

1 **2SSB 5516** - H AMDS TO CL COMM AMD (H-5178.1/96) **386 ADOPTED 2-29-96**  
2 By Representatives Romero and McMorris

3 On page 7, line 10 of the amendment, after "in" insert "the  
4 need for"

5  
6 On page 7, line 18 of the amendment, after "However," strike  
7 all material through "regulation" on line 19 of the amendment and  
8 insert "nothing in this section prohibits an employee from being  
9 terminated for reasons other than the positive test result"

**EFFECT:** Restores language inadvertently deleted from the striking amendment and inadvertently changed from the underlying bill. The corrections clarify (1) the requirement that drug/alcohol testing is to take place when a workplace accident results in the need for medical attention and (2) that termination of employees can occur for reasons other than the positive drug/alcohol test.
