11 Work shall not commence on any task in a subsequent phase of a
12 project until the status report for the preceding key decision point
13 has been approved by the department of information services and the
14 office of financial management.

15 (5) If a project review is requested in accordance with department
16 of information services policies, the reviews shall examine and

13 available for road or street construction traditionally expended by
14 counties and cities on arterials, (3) in the case of counties, the
