

6104

Sponsor(s): Senator Fraser

Brief Description: Revising local government powers with respect to on-site septic system inspection and maintenance programs.

SB 6104 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Expands the authority of local governments to implement and operate a system of sewerage as defined by RCW 35.67.010 and 36.94.010.

Requires a study of the water quality account to develop recommendations for new methods of distributing the funds after the current statutory allocation formula expires.
