5 On page 3, after line 32, insert the following:

6 "(8) As retraining becomes a common part of adult work life, it is  
7 important that all vocational education opportunities be used to the  
8 maximum extend possible. Skill centers established to provide  
9 vocational training for high school students are used during the  
10 morning and early afternoon. These facilities are idle during the late  
11 afternoon and evening hours. At the same time, community colleges have  
12 more students applying than they can accommodate. To assure that we  
13 meet the needs of our citizens in seeking training or retraining, al  
14 vocational training facilities should be used to the maximum extent  
15 possible. The superintendent of public instruction and the state board  
16 for community and technical colleges shall jointly develop and adopt  
17 rules governing this program, if such rules are necessary. The rules  
18 shall be written to encourage the maximum use of the program and shall  
19 not narrow or limit the enrollment options in this program."
