5 On page 2, after line 31, insert the following:

6 "NEW SECTION. Sec. 2. A new section is added to chapter 36.70A
7 RCW to read as follows:

8 Where the county has classified mineral lands pursuant to RCW
9 36.70A.050 and mineral resource lands of long-term commercial
10 significance exist, a county, city, or town shall designate sufficient
11 mineral resource lands in the comprehensive plans to meet the projected
12 twenty-year, county-wide need. Once designated, mineral resource uses,
13 including operations as defined in RCW 78.44.031, shall be established
14 as an allowed use in local development regulations.

15 The county, city, or town shall designate mineral resource
16 deposits, both active and inactive, in economically viable proximity to
17 locations where the deposits are likely to be used.

18 Through its comprehensive plan and development regulations, as
19 defined in RCW 36.70A.030, the county, city, or town shall discourage
20 the siting of incompatible uses adjacent to mineral resource
21 industries, deposits, and holdings.

22 For the purposes of this section, "long-term commercial
23 significance" includes the mineral composition of the land for long-
24 term economically viable commercial production, in consideration with
25 the mineral resource land's proximity to population areas, product
26 markets, and the possibility of more intense uses of the land."

27 Renumber the remaining section consecutively and correct any
28 internal references accordingly.
