5 On page 2, beginning on line 27, after "imposed" strike all
6 material through "year" on line 29, and insert "for twelve full months
7 from the date of application of the new owner"

8 EFFECT: Technical amendment to eliminate administrative concerns
9 of the Department of Licensing (DOL). Allows the DOL to treat a
10 vehicle formerly issued a foreign organization license plate as
11 "unlicensed," until such time as the vehicle changes ownership.
12 Furthermore, the new owner's registration will be valid for an entire
13 year, rather than requiring renewal of the registration after
14 expiration of the prorated period based upon prior ownership by a
15 foreign organization representative.
