

1 **E2SSB 5448** - H AMD TO H AMD (H-3030.1)**836 ADOPTED 4/13/95**

2 By Representatives Sheldon and Chandler

3 On page 8, line 27 of the amendment, after "shall" strike
4 everything down to and including "requirements." on line 35 and
5 insert "not require a certified operator for a system with fewer
6 than one hundred connections unless that system is determined by
7 the department to be in significant noncompliance with monitoring
8 or water quality standards, as defined by the department by rule,
9 or has, or is required to have, water treatment facilities other
10 than simple disinfection."

EFFECT: Requires small water systems to only have a certified operator if they are in significant noncompliance or have water treatment facilities other than simple disinfection.
