28 city's or town's population prior to the annexation or one hundred-
29 and insert two percent of the city's or town's population prior to
30 the annexation or fifty-

EFFECT: Expands the situations when a potential voter referendum is allowed on a proposal to annex under the direct property owner petition method of annexation. Such a voter referendum is allowed if the population of the area proposed to be annexed is at least two percent of city's population or 50 persons, whichever is greater, rather than five percent of the city's population or 100 persons, whichever is greater.
