

1 **HB 2033 - H AMDS 118 ADOPTED 3/8/95**

2 By Representative Rust and Reams

3 On page 3, line 37, strike "and"

4
5 On page 4, line 3, after "conducted" insert "*i*

6 (c) The number of training fires allowed per year without a
7 permit shall be the minimum number necessary to meet federal
8 aviation administration or other federal safety requirements; and

9 (d) Prior to the commencement of the aircraft fire training,
10 the organization conducting training shall notify both the: (i)
11 local fire district or fire department; and (ii) air pollution
12 control authority, department of ecology, or local entity delegated
13 permitting authority under RCW 70.94.654, having jurisdiction
14 within the area where training is to be conducted"

15
16
EFFECT: Adds the two following requirements for an aircraft fire fighting training exercise to be conducted without a permit: (1) the number of training fires is limited to the minimum number necessary to meet federal requirements; and (2) the local fire department and air pollution regulatory authority with jurisdiction in the area are notified of the fires.
