6 following:

7 NEW SECTION. **Sec. 1.** The legislature finds that increased
8 communications between local law enforcement officers and the state
9 department of corrections' community corrections officers improves
10 public safety through shared monitoring and supervision of offenders
11 living in the community under the jurisdiction of the department of
12 corrections.

13 Participating local law enforcement agencies and the local offices
14 of the department of corrections have implemented the supervision
15 management and recidivist tracking program, whereby each entity
16 provides mutual assistance in supervising offenders living within the
17 boundaries of local law enforcement agencies. The supervision
18 management and recidivist tracking program has helped local law
19 enforcement solve crimes faster or prevented future criminal activity
20 by reporting offender's sentence violations in a more timely manner to
21 community corrections officers by rapid and comprehensive electronic
22 sharing of information regarding supervised offenders. The expansion
23 of the supervision management and recidivist tracking program will
24 improve public safety throughout the state.

25 NEW SECTION. **Sec. 2.** A new section is added to chapter 43.10 RCW
26 to read as follows:

27 (1) There is created, as a component of the homicide investigative
28 tracking system, a supervision management and recidivist tracking
29 system called the SMART system. The office of the attorney general may
30 contract with any state, local, or private agency necessary for
31 implementation of and training for supervision management and
32 recidivist tracking program partnerships for development and operation
33 of a state-wide computer linkage between the attorney general's
34 homicide investigative tracking system, local police departments, and
35 the state department of corrections. Dormant information in the

1 supervision management and recidivist tracking system shall be
2 automatically archived after seven years. The department of
3 corrections shall notify the attorney general when each person is no
4 longer under its supervision.

5 (2) As used in this section, unless the context requires otherwise:

6 (a) "Dormant" means there have been no inquiries by the department
7 of corrections or law enforcement with regard to an active supervision
8 case or an active criminal investigation in the past seven years.

9 (b) "Archived" means information which is not in the active data
10 base and can only be retrieved for use in an active criminal
11 investigation.

12 NEW SECTION. **Sec. 3.** The homicide investigative tracking system
13 and the supervision management and recidivist tracking system are tools
14 for the administration of criminal justice and these systems may not be
15 used for any other purpose."
