Background: Currently, rental cars are exempt from the motor vehicle excise tax (MVET). In addition to the state's retail sales tax, an additional tax on each retail car rental must be assessed. Revenue generated by this additional tax shall be distributed in the same manner as MVET revenue.

Summary of Bill: Rental car companies must alter the year and the month tabs to render the plate void of any designation of year and month. When retail sale of the vehicle occurs, the MVET is assessed for a full 12 months.

DOL must convene a study group which includes representatives from the Department of Revenue, the rental car industry, and the franchised vehicle dealers' industry. The study group must assess the impact on tax revenues imposed by the rental car sales tax and the rental car exemption. The group must also assess whether the tax currently set on rental car transactions provides revenue neutrality.

The study group must report its findings and recommendations to the transportation committees of the House of Representatives and the Senate by December 31, 1998.
