2 By Representative Cooke

3 On page 2, line 11, strike "special"

4 On page 2, line 12, after "develop" insert "radically"

5 On page 2, line 12, after "new" strike "or unproven"

6 On page 2, line 13, strike the following "or of limited  
7 application to a selected group of students"

8  
9 **EFFECT:** Adds the term radically as a qualifier for new or  
10 unproven teaching methods or techniques in experimental or pilot  
11 classes and deletes the definitional qualifier of a limited  
12 application to a selected group of students from an experimental  
13 or pilot course or class; deletes the modifier of an unproven  
14 teaching method.
