### HOUSE COMMITTEE ON FINANCE

**Majority Report:** The substitute bill be substituted therefor and the substitute bill do pass. Signed by 14 members: Representatives B. Thomas, Chairman; Carrell, Vice Chairman; Mulliken, Vice Chairman; Dunshee, Ranking Minority Member; Dickerson, Assistant Ranking Minority Member; Boldt; Butler; Conway; Mason; Morris; Pennington; Schoesler; Thompson and Van Luven.

**Staff:** Linda Brooks (786-7153).

**Background:** Washington's major business tax is the Business and Occupation (B&O) tax. This tax is imposed on the gross receipts of business activities conducted within the state.

A small business credit is provided for the B&O tax. The maximum amount of credit is \$420 per year. The \$420 credit offsets any tax liability of \$420 per month or less. The credit is phased out dollar-for-dollar by the amount the B&O tax liability exceeds \$420. If the tax liability is more than \$420 and less than \$840, the credit is equal to \$840 minus the initial tax liability. For example, if the initial liability is \$600, the credit is \$240 (\$840 minus \$600) and the net tax due is \$360 (\$600 minus \$240). If tax liability exceeds \$840 (twice the maximum credit), the credit is zero and the full amount of the tax is due.

All taxpayers are eligible to use this credit to reduce their B&O taxes. However, since the credit phases out at higher gross income amounts, only the smallest firms see a tax reduction.

**Summary of Bill:** The Department of Revenue may prepare a ranged table using standard increments of no more than \$10 for use by taxpayers in taking the small business B&O tax credit. The table will cross reference tax liabilities with tax credits. For example, if the taxpayer has a tax liability of \$600, the table shows that the taxpayer may claim a tax credit of \$240. If the department prepares a table, all taxpayers are required to use the table to determine their credit amounts.

No taxpayer will owe a greater amount of tax as a result of the B&O tax credit table.
