34 to defray the expenditures of this program will be increased to fifty
35 percent of the expenditures in fiscal year 1996 and seventy-five
36 percent of the expenditures in fiscal year 1997. Beginning in fiscal
37 year 1998, the legislature intends that this program will be fully
38 self-supporting.

1 (~~(18)~~) (19) \$4,804,000 of the public safety and education account
2 appropriation is provided solely for contracts with qualified legal aid
3 programs for civil indigent legal representation pursuant to RCW
4 43.08.260. It is the intent of the legislature to ensure that legal
5 aid programs receiving funds appropriated in this act pursuant to RCW
6 43.08.260 comply with all applicable restrictions on use of these
7 funds. To this end, during the 1995-97 fiscal biennium the department
8 shall monitor compliance with the authorizing legislation, shall
9 oversee the implementation of this subsection, and shall report
10 directly to the appropriations committee of the house of
11 representatives and the ways and means committee of the senate.

12 (a) It is the intent of the legislature to improve communications
13 between legal aid programs and persons affected by the activities of
14 legal aid programs. There is established for the 1995-97 fiscal
15 biennium a task force on agricultural interests/legal aid relations.
16 The task force shall promote better understanding and cooperation
17 between agricultural interests and legal aid programs and shall provide
18 a forum for discussion of issues of common concern. The task force
19 shall not involve itself in pending litigation.

20 (i) The task force shall consist of the following sixteen members:
21 Four representatives of agricultural organizations, to be appointed by
22 the legislator members; two individuals who represent the corresponding
23 interests of legal clients, to be appointed by organizations designated
24 by the three legal services programs; two representatives of Evergreen
25 Legal Services, to be appointed by its board of directors; one
26 representative each from Puget Sound Legal Assistance Foundation and
27 Spokane Legal Services Center, each to be appointed by its directors;
28 one member from each of the majority and minority caucuses of the house
29 of representatives, to be appointed by the speaker of the house of
30 representatives; one member from each of the majority and minority
31 caucuses of the senate, to be appointed by the president of the senate;
32 and two members of the supreme court-appointed access to justice board,
33 to be appointed by the board. During fiscal year 1996, the task force
34 shall be chaired by a legislative member, to be selected by the task
35 force members. During fiscal year 1997, the committee shall be chaired
36 by a nonlegislator member, to be selected by the task force members.

37 (ii) All costs associated with the meetings shall be borne by the
38 individual task force members or by the organizations that the
39 individuals represent. No task force member shall be eligible for

1 reimbursement of expenses under RCW 43.03.050 or 43.03.060. Nothing in
2 this subsection prevents the legal aid programs from using funds
3 appropriated in this act to reimburse their representatives or the
4 individuals representing legal clients.

5 (iii) The task force will meet at least four times during the first
6 year of the biennium and as frequently as necessary thereafter at
7 mutually agreed upon times and locations. Any member of the task force
8 may place items on meeting agendas. Members present at the first two
9 task force meetings shall agree upon a format for subsequent meetings.

10 (b) The legislature recognizes that farmworkers have the right to
11 receive basic information and to consult with attorneys at farm labor
12 camps without fear of intimidation or retaliation. It is the intent of
13 the legislature and in the interest of the public to ensure the safety
14 of all persons affected by legal aid programs' farm labor camp outreach
15 activities. Legal aid program employees have the legal right to enter
16 the common areas of a labor camp or to request permission of employees
17 to enter their dwellings. Employees living in grower supplied housing
18 have the right to refuse entry to anyone including attorneys unless
19 they have a warrant. Individual employees living in employer supplied
20 housing do not have the right to force legal aid program employees to
21 leave common areas of housing (outside) as long as one person who
22 resides in the associated dwellings wants that person to be there. Any
23 legal aid program employee wishing to visit employees housed on grower
24 property has the right to enter the driveway commonly used by the
25 housing occupants. This means that if agricultural employees must use
26 a grower's personal driveway to get to their housing, legal aid program
27 employees also may use that driveway to access the housing without a
28 warrant so long as at least some of the housing is occupied. When
29 conducting outreach activities that involve entry onto labor camps,
30 legal aid programs shall establish and abide by policies regarding
31 conduct of outreach activities. The policies shall include a
32 requirement that legal aid program employees identify themselves to
33 persons whom they encounter at farm labor camps. The legal aid
34 programs shall provide copies of their current outreach policies to
35 known agricultural organizations and shall provide copies upon request
36 to any owner of property on which farmworkers are housed. Legal aid
37 program employees involved in outreach activities shall attempt to
38 inform operators of licensed farm labor camps or their agents, and
39 known grower organizations of the approximate time frame for outreach

1 activities and shall cooperate with operators of farm labor camps at
2 which farmworkers are housed in assuring compliance with all pertinent
3 laws and ordinances, including those related to trespass and
4 harassment. Employers who believe that Evergreen Legal Services
5 Outreach Guidelines have been violated shall promptly provide all
6 available information on the alleged violation to the director of
7 Evergreen Legal Services and to the chair of the Task Force on
8 Agricultural Interests/Legal Aid Relations. Evergreen Legal Services
9 will promptly investigate any alleged violations of the outreach
10 guidelines and inform the complaining party of the result. If the
11 resolution of the investigation is not satisfactory to the complainant,
12 the matter shall be placed on the Task Force agenda for discussion at
13 the next scheduled meeting. Employers who believe that Evergreen Legal
14 Services staff members have trespassed should immediately contact local
15 law enforcement authorities.

16 (c) It is the intent of the legislature to provide the greatest
17 amount of legal services to the largest number of clients by
18 discouraging inefficient use of state funding for indigent legal
19 representation. To this end, it is the intent of the legislature that,
20 prior to the commencement of litigation against any private employer
21 relating to the terms and conditions of employment legal aid programs
22 receiving funds appropriated in this act make good faith written demand
23 for the requested relief, a good faith offer of settlement or an offer
24 to submit to nonbinding arbitration prior to filing a lawsuit, unless
25 the making of the offer is, in the opinion of the director of the legal
26 services program or his/her designee, clearly prejudicial to: (i) The
27 health, safety, or security of the client; or (ii) the timely
28 availability of judicial relief. The director of the legal aid program
29 may designate not more than two persons for purposes of making the
30 determination of prejudice permitted by this section.

31 (d)(i) The legislature encourages legal aid programs to devote
32 their state and nonstate funding to the basic, daily legal needs of
33 indigent persons. No funds appropriated under this act may be used for
34 legal representation and activities outside the scope of RCW 43.08.260.

35 (ii) No funds appropriated in this act may be used for lobbying as
36 defined in RCW 43.08.260(3). Legal aid programs receiving funds
37 appropriated in this act shall comply with all restrictions on lobbying
38 contained in Federal Legal Services Corporation Act (P.L. 99-951) and
39 regulations promulgated thereunder.

1 (e) No funds appropriated in this act may be used by legal aid
2 programs for representation of undocumented aliens.

3 (f) The legislature recognizes the duty of legal aid programs to
4 preserve inviolate and prevent the disclosure of, in the absence of
5 knowing and voluntary client consent, client information protected by
6 the United States Constitution, the Washington Constitution, the
7 attorney-client privilege, or any applicable attorney rule of
8 professional conduct. However, to the extent permitted by applicable
9 law, legal aid programs receiving funds appropriated in this act shall,
10 upon request, provide information on their activities to the department
11 and to legislators for purposes of monitoring compliance with
12 authorizing legislation and this subsection.

13 (g) Nothing in this subsection is intended to limit the authority
14 of existing entities, including but not limited to the Washington state
15 bar association, the public disclosure commission, and the Federal
16 Legal Services Corporation, to resolve complaints or disputes within
17 their jurisdiction.

18 (20) \$3,050,000 of the general fund--federal appropriation is
19 provided solely to develop and operate housing for low-income
20 farmworkers. The housing assistance program shall implement this
21 initiative in consultation with the department of social and health
22 services, the department of health, and the department of labor and
23 industries.

24 (21) \$719,000 of the general fund--state appropriation is provided
25 solely for energy-related functions transferred by House Bill No. 2009
26 or Senate Bill No. 6451 (state energy office). Of this amount:

28 leave buyout and unemployment payments resulting from the closure of
29 the state energy office;

30 (b) \$44,000 is provided solely for extended insurance benefits for
31 employees separated as a result of Second Substitute Senate Bill No.
32 6451. An eligible employee may receive a state subsidy of \$150 per
33 month toward his or her insurance benefits purchased under the federal
34 consolidated omnibus budget reconciliation act (COBRA) for a period not
35 to exceed one year from the date of separation; and

36 (c) \$296,000 is provided to match oil surcharge funding for energy
37 policy and planning staff and for costs of closing out the financial
38 reporting systems and contract obligations of the state energy office,

1 and to connect the department's wide area network to workstations in
2 the energy office building.

3 (22) \$2,614,000 of the general fund--private/local appropriation is

5 (23) \$1,000,000 of the general fund--state appropriation is
6 provided solely to increase state matching funds for the federal

26 subsection (2) of this section, and a rate of 18.77 percent in the

23 education certificated instructional staff reported state-wide for the
24 1994-95 school year.

25 (8) Any school district board of directors may petition the
26 superintendent of public instruction by submission of a resolution
27 adopted in a public meeting to reduce or delay any portion of its basic
28 education allocation for any school year. The superintendent of public
29 instruction shall approve such reduction or delay if it does not impair
30 the district's financial condition. Any delay shall not be for more
31 than two school years. Any reduction or delay shall have no impact on
32 levy authority pursuant to RCW 84.52.0531 and local effort assistance
33 pursuant to chapter 28A.500 RCW.

34 (9) The superintendent may distribute a maximum of ~~\$(3,122,000))~~

5 1996 and a maximum of \$1,948,000 may be expended in fiscal year 1997;
6 (~~and~~)

7 (c) A maximum of \$309,000 may be expended for school district
8 emergencies; and

9 (d) A maximum of \$250,000 may be expended for fiscal year 1996 and
10 a maximum of \$500,000 may be expended for fiscal year 1997 for programs
11 providing skills training for secondary students who are at risk of
12 academic failure or who have dropped out of school and are enrolled in
13 the extended day school-to-work programs, as approved by the
14 superintendent of public instruction. The funds shall be allocated at
15 a rate not to exceed \$500 per full-time equivalent student enrolled in
16 those programs.

17 (10) For the purposes of RCW 84.52.0531, the increase per full-time
18 equivalent student in state basic education appropriations provided
19 under this act, including appropriations for salary and benefits

21 school year, and (~~1.5~~) 1.3 percent from the 1995-96 school year to
22 the 1996-97 school year.

23 (11) If two or more school districts consolidate and each district
24 was receiving additional basic education formula staff units pursuant
25 to subsection (2)(b) through (h) of this section, the following shall
26 apply:

27 (a) For three school years following consolidation, the number of
28 basic education formula staff units shall not be less than the number
29 of basic education formula staff units received by the districts in the
30 school year prior to the consolidation; and

31 (b) For the fourth through eighth school years following
32 consolidation, the difference between the basic education formula staff
33 units received by the districts for the school year prior to
34 consolidation and the basic education formula staff units after
35 consolidation pursuant to subsection (2)(a) through (h) of this section
36 shall be reduced in increments of twenty percent per year.

22 **Sec. 506.** 1995 2nd sp.s. c 18 s 508 (uncodified) is amended to
23 read as follows:

24 **SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

25 General Fund--State Appropriation (FY 1996) . . . \$	((380,179,000))
26	<u>379,771,000</u>
27 General Fund--State Appropriation (FY 1997) . . . \$	((373,289,000))
28	<u>371,142,000</u>
29 General Fund--Federal Appropriation \$	98,684,000
30 TOTAL APPROPRIATION \$	((852,152,000))
31	<u>849,597,000</u>

32 The appropriations in this section are subject to the following
33 conditions and limitations:

34 (1) The general fund--state appropriation includes such funds as
35 are necessary for the remaining months of the 1994-95 school year.

36 (2) In recognition of the need for increased flexibility at the
37 local district level to facilitate the provision of appropriate
38 education to children ((with disabilities)) in need of special

1 education, and the need for substantive educational reform for a
2 significant portion of the school population, the funding formula for
3 special education is modified. These changes result from a 1994 study
4 and recommendations by the institute for public policy and the
5 legislative budget committee, aided by the office of the superintendent
6 of public instruction and the statewide task force for the development
7 of special education funding alternatives. The new formula is for
8 allocation purposes only and is not intended to prescribe or imply any
9 particular pattern of special education service delivery other than
10 that contained in a properly formulated, locally determined,
11 individualized education program.

12 (3) The superintendent of public instruction shall distribute state
13 funds to school districts based on two categories, the mandatory
14 special education program for special education students ages three to
15 twenty-one and the optional birth through age two program for
16 developmentally delayed infants and toddlers. The superintendent shall
17 review current state eligibility criteria for the fourteen special
18 education categories and consider changes which would reduce assessment
19 time and administrative costs associated with the special education
20 program.

21 (4) For the 1995-96 and 1996-97 school years, the superintendent
22 shall distribute state funds to each district based on the sum of:

23 (a) A district's annual average headcount enrollment of
24 developmentally delayed infants and toddlers ages birth through two,
25 times the district's average basic education allocation per full-time
26 equivalent student, times 1.15; and

27 (b) A district's annual average full-time equivalent basic
28 education enrollment times the enrollment percent, times the district's
29 average basic education allocation per full-time equivalent student
30 times 0.9309.

31 (5) The definitions in this subsection apply throughout this
32 section.

33 (a) "Average basic education allocation per full-time equivalent
34 student" for a district shall be based on the staffing ratios required
35 by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in
36 grades K-3, and 46/1000 in grades 4-12), and shall not include
37 enhancements for K-3, secondary vocational education, or small schools.

38 (b) "Annual average full-time equivalent basic education
39 enrollment" means the resident enrollment including students enrolled

1 through choice (RCW 28A.225.225) and students from nonhigh districts
2 (RCW 28A.225.210) and excluding students residing in another district
3 enrolled as part of an interdistrict cooperative program (RCW
4 28A.225.250).

5 (c) "Enrollment percent" shall mean the district's resident special
6 education annual average enrollment including those students counted
7 under the special education demonstration projects, excluding the birth
8 through age two enrollment, as a percent of the district's annual
9 average full-time equivalent basic education enrollment. For the 1995-
10 96 and the 1996-97 school years, each district's enrollment percent
11 shall be:

12 (i) For districts whose enrollment percent for 1994-95 was at or
13 below 12.7 percent, the lesser of the district's actual enrollment
14 percent for the school year for which the allocation is being
15 determined or 12.7 percent.

16 (ii) For districts whose enrollment percent for 1994-95 was above
17 12.7 percent, the lesser of:

18 (A) The district's actual enrollment percent for the school year
19 for which the special education allocation is being determined; or

20 (B) The district's actual enrollment percent for the school year
21 immediately prior to the school year for which the special education
22 allocation is being determined; or

23 (C) For 1995-96, the 1994-95 enrollment percent reduced by 25
24 percent of the difference between the district's 1994-95 enrollment
25 percent and 12.7. For 1996-97, the 1994-95 enrollment percent reduced
26 by 50 percent of the difference between the district's 1994-95
27 enrollment percent and 12.7.

28 (6) For interdistrict cooperatives of at least 15 districts in
29 which all excess cost services for special education students of the
30 districts are provided by the cooperative, the maximum enrollment
31 percent shall be 12.7, and shall be calculated in the aggregate rather
32 than individual district units. For purposes of subsection (5) of this
33 section, the average basic education allocation per full-time
34 equivalent student shall be calculated in the aggregate rather than
35 individual district units.

36 ~~((6))~~ (7) A minimum of \$4.5 million of the general fund--federal
37 appropriation shall be expended for safety net funding to meet the
38 extraordinary needs of individual special education students.

1 (~~(7)~~) (8) From the general fund--state appropriation, \$14,600,000
2 is provided for the 1995-96 school year, and \$19,575,000 for the 1996-
3 97 school year, for safety net purposes for districts with demonstrable
4 funding needs for special education beyond the combined amounts
5 provided in subsection (4) of this section. The superintendent of
6 public instruction shall, by rule, establish procedures and standards
7 for allocation of safety net funds. In the 1995-96 school year, school
8 districts shall submit their requests for safety net funds to the
9 appropriate regional committee established by the superintendent of
10 public instruction. Regional committees shall make recommendations to
11 the state oversight committee for approval. For the 1996-97 school
12 year, requests for safety net funds under this subsection shall be
13 submitted to the state oversight committee. The following conditions
14 and limitations shall be applicable to school districts requesting
15 safety net funds:

16 (a) For a school district requesting state safety net funds due to
17 special characteristics of the district and costs of providing services
18 which differ significantly from the assumptions contained in the
19 funding formula, the procedures and standards shall permit relief only
20 if a district can demonstrate at a minimum that:

21 (i) Individualized education plans are appropriate and are properly
22 and efficiently prepared and formulated;

23 (ii) The district is making a reasonable effort to provide
24 appropriate program services for special education students utilizing
25 state funds generated by the apportionment and special education
26 funding formulas;

27 (iii) The district's programs are operated in a reasonably
28 efficient manner and that the district has adopted a plan of action to
29 contain or eliminate any unnecessary, duplicative, or inefficient
30 practices;

31 (iv) Indirect costs charged to this program do not exceed the
32 allowable percent for the federal special education program;

33 (v) Any available federal funds are insufficient to address the
34 additional needs; and

35 (vi) The costs of any supplemental contracts are not charged to
36 this program for purposes of making these determinations.

37 (b) For districts requesting safety net funds due to federal
38 maintenance of effort requirements as a result of changes in the state

1 special education funding formula, the procedures and standards shall
2 permit relief only if a district can demonstrate at a minimum that:

3 (i) Individualized education plans are appropriate and are properly
4 and efficiently prepared and formulated; and

5 (ii) The district is making a reasonable effort to provide
6 appropriate program services for special education students utilizing
7 state funds generated by the apportionment and special education
8 funding formulas(~~(; and~~

9 ~~(iii) Calculations made in accordance with subsection (8) of this~~
10 ~~section with respect to state fund allocations justify a need for~~
11 ~~additional funds for compliance with federal maintenance of effort~~
12 ~~requirements)).~~

13 (c) For districts requesting safety net funds due to federal
14 maintenance of effort requirements as a result of changes in the state
15 special education funding formula, amounts provided for this purpose
16 shall be calculated by the superintendent of public instruction and
17 adjusted periodically based on the most current information available
18 to the superintendent. The amount provided shall not exceed the lesser
19 of:

20 (i) The district's 1994-95 state excess cost allocation for
21 resident special education students minus the relevant school year's
22 state special education formula allocation;

23 (ii) The district's 1994-95 state excess cost allocation per
24 resident special education student multiplied by the number of formula
25 funded special education students for the relevant school year minus
26 the relevant school year's special education formula allocation;

27 (iii) The amount requested by the district; or

28 (iv) The amount awarded by the state oversight committee.

29 ~~((+8))~~ (9)(a) For purposes of making safety net determinations
30 pursuant to subsection ~~((+7))~~ (8) of this section, the superintendent
31 shall make available to each school district, from available data,
32 prior to June 1st of each year:

33 (i) The district's 1994-95 enrollment percent;

34 (ii) For districts with a 1994-95 enrollment percent over 12.7
35 percent, the maximum 1995-96 enrollment percent, and prior to 1996-97
36 the maximum 1996-97 enrollment percent;

37 (iii) The estimate to be used for purposes of subsection ~~((+7))~~
38 (8) of this section of each district's 1994-95 special education

1 allocation showing the excess cost and the basic education portions;
2 and

3 (iv) If necessary, a process for each district to estimate the
4 1995-96 school year excess cost allocation for special education and
5 the portion of the basic education allocation formerly included in the
6 special education allocation. This process may utilize the allocations
7 generated pursuant to subsection (4) of this section, each district's
8 1994-95 estimated basic education backout percent for the 1994-95
9 school year, and state compensation increases for 1995-96.

10 (b) The superintendent, in consultation with the state auditor,
11 shall take all necessary steps to successfully transition to the new
12 formula and minimize paperwork at the district level associated with
13 federal maintenance of effort calculations. The superintendent shall
14 develop such rules and procedures as are necessary to implement this
15 process (~~for the 1995-96 school year, and may use the same process for~~
16 ~~the 1996-97 school year if found necessary for federal maintenance of~~
17 ~~effort calculations~~)).

18 (~~(9)~~) (10) Prior to adopting any standards, procedures, or
19 processes required to implement this section, the superintendent shall
20 consult with the office of financial management and the fiscal
21 committees of the legislature.

22 (~~(10)~~) (11) Membership of the regional committees, in the 1995-96
23 school year, may include, but not be limited to:

- 24 (a) A representative of the superintendent of public instruction;
25 (b) One or more representatives from school districts including
26 board members, superintendents, special education directors, and
27 business managers; and
28 (c) One or more staff from an educational service district.

29 (~~(11)~~) (12) The state oversight committee appointed by the
30 superintendent of public instruction shall consist of:

32 (b) Staff of the office of the state auditor;
33 (c) Staff from the office of the financial management; and
34 (d) One or more representatives from school districts or
35 educational service districts knowledgeable of special education
36 programs and funding.

37 (~~(12)~~) (13) The institute for public policy, in cooperation with
38 the superintendent of public instruction, the office of financial
39 management, and the fiscal committees of the legislature, shall

1 evaluate the operation of the safety nets under subsections (~~((6))~~) (7)
2 and (~~((7))~~) (8) of this section and shall prepare an interim report by
3 December 15, 1995, and a final report on the first school year of
4 operation by October 15, 1996.

5 (~~((13))~~) (14) A maximum of \$678,000 may be expended from the
6 general fund--state appropriation to fund 5.43 full-time equivalent
7 teachers and 2.1 full-time equivalent aides at Children's orthopedic
8 hospital and medical center. This amount is in lieu of money provided
9 through the home and hospital allocation and the special education
10 program.

11 (~~((14))~~) (15) \$1,000,000 of the general fund--federal appropriation
12 is provided solely for projects to provide special education students
13 with appropriate job and independent living skills, including work

15 out of the public school system. The funds provided by this subsection
16 shall be from federal discretionary grants.

17 (~~((15))~~) (16) Not more than \$80,000 of the general fund--federal

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 603 through 609 of this act.

(2) Operating resources that are not used to meet authorized salary increases and other mandated expenses shall be invested in measures that (a) reduce the time-to-degree, (b) provide additional access to postsecondary education, (c) improve the quality of undergraduate education, (d) provide improved access to courses and programs that meet core program requirements and are consistent with needs of the state labor market, (e) provide up-to-date equipment and facilities for training in current technologies, (f) expand the integration between the K-12 and postsecondary systems and among the higher education institutions, (g) provide additional access to postsecondary education for place-bound and remote students, and (h) improve teaching and research capability through the funding of distinguished professors.

The legislature finds that a focus on educational outcomes provides the most effective means of addressing those demands. Therefore, the institutions shall use a portion of the funds provided in sections 603 through 609 of this act for learning productivity improvements to implement the institutional recommendations to shorten the time-to-degree and improve graduation rates as submitted to the higher education coordinating board in accordance with RCW 28B.10.692. By February 28, 1997, the institutions

2 graduation rates and the time-to-degree or time-to-certification.

3 To reduce the time it takes students to graduate, the institutions
4 shall establish policies and reallocate resources as necessary to
5 increase the number of undergraduate degrees granted per full-time
6 equivalent instructional faculty.

7 (3) The salary increases provided or referenced in this subsection
8 shall be the maximum allowable salary increases provided at
9 institutions of higher education, excluding increases associated with
10 normally occurring promotions and increases related to faculty and
11 professional staff retention, and excluding increases associated with
12 employees under the jurisdiction of chapter 41.56 RCW pursuant to the
13 provisions of RCW 28B.16.015.

14 (a) No more than \$300,000 of the appropriations provided in
15 sections 602 through 608 of this act may be expended for purposes
16 designated in section 911 of this act.

17 (b) Each institution of higher education shall provide to each

26 under the jurisdiction of chapter 41.56 RCW pursuant to the provisions
27 of RCW 28B.16.015, distribution of the salary increases will be in
28 accordance with the applicable collective bargaining agreement.
29 However, an increase shall not be provided to any classified employee
30 whose salary is above the approved salary range maximum for the class
31 to which the employee's position is allocated.

32 (c) Funds under section 717 of this act are in addition to any

30 The appropriations in this section are subject to the following
31 conditions and limitations:

32 (1)(a) The monthly contribution for insurance benefit premiums
33 shall not exceed \$308.14 per eligible employee for fiscal year 1996,
34 and \$308.96 for fiscal year 1997.

35 (b) The monthly contributions for the margin in the self-insured
36 medical and dental plans and for the operating costs of the health care
37 authority shall not exceed \$5.81 per eligible employee for fiscal year
38 1996, and \$5.55 for fiscal year 1997.

1 (c) Surplus moneys accruing to the public employees' and retirees'
2 insurance account due to lower-than-projected insurance costs or due to
3 employee waivers of coverage may not be reallocated by the health care
4 authority to increase the actuarial value of public employee insurance
5 plans, except as provided in (d) of this subsection. Such funds shall
6 be held in reserve in the public employees' and retirees' insurance
7 account and may not be expended without subsequent legislative
8 authorization.

9 (d) In order to achieve the level of funding provided for health
10 benefits, the public employees' benefits board may require employee
11 premium co-payments, increase point-of-service cost sharing, and/or
12 implement managed competition. Beginning July 1, 1996:

13 (i) The nine plans that, on a state-wide basis, are the lowest-cost
14 shall be offered by the public employees' benefits board at no cost to
15 eligible employees, their children, and their spouses.

16 (ii) In those areas of the state without access to any of the nine
17 lowest-cost plans, the public employees' benefits board shall offer at
18 least one plan at no cost to eligible employees, their children, and
19 their spouses. The plans offered at no cost shall be plans for which
20 the charge during fiscal year 1996 did not exceed \$20 for an employee,
21 spouse, and children.

22 It is the intention of the legislature to require in the 1997-99
23 omnibus appropriations act the public employees' benefits board to make
24 available a free plan to every eligible employee, child, and spouse.

25 (2) To facilitate the transfer of moneys from dedicated funds and
26 accounts, the state treasurer is directed to transfer sufficient moneys
27 from each dedicated fund or account to the special fund salary and
28 insurance contribution increase revolving fund in accordance with
29 schedules provided by the office of financial management.

30 (3) The health care authority, subject to the approval of the
31 public employees' benefits board, shall provide subsidies for health
32 benefit premiums to eligible retired or disabled public employees and
33 school district employees who are eligible for parts A and B of
34 medicare, pursuant to RCW 41.05.085. From July 1, 1995, through
35 December 31, 1995, the subsidy shall be \$34.20 per month. From January

6 1, 1995, and \$14.80 per month beginning September 1, 1996;

7 (b) For each part-time employee who, at the time of the remittance,
8 is employed in an eligible position as defined in RCW 41.32.010 or
9 41.40.010 and is eligible for employer fringe benefit contributions for
10 basic benefits, \$14.79 each month beginning October 1, 1995, and \$14.80
11 each month beginning September 1, 1996, prorated by the proportion of
12 employer fringe benefit contributions for a full-time employee that the
13 part-time employee receives.

14 The remittance requirements specified in this subsection shall not
15 apply to employees of a technical college, school district, or
16 educational service district who purchase insurance benefits through
17 contracts with the health care authority.

18 (5) The salary and insurance increase revolving account
19 appropriation includes funds sufficient to fund health benefits for
20 ferry workers at the premium levels specified in subsection (1) of this
21 section, consistent with the 1995-97 transportation appropriations act.

22 (6) Rates charged to school districts voluntarily purchasing
23 employee benefits through the health care authority shall be equivalent

27 to school districts for up to 10,000 new subscribers by applying
28 surplus funds accumulated in the public employees' and retirees'
29 insurance account. Rates may be reduced up to a maximum of \$10.93 per
30 subscriber per month in fiscal year 1996 and a maximum of \$7.36 per
31 subscriber per month in fiscal year 1997; and

32 (b) For employees who first begin receiving benefits through the
33 health care authority after September 1, 1995, districts shall remit
34 the additional costs of health care authority administration resulting
35 from their enrollment. The additional health care authority
36 administration costs shall not exceed \$.30 per month per subscriber.
