2 By Committee on Transportation Policy & Budget

3 On page 3, line 21, after "purposes", insert the following:

4 "(a) A driver training school may have branch classrooms as long as
5 the school has an established place of business in this state.

6 (i) The branch classroom may be in a location that is used for
7 other educational purposes and need not be regularly occupied or used
8 only for driver education. If a driver training school commences a
9 course at a branch classroom, the school may not change branch
10 classroom locations until all the classes scheduled as part of the
11 course have been held. The only exception is when the branch classroom
12 becomes unusable to the driver training school.

13 (ii) The records of the driver training school need not be
14 maintained at the branch classroom. However, the driver training
15 school must segregate the records for the branch classroom from the
16 records for other classrooms used by the school and keep the records at
17 an established place of business in this state.

18 (b)"
