional one-half of a classified
15 staff unit.

16 (4) Fringe benefit allocations shall be calculated at a rate of
17 21.29 percent in the 1993-94 school year and 21.29 percent in the 1994-
18 95 school year of certificated salary allocations provided under
19 subsection (2) of this section, and a rate of 18.73 percent in the
20 1993-94 school year and 18.73 percent in the 1994-95 school year of
21 classified salary allocations provided under subsection (3) of this
22 section.

23 (5) Insurance benefit allocations shall be calculated at the rates
24 specified in section 504 of this act, based on:

25 (a) The number of certificated staff units determined in subsection
26 (2) of this section; and

27 (b) The number of classified staff units determined in subsection
28 (3) of this section multiplied by 1.152. This factor is intended to
29 adjust allocations so that, for the purposes of distributing insurance
30 benefits, full time equivalent classified employees may be calculated
31 on the basis of 1440 hours of work per year, with no individual
32 employee counted as more than one full time equivalent.

33 (6)(a) For nonemployee-related costs associated with each
34 certificated staff unit allocated under subsection (2) (a), (b), and
35 (d) through (h) of this section, there shall be provided a maximum of
36 \$7,251 per certificated staff unit in the 1993-94 school year and a
37 maximum of (~~(\$7,468)~~) \$7,439 per certificated staff unit in the 1994-95
38 school year.

1 (b) For nonemployee-related costs associated with each certificated
2 staff unit allocated under subsection (2)(c) of this section, there
3 shall be provided a maximum of \$13,817 per certificated staff unit in
4 the 1993-94 school year and a maximum of (~~(\$14,231)~~) \$14,176 per
5 certificated staff unit in the 1994-95 school year.

6 (7) Allocations for substitute costs for classroom teachers shall
7 be distributed at a maximum rate of \$341 for the 1993-94 school year
8 and \$341 per year for the 1994-95 school year for allocated classroom
9 teachers. Solely for the purposes of this subsection, allocated
10 classroom teachers shall be equal to the number of certificated
11 instructional staff units allocated under subsection (2) of this
12 section, multiplied by the ratio between the number of actual basic
13 education certificated teachers and the number of actual basic
14 education certificated instructional staff reported state-wide for the
15 1992-93 school year.

16 (8) Any school district board of directors may petition the
17 superintendent of public instruction by submission of a resolution
18 adopted in a public meeting to reduce or delay any portion of its basic
19 education allocation for any school year. The superintendent of public
20 instruction shall approve such reduction or delay if it does not impair
21 the district's financial condition. Any delay shall not be for more
22 than two school years. Any reduction or delay shall have no impact on
23 levy authority pursuant to RCW 84.52.0531 and local effort assistance
24 pursuant to chapter 28A.500 RCW.

25 (9) The superintendent may distribute a maximum of (~~(\$4,945,000)~~)

29 protection district as now or hereafter established pursuant to chapter
30 52.04 RCW, a maximum of \$409,000 may be expended in fiscal year 1994
31 and a maximum of (~~(\$410,000)~~) \$419,000 may be expended in fiscal year
32 1995.

33 (b) For summer vocational programs at skills centers, a maximum of
34 \$1,905,000 may be expended in fiscal year 1994 and a maximum of
35 \$1,924,000 may be expended in fiscal year 1995.

36 (c) A maximum of (~~(\$297,000)~~) \$296,000 may be expended for school
37 district emergencies.

38 (10) The superintendent shall distribute a maximum of \$18,000,000
39 for the purchase of equipment and educational materials to improve the

1 learning of all students through the use of technology. The
2 superintendent shall apportion funds to school districts on a per
3 student basis except that each skill center shall receive \$40,000
4 instead of a per student allocation from participating school
5 districts. The superintendent shall convene the Washington state
6 education technology advisory committee to establish guidelines for
7 purchases by school sites that are consistent with the objectives of
8 education reform and recommendations of the interim report to the
9 legislature on the Washington state technology plan for K-12 common
10 schools. To the extent items are purchased from the appropriation in
11 this subsection, school sites shall follow the guidelines established
12 by the technology advisory committee. The expenditure of funds shall
13 be determined at each school site by building staff, parents, and the
14 community where site-based decision-making has been adopted or, where
15 not adopted, by the building staff including itinerant teachers. No
16 expenditures shall be for indirect or administrative costs. These
17 funds do not fall within the definition of basic education under
18 Article IX of the State Constitution.

19 (11) For the purposes of RCW 84.52.0531, the increase per full time
20 equivalent student in state basic education appropriations provided
21 under this act, including appropriations for salary and benefits
22 increases, is 1.0 percent from the 1992-93 school year to the 1993-94
23 school year, and 1.0 percent from the 1993-94 school year to the
24 1994-95 school year.

25 ~~((11))~~ (12) If two or more school districts consolidate and each
26 district was receiving additional basic education formula staff units
27 pursuant to subsection (2) (b) through (h) of this section, the
28 following shall apply:

29 (a) For three school years following consolidation, the number of
30 basic education formula staff units shall not be less than the number
31 of basic education formula staff units received by the districts in the
32 school year prior to the consolidation; and

33 (b) For the fourth through eighth school years following
34 consolidation, the difference between the basic education formula staff
35 units received by the districts for the school year prior to
36 consolidation and the basic education formula staff units after
37 consolidation pursuant to subsection (2) (a) through (h) of this
38 section shall be reduced in increments of twenty percent per year.
