

FINAL BILL REPORT

HB 2320

C 118 L 94
Synopsis as Enacted

Brief Description: Reviewing sewerage or disposal systems.

By Representatives Holm, Horn, Rust and Cothern; by request of
Department of Ecology.

House Committee on Environmental Affairs
Senate Committee on Ecology & Parks

Background: State law requires the Department of Ecology to review plans and specifications relating to the construction or modification of sewage treatment plants. The department administers the Centennial Clean Water Account which, in part, provides local governments with funds to construct municipal sewage systems.

Summary: The Department of Ecology may delegate authority to local governments for the review and approval of engineering reports and other technical documents. The delegation authority applies only to the construction or modification of sewer systems and industrial pretreatment systems.

Votes on Final Passage:

House	93	0
Senate	34	13

Effective Date: June 9, 1994
