Background: In 1971, the Legislature established the Mexican-American Affairs Commission to address the unique and special problems of Mexican-American and Spanish speaking populations. In 1987, the Legislature changed the name of the commission to the Hispanic Affairs Commission, membership was diversified to include Hispanics who are not of Mexican-American origin, and provisions were added to sunset the commission in 1997.

The commission is currently directed to: advise state agencies on actions to be taken to assure that state programs are providing the assistance needed by Hispanics; advise state agencies on the development and implementation of policies, plans, and programs focusing on the special problems and needs of Hispanics; and receive technical

assistance from an interagency advisory council on Hispanic affairs.

The commission includes 11 members of Hispanic origin as follows: (1) two agricultural workers; (2) three Hispanics not of Mexican-American origin; (3) one member from the field of education; (4) one member who is a business, governmental, or public service professional; (5) one trade union official; (6) and three members of the Mexican-American community.

Summary of Bill: Appointments to the Hispanic Affairs Commission will be made to achieve a balanced representation based on population distribution, geographic considerations, sex, age, and occupation. Specific national origin and occupational membership categories are deleted. No member will serve more than two consecutive terms.

The executive director of the commission will be appointed by, and serve at the pleasure of, the governor. The executive director will appoint staff. The commission will make recommendations to the governor on the appointment of the executive director.

The duties of the Hispanic Affairs Commission are expanded to include: making recommendations to the governor and state agencies on needed changes in laws and policies; advising the Legislature; establishing relationships with the private sector and local governments to promote equal opportunity; and receiving and spending gifts, grants, and endowments. The interagency advisory council is repealed.

The sunset date for the commission is changed from 1997 to 2021.

Fiscal Note: Requested March 2, 1993.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: This bill updates the statutory language to make it uniform with the other minority commissions. There is not support for the name change. There is strong support for increasing the commission's powers and duties, and bringing them into parity with the powers and duties of the African-American and Asian-American commissions. The commission should be continued into the 21st century.

Testimony Against: None.

Witnesses: Oscar Cerda (pro); and Ana E. Rojas, Commission on Hispanic Affairs (pro).
