5 On page 7, line 7 of the amendment, after "employers." insert "The
6 department shall enter into contracts with community-based private and
7 public employment organizations to provide job development services on
8 behalf of the job opportunities and basic skills program. Each
9 contract shall specify that job development services shall not
10 duplicate existing services provided in the area by the department of
11 social and health services or the employment security department. To
12 the greatest extent feasible, the department of social and health
13 services and the employment security department shall work together in
14 cooperation to provide services to participants in the job
15 opportunities and basic skills program, and shall attempt, within
16 resources, to colocate, and to avoid duplication of services in any
17 geographical area."
