Water-sewer district commissioners are paid per diem compensation at a rate of \$50 per day, or portion thereof, devoted to the business of the district, not to exceed \$4,800 per year. Any commissioner may waive this compensation.

Port district commissioners are paid per diem compensation at a rate of \$50 per day, or portion thereof, for actually attending board meetings and performing other services on behalf of the district, not to exceed \$4,800 per year if the port district had

a gross operating income of \$25 million in the preceding calendar year or not to exceed \$6,000 per year if the port district had a gross operating income of \$25 million or more in the preceding calendar year. In addition, port district commissioners receive a salary of \$500 per month if the port district had a gross operating income of \$25 million or more in the preceding calendar year, or \$200 per month, if the port district had a gross operating income of from \$1 million to less than \$25 million in the preceding calendar year. In lieu of this compensation, a port commission may set compensation to be paid to commissioners. Any commissioner may waive this compensation.

Public transit benefit areas are local governments authorized to provide transit.
