4 On page 135, after line 28, insert the following:

5 "NEW SECTION. **Sec. 706.** A new section is added to chapter
6 43.200 RCW to read as follows:

7 The director of ecology shall require that generators of waste
8 pay a fee for each cubic foot of waste disposed at any facility in
9 the state equal to thirty dollars. The fee shall be imposed
10 specifically on the generator of the waste and shall not be
11 considered to apply in any way to the low-level site operator's
12 disposal activities. The fee on each cubic foot of waste shall be
13 allocated in the following manner: Twenty five dollars placed in
14 the health services account and five dollars placed in the water
15 quality account."

16 Renumber the sections consecutively and correct any internal
17 references accordingly

18 **EFFECT:** Establishes a \$30 per cubic foot fee on low-level
19 radioactive waste estimated to raise \$6 million per biennium
20 to compensate for the loss of revenues in the health services
21 account and the water quality account.
