5 On page 1, beginning on line 5, after "**Sec. 1.**" strike all material  
6 through "short-term." on line 16 and insert "The legislature finds that  
7 it is in the public interest to identify and provide long-term  
8 conservation of those productive natural resource lands that are  
9 critical to and can be managed economically and practically for long-  
10 term commercial production of food, fiber, and minerals. Successful  
11 achievement of the natural resource industries' goal set forth in RCW  
12 36.70A.020 requires the conservation of a land base sufficient in size  
13 and quality to maintain and enhance those industries and the  
14 development and use of land use techniques that discourage uses  
15 incompatible to the management of those designated lands. The 1994  
16 amendments to RCW 36.70A.030 (8) and (10) (section 2 of this act) are  
17 intended to clarify legislative intent regarding the designation of  
18 forest lands and are not intended to require every county that has  
19 already complied with the interim forest land designation requirements  
20 of chapter 36.70A RCW to reconsider its actions."
