16 shall distribute annually as provided in RCW 28A.510.250 to each school
17 district of the state operating a program approved by the state board
18 of education an amount which, when combined with an appropriate portion
19 of such locally available revenues, other than receipts from federal
20 forest revenues distributed to school districts pursuant to RCW
21 28A.520.010 and 28A.520.020, as the superintendent of public
22 instruction may deem appropriate for consideration in computing state
23 equalization support, excluding excess property tax levies, will
24 constitute a basic education allocation in dollars for each annual
25 average full time equivalent student enrolled, based upon ((one full
26 school year of one hundred eighty days, except that for kindergartens
27 one full school year shall be one hundred eighty half days of
28 instruction, or the equivalent as)) the total program hour offering
29 provided in RCW 28A.150.220.

30 Basic education shall be considered to be fully funded by those
31 amounts of dollars appropriated by the legislature pursuant to RCW
32 28A.150.250 and 28A.150.260 to fund those program requirements
33 identified in RCW 28A.150.220 in accordance with the formula and ratios
34 provided in RCW 28A.150.260 and those amounts of dollars appropriated
35 by the legislature to fund the salary requirements of RCW 28A.150.100
36 and 28A.150.410.

37 Operation of a program approved by the state board of education,
38 for the purposes of this section, shall include a finding that the

2 three is not greater than the ratio of students per classroom teacher
3 in grades four and above for such district: PROVIDED, That for the
4 purposes of this section, "classroom teacher" shall be defined as an
5 instructional employee possessing at least a provisional certificate,
6 but not necessarily employed as a certificated employee, whose primary
7 duty is the daily educational instruction of students: PROVIDED
8 FURTHER, That the state board of education shall adopt rules and
9 regulations to insure compliance with the student/teacher ratio
10 provisions of this section, and such rules and regulations shall allow
11 for exemptions for those special programs and/or school districts which
12 may be deemed unable to practicably meet the student/teacher ratio
13 requirements of this section by virtue of a small number of students.

14 If a school district's basic education program fails to meet the
15 basic education requirements enumerated in RCW 28A.150.250,
16 28A.150.260, and 28A.150.220, the state board of education shall
17 require the superintendent of public instruction to withhold state
18 funds in whole or in part for the basic education allocation until
19 program compliance is assured: PROVIDED, That the state board of
20 education may waive this requirement in the event of substantial lack
21 of classroom space.

22 **Sec. 4.** RCW 28A.150.260 and 1992 c 141 s 303 are each amended to
23 read as follows:

24 The basic education allocation for each annual average full time
25 equivalent student shall be determined in accordance with the following
26 procedures:

27 (1) The governor shall and the superintendent of public instruction
28 may recommend to the legislature a formula based on a ratio of students
29 to staff for the distribution of a basic education allocation for each
30 annual average full time equivalent student enrolled in a common
31 school. The distribution formula shall have the primary objective of
32 equalizing educational opportunities and shall provide appropriate
33 recognition of the following costs among the various districts within
34 the state:

- 35 (a) Certificated instructional staff and their related costs;
- 36 (b) Certificated administrative staff and their related costs;
- 37 (c) Classified staff and their related costs;
- 38 (d) Nonsalary costs;

1 (e) Extraordinary costs of remote and necessary schools and small
2 high schools, including costs of additional certificated and classified
3 staff; and

4 (f) The attendance of students pursuant to RCW 28A.335.160 and
5 28A.225.250 who do not reside within the servicing school district.

6 (2)(a) This formula for distribution of basic education funds shall
7 be reviewed biennially by the superintendent and governor. The
8 recommended formula shall be subject to approval, amendment or
9 rejection by the legislature. The formula shall be for allocation
10 purposes only. While the legislature intends that the allocations for
11 additional instructional staff be used to increase the ratio of such
12 staff to students, nothing in this section shall require districts to
13 reduce the number of administrative staff below existing levels.

14 (b) The formula adopted by the legislature shall reflect the
15 following ratios at a minimum: (i) Forty-nine certificated
16 instructional staff to one thousand annual average full time equivalent
17 students enrolled in grades kindergarten through three; (ii) forty-six
18 certificated instructional staff to one thousand annual average full
19 time equivalent students in grades four through twelve; (iii) four
20 certificated administrative staff to one thousand annual average full
21 time equivalent students in grades kindergarten through twelve; and
22 (iv) sixteen and sixty-seven one-hundredths classified personnel to one
23 thousand annual average full time equivalent students enrolled in
24 grades kindergarten through twelve.

25 (c) In the event the legislature rejects the distribution formula
26 recommended by the governor, without adopting a new distribution
27 formula, the distribution formula for the previous school year shall
28 remain in effect: PROVIDED, That the distribution formula developed
29 pursuant to this section shall be for state apportionment and
30 equalization purposes only and shall not be construed as mandating
31 specific operational functions of local school districts other than
32 those program requirements identified in RCW 28A.150.220 and
33 28A.150.100. The enrollment of any district shall be the annual
34 average number of full time equivalent students and part time students
35 as provided in RCW 28A.150.350, enrolled on the first school day of
36 each month and shall exclude full time equivalent handicapped students
37 recognized for the purposes of allocation of state funds for programs
38 under RCW 28A.155.010 through 28A.155.100. The definition of full time
39 equivalent student shall be determined by rules and regulations of the

1 superintendent of public instruction: PROVIDED, That the definition
2 shall be included as part of the superintendent's biennial budget
3 request: PROVIDED, FURTHER, That any revision of the present
4 definition shall not take effect until approved by the house
5 appropriations committee and the senate ways and means committee:
6 PROVIDED, FURTHER, That the office of financial management shall make
7 a monthly review of the superintendent's reported full time equivalent
8 students in the common schools in conjunction with RCW 43.62.050.

9 (3)(a) Certificated instructional staff shall include those persons
10 employed by a school district who are nonsupervisory employees within
11 the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases,
12 people of unusual competence but without certification may teach
13 students so long as a certificated person exercises general
14 supervision: PROVIDED, FURTHER, That the hiring of such
15 noncertificated people shall not occur during a labor dispute and such
16 noncertificated people shall not be hired to replace certificated
17 employees during a labor dispute.

18 (b) Certificated administrative staff shall include all those
19 persons who are chief executive officers, chief administrative
20 officers, confidential employees, supervisors, principals, or assistant
21 principals within the meaning of RCW 41.59.020(4).

22 ~~((4) Each annual average full time equivalent certificated
23 classroom teacher's direct classroom contact hours shall average at
24 least twenty five hours per week. Direct classroom contact hours shall
25 be exclusive of time required to be spent for preparation, conferences,
26 or any other nonclassroom instruction duties. Up to two hundred
27 minutes per week may be deducted from the twenty five contact hour
28 requirement, at the discretion of the school district board of
29 directors, to accommodate authorized teacher/parent guardian
30 conferences, recess, passing time between classes, and informal
31 instructional activity. Implementing rules to be adopted by the state
32 board of education pursuant to RCW 28A.150.220(4) shall provide that
33 compliance with the direct contact hour requirement shall be based upon
34 teachers' normally assigned weekly instructional schedules, as assigned
35 by the district administration. Additional record keeping by classroom
36 teachers as a means of accounting for contact hours shall not be
37 required. Waivers from contact hours may be requested under RCW
38 28A.305.140.))~~

1 **Sec. 5.** RCW 28A.150.290 and 1990 c 33 s 111 are each amended to
2 read as follows:

3 (1) The superintendent of public instruction shall have the power
4 and duty to make such rules and regulations as are necessary for the
5 proper administration of this chapter and RCW 28A.160.150 through
6 28A.160.220, 28A.300.170, and 28A.500.010 not inconsistent with the
7 provisions thereof, and in addition to require such reports as may be
8 necessary to carry out his or her duties under this chapter and RCW
9 28A.160.150 through 28A.160.220, 28A.300.170, and 28A.500.010.

10 (2) The superintendent of public instruction shall have the
11 authority to make rules and regulations which establish the terms and
12 conditions for allowing school districts to receive state basic
13 education moneys as provided in RCW 28A.150.250 when said districts are
14 unable to fulfill for one or more schools as officially scheduled the
15 requirement of ~~((a full school year of one hundred eighty days or))~~ the
16 total program hour offering ~~((, teacher contact hour, or course mix and~~
17 ~~percentage))~~ requirements imposed by RCW 28A.150.220 and 28A.150.260
18 due to one or more of the following conditions:

19 (a) An unforeseen natural event, including, but not necessarily
20 limited to, a fire, flood, explosion, storm, earthquake, epidemic, or
21 volcanic eruption that has the direct or indirect effect of rendering
22 one or more school district facilities unsafe, unhealthy, inaccessible,
23 or inoperable; and

24 (b) An unforeseen mechanical failure or an unforeseen action or
25 inaction by one or more persons, including negligence and threats, that
26 (i) is beyond the control of both a school district board of directors
27 and its employees and (ii) has the direct or indirect effect of
28 rendering one or more school district facilities unsafe, unhealthy,
29 inaccessible, or inoperable. Such actions, inactions or mechanical
30 failures may include, but are not necessarily limited to, arson,
31 vandalism, riots, insurrections, bomb threats, bombings, delays in the
32 scheduled completion of construction projects, and the discontinuance
33 or disruption of utilities such as heating, lighting and water:
34 PROVIDED, That an unforeseen action or inaction shall not include any
35 labor dispute between a school district board of directors and any
36 employee of the school district.

37 A condition is foreseeable for the purposes of this subsection to
38 the extent a reasonably prudent person would have anticipated prior to
39 August first of the preceding school year that the condition probably

1 would occur during the ensuing school year because of the occurrence of
2 an event or a circumstance which existed during such preceding school
3 year or a prior school year. A board of directors of a school district
4 is deemed for the purposes of this subsection to have knowledge of
5 events and circumstances which are a matter of common knowledge within
6 the school district and of those events and circumstances which can be
7 discovered upon prudent inquiry or inspection.

8 (3) The superintendent of public instruction shall make every
9 effort to reduce the amount of paperwork required in administration of

11 28A.500.010; to simplify the application, monitoring and evaluation
12 processes used; to eliminate all duplicative requests for information
13 from local school districts; and to make every effort to integrate and
14 standardize information requests for other state education acts and
15 federal aid to education acts administered by the superintendent of
16 public instruction so as to reduce paperwork requirements and
17 duplicative information requests.

16 submitted to the office of the superintendent of public instruction
17 reporting and explaining such circumstances.

18 ~~((4))~~ (3) An approved private school may operate an extension
