
ENGROSSED SUBSTITUTE SENATE BILL 5918

State of Washington

54th Legislature

1995 Regular Session

By Senate Committee on Human Services & Corrections (originally sponsored by Senators Sheldon, Hargrove, Quigley, Prentice, Rasmussen and Kohl)

Read first time 03/01/95.

1 AN ACT Relating to a single system of accountability for the mental
2 health service delivery system; amending RCW 71.24.400, 71.24.405, and
3 71.24.415; reenacting and amending RCW 71.24.025; and declaring an
4 emergency.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 **Sec. 1.** RCW 71.24.400 and 1994 c 259 s 1 are each amended to read
7 as follows:

8 The legislature finds that the current complex set of federal,
9 state, and local rules and regulations, audited and administered at
10 multiple levels (~~of~~), which affect the community mental health
11 service delivery system, focus primarily on the process of providing
12 mental health services and do not sufficiently address consumer and
13 system outcomes. To this extent, the legislature finds that the intent
14 of RCW 71.24.015 related to reduced administrative layering,
15 duplication, and reduced administrative costs need much more aggressive
16 action.

17 **Sec. 2.** RCW 71.24.405 and 1994 c 259 s 2 are each amended to read
18 as follows:

1 The department of social and health services shall establish a
2 single comprehensive and collaborative project within regional support
3 networks and with local mental health service providers aimed at
4 creating innovative and streamlined community mental health service
5 delivery systems, in order to carry out the purposes set forth in RCW
6 71.24.400 and to capture the diversity of the community mental health
7 service delivery system.

8 The project must accomplish the following:

9 (1) Identification, review, and cataloging of all rules,
10 regulations, duplicative administrative and monitoring functions, and
11 other requirements that currently lead to inefficiencies in the
12 community mental health service delivery system and, if possible,
13 eliminate the requirements;

14 (2) The systematic and incremental development of a single system
15 of accountability for all ~~((appropriated funds used to provide))~~
16 federal, state, and local funds provided to the community mental health
17 ~~((services. Assessment must be made regarding the feasibility of also~~
18 ~~including))~~ service delivery system. Systematic efforts should be made
19 to include federal and local funds into the single system of
20 accountability;

21 (3) The elimination of process regulations and related contract and
22 reporting requirements. In place of the regulations and requirements,
23 a set of outcomes for mental health adult and children clients
24 according to chapter 71.24 RCW must be used to measure the performance
25 of mental health service providers and regional support networks. Such
26 outcomes shall focus on stabilizing out-of-home and hospital care,
27 increasing stable community living, increasing age-appropriate
28 activities, achieving family and consumer satisfaction with services,
29 and system efficiencies;

30 (4) Evaluation of the feasibility of contractual agreements between
31 the department of social and health services and regional support
32 networks and mental health service providers that link financial
33 incentives to the success or failure of mental health service providers
34 and regional support networks to meet outcomes established for mental
35 health service clients;

36 (5) The involvement of mental health consumers and their
37 representatives in the pilot projects. Mental health consumers and
38 their representatives will be involved in the development of outcome

1 standards for mental health clients and other related aspects of the
2 pilot projects; and

3 (6) An independent evaluation component to measure the success of
4 the projects.

5 **Sec. 3.** RCW 71.24.415 and 1994 c 259 s 4 are each amended to read
6 as follows:

7 To carry out the purposes specified in RCW 71.24.400, the
8 department of social and health services is encouraged to utilize its
9 authority to immediately eliminate any unnecessary rules, regulations,
10 standards, or contracts, to immediately eliminate duplication of audits
11 or any other unnecessarily duplicated functions, and to seek any
12 waivers of federal or state rules or regulations necessary to achieve
13 the purpose of streamlining the community mental health service
14 delivery system and infusing it with incentives that reward efficiency,
15 positive outcomes for clients, and quality services.

16 **Sec. 4.** RCW 71.24.025 and 1994 sp.s. c 9 s 748 and 1994 c 204 s 1
