Background: Initiative 276 was approved by voters in 1972. Among other requirements, Initiative 276 requires various reports of campaign expenditures to be filed with the Public Disclosure Commission (PDC) and county auditors.

Each candidate and political committee is required to file a report on its contributions received, and expenditures made, since filing the last report at the following intervals: (1) On day 21 and the seventh day immediately preceding the election; (2) on day 10 of the first month after the election; and (3) on day 10 of each month in which no other reports are required to be filed.

Each person who makes an independent expenditure of \$100 or more during the same election campaign in support of or opposition to a candidate or ballot proposition, who does not otherwise have to file a report as a candidate or political committee, must file a report of the independent expenditure at the following intervals: (1) On day 21 and the seventh day immediately preceding the election; (2) on day 10 of the first month after

the election; and (3) on day 10 of each month in which no other reports are required to be filed.

Summary of Substitute Bill:

1. New special reports on independent expenditures of \$1,000 or more.

A person must file a special report with the PDC who makes an independent expenditure within 21 days of an election that totals \$1,000 or more to support a candidate or oppose a candidate's opponent, or to support or oppose a ballot proposition. The special report must be filed within 24 hours or on the first working day after the political advertising is published or otherwise presented to the public. Filing may be by facsimile or other electronic means, guaranteed overnight delivery, or by personal delivery.

Once a person is required to file such a special report, an additional special report must be filed for each subsequent independent expenditure of any size is made.

2. Declarations on various reports.

A person who files any independent expenditure report, or a report as a candidate or political committee, must also file an affidavit or declaration that an independent expenditure was not made in cooperation, consultation, or concert with, or at the request or suggestion of the candidate.

Substitute Bill Compared to Original Bill: The declaration does not have to be notarized.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date of Substitute Bill: Ninety days after adjournment of session in which bill is passed.
