

1 **SHB 1597 - H AMD 340 FAILED 3/13/95**

2 By Representative Rust

3 On page 9, beginning on line 16, strike all material through
4 "season." on page 16, line 3.

5

6 Renumber the remaining sections consecutively and correct any
7 internal references accordingly.

8

EFFECT: Deletes Sections 8 and 9. These sections change the Department of Fish and Wildlife's authority to issue HPA permits in the following ways: 1) The department may not issue HPA permits outside of the ordinary high water mark; 2) The department may not affect the timing, amount, or method of delivery of surface waters that are diverted by a project; 3) The department is required to approve or deny permits based on two new criteria; 4) The department must grant multi-year permits for certain maintenance projects under certain circumstances; 5) Repairs of existing flood control structures are exempt from the HPA permits if certain conditions are met.
