

HOUSE BILL REPORT

ESHB 1619

As Passed House

March 18, 1997

Title: An act relating to compensation for members of medical boards.

Brief Description: Increasing compensation for members of medical boards.

Sponsors: By House Committee on Health Care (originally sponsored by Representatives Zellinsky, Dyer, Cody, Skinner, Parlette, Sherstad and Clements).

Brief History:

Committee Activity:

Health Care: 2/11/97, 2/21/97 [DPS].

Floor Activity:

Passed House: 3/18/97, 98-0.

HOUSE COMMITTEE ON HEALTH CARE

Majority Report: The substitute bill be substituted therefor and the substitute bill do pass. Signed by 10 members: Representatives Dyer, Chairman; Backlund, Vice Chairman; Skinner, Vice Chairman; Cody, Ranking Minority Member; Murray, Assistant Ranking Minority Member; Anderson; Conway; Sherstad; Wood and Zellinsky.

Staff: John Welsh (786-7133).

Background: The law fixes the rates of compensation for appointees of four groups of committees, according to their level of responsibilities. Class 1 boards are advisory in nature, whose members receive no compensation. Class 2 boards are agricultural commodity commissions, whose members receive up to \$35 per day. Class 3 boards have full-authority regulatory or licensing functions, whose members receive up to \$50 per day. Class 4 boards have duties deemed by the Legislature to be of overriding sensitivity and importance, whose members receive up to \$100 per day. Administrative costs of the commission and board are borne by license fees.

Summary of Bill: A new group is created for compensating members of the health care commissions having quasi-judicial functions with responsibilities for policy direction in health professional credentialing programs, and performing regulatory and licensing functions. Members of these commissions may receive compensation of up to \$250 per day for each day spent in performing authorized duties.

Currently, there are four full-authority commissions governing the practices of medicine, dentistry, nursing and chiropractic, respectively.

Appropriation: None.

Fiscal Note: Available.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: Compensation of members of full-authority commissions should realistically reflect their costs and lost income for serving as members. This would encourage the appointment of more than retired or semi-retired members.

Testimony Against: Compensation of board members must be done in accordance with a rational comprehensive statewide scheme.

Testified: Ron Weaver, Department of Health (con); Carl Nelson, Washington State Medical Association (pro); and Jeff Larsen, Washington Osteopathic Medical Association (con).
