Background: In the 1992 session, the Legislature adopted SB 6184, establishing ongoing education guidelines for real estate brokers and salespersons. The legislation also created the nonappropriated real estate education account for the benefit of real estate education programs. Revenues to support this program are raised through fines charged to

real estate licenses and through 25 percent of the interest earnings from the brokers' trust fund account.

The governor partially vetoed SB 6184, removing the nonappropriated real estate education account and directed the Department of Licensing to resubmit legislation in the 1993 session establishing the account with an appropriated status.

Summary of Bill: The appropriated real estate education account is created in the custody of the state treasurer.

Fiscal Note: Available.

Effective Date: The bill contains an emergency clause and takes effect July 1, 1993.
